NEW PACKING PLANT BUILT

Swift's New Plant on Peninsular Near Portland, Will Start in Operation on March 14— 500 to Be Employed.

PORTLAND, Or., Feb. 24.—The new packing plant of the Swift interests on the Peninsula is expected to start operation on March 14. Because of the magnitude of the work embraced in the Swift plans, there has been a delay in the original project of nearly a year in getting ready for packing, but the plant is now practically complete. The opening of the plant means that 500 people will be employed at the start with the probability that the number will be at least doubled within the coming year. It will furnish a big livestock market for the farmers and stock raisers of the Pacific Northwest and other packing plants and factories for the utilizing side products of the packing house will be established.

Work on what will be the tallest building in the state, if not the tallest in the Pacific Northwest, will be begun March 16, when construction of the new Yeon building will start. The structure will be built at the corner of Fifth and Alder streets and will be fifteen stories in height. Like the new skyscrapers now going up in Portland it would be a credit to any city in the country.

Passenger service on 25 miles of completed road at the west end of the Southern Pacific's Tillamook extension will be begun. It is expected, on April 1. Trains will be run to Tillamook from Vossburg, giving service to Bay City, Hobsonville and other intermediate points. Meanwhile work is steadily going on across the Coast mountains and by next fall it is expected that trains will be run through from Portland to Tillamook Bay.

Oregon will be given another congressman, and possibly two, it is believed, after the coming census is taken. According to the basis of representation expected to be fixed by the new census, one congressman will be allowed for every 224,000 of population. The basis at present is one representative for every 192,182 of population. It is expected that the coming census will show a population of the state of 800,000. This would give three congressmen and if the hopes of some are realized and the state is found to have 1,000,000, then four congressmen will be allowed.

Washington's birthday was celebrated in Portland by the planting of rose bushes in the parks and public squares of the city with appropriate exercises. Thousands of bushes were set out throughout the city and new plants will be bloomed in time for the annual Rose Festival in June. City and State officials, together with representatives from foreign nations that contributed their roses for the affair participated in the rose planting exercises. This has become an annual event in Portland and the custom is growing in favor each year. The planting of roses at a time when many other sections of the country are wrapped up in snow is also another splendid advertisement of Oregon's climate.

Advertisements are being placed by the Portland Commercial club in the leading Swedish and Norwegian-Danish papers of the country, calling attention to the many opportunities here for industrious people who seek homes in the country districts. A large inquiry is coming to the Portland office from Scandinavians all over the country and letters are answered by special correspondent, who understands the language. This is but one phase of the Commercial Club's work but it is bringing inquiries. The people are thrifty and industrious and settlers of this kind will help develop the vacant lands of the state.

EUGENE CLOSED SUNDAY; CITIZENS TO SPRINGFIELD

EUGENE, Or., Feb. 24.—The attempt to close all places of amusement in Springfield on Sunday failed, and while Eugene will be closed hereafter on Sunday, Springfield's cigar stores, bowling alleys, billiard rooms and electric theaters will be running. As the cities are only three miles apart and connected by an electric railway, it is predicted that many Eugene citizens will make regular trips to Springfield to spend Sunday.

The council of Springfield prepar-

ed an ordinance similar to the one passed in Eugene, but a lengthy remonstrance, said to have been signed by the majority of Springfield residents, was presented and the ordinance was tabled indefinitely.
