**R. V. Beall of Central Point was in Medford Wednesday. Uncle Vint states that his land is steadily rising in price. "I never looked to a city like Medford built in a chapparel patch, when I first came to the valley. At that time it was a waving field of grass as high as a horse's back and the grandest valley I ever saw. It has lost none of its grandeur, but with the way prices of land are growing I am afraid I can't hold out much longer. When some fellow comes along and offers me \$1500 an acre for mine it's going to make me study awhile."**

**With time Medford spirit give the cause of church music a boost by attending the sacred cantata tonight at the First Methodist church.**

**To provide ample funds for purchase of music suitable for a choir that is doing things, is the object of the Methodist choir in giving Gault's "Holy City" tonight at the First M. E. church.**

It is a pleasure to watch the toast become crisp and brown, and then remove it from the G. E. Radiant Toaster at the precise moment it is done.

**The General Electric Radiant Toaster**

produces crisp, delicious toast, on the dining room table. It makes toast by radiant heat—the correct way. The center of the bread becomes heated before the outside is browned over, thus allowing the necessary chemical changes to take place, without which toast is soggy in the middle and hard on the outside.

The General Electric Radiant Toaster lightens breakfast tasks and quickly pays for itself by saving time and bread. Come and see a demonstration of this electrical convenience.
