**PROF. O'GARA WILL LECTURE H.S. STUDENTS**

**Expert Pathologist Will Tell High School Students About Plant and Fruit Diseases, With Illustrations.**

Professor P. J. O'Gara will deliver a lecture on plant and fruit diseases at the high school auditorium Friday evening, which will be illustrated by stereopticon views of the various phases of the different diseases.

While primarily this lecture is for the benefit of the high school students, the public is cordially invited to attend.

Professor O'Gara's lectures on pathological subjects are always worth hearing and full of information.

**MAY YOHE SEEKING DIVORCE FROM STRONG**

**Former Wife of Lord Hope, Who Eloped With Army Captain, Files Suit for Separation.**

PORTLAND, Ore., March 9.—May Yohe, former wife of Lord Francis Hope, has filed suit for divorce against Captain Putnam Bradlee Strong, son of Ex-Mayor Strong of New York. The complaint was filed at Oregon City yesterday and alleges that she married Strong at Buenos Ayres, October 3, 1902, and that she was deserted by him in New York City, November 27, 1905.

Mrs. Strong came to Portland last Friday and registered at the Portland hotel as Mrs. Franklin. She refused to discuss her divorce suit today, saying that she had been living quietly here and desired to avoid all notoriety.

The career of May Yohe has attracted world-wide attention. She first gained prominence as a music hall singer in London, where she married Lord Francis Hope, a scion of a noble family. Sensational escapades marked life with her titled husband and she finally left him and went to the Orient. At Hong Kong she met Major Strong and Lord Francis obtained a divorce.

Going to Buenos Ayres she married Major Strong, after Strong had been compelled to resign from the army to avoid court martial. The couple then went to New York, where, she says, her husband deserted her. May Yohe subsequently returned to the stage and appeared for a season in vaudeville. She left the stage in Portland in 1907.

**LA FEAN BILL IN COMMITTEE**

**Senator Chamberlain Has Applied to the Secretary of Agriculture for Establishment of Weather Bureau in This City.**

WASHINGTON, March 9.—The hearing on the La Fean apple bill came up in the committee on agriculture for consideration today and was extensively discussed. Three fruitmen from the northwest, C. E. Whisler, W. K. Newall and J. M. Brown, were present to oppose the measure, while the commission men were out in force.

It will be late tonight or tomorrow before action by the committee is taken.

Senator Chamberlain has applied to the secretary of agriculture for the establishment of a weather bureau station at Medford.

One reason why the most desirable houses, apartments and rooms are always advertised is that the most desirable tenants never take the trouble to hunt up places that are not advertised.

**WERE BOOSTERS "STUNG?"**

(Continued from Page 1.)

From here they went to Red Bluff and from there to Redding, and when last heard from they were hitting up the personal vanity of the leading citizens of Medford, Or.

"The Enterprise has endeavored to discover if the suspicions held by the local people who were 'took' were well founded and has learned these facts: Heisley has an office at 315 Pacific building, San Francisco; it was locked all day Saturday. The contracts paid in advance by the local subscribers call for so many extra copies of the February number of the magazine. Magazines are usually issued on the first of the month and in many instances are issued before that time. The number of the magazine which was subscribed for is now, therefore, some 30 to 40 days overdue. No one in the long trail of the caricaturists through the valley has ever seen a copy of the magazine."

**RAILROAD MEN SELL PROPERTY**

**Agent Rosenbaum Admits Sale of Property, But Refuses to Buy an Automobile—May Purchase One at Later Date.**

The 240 acres east and south of the Hillcrest orchard, known as the Woody place and owned by John M. Scott, assistant general passenger agent of the Southern Pacific company; C. W. Stinger, city ticket agent of the same company at Portland; W. H. Jenkins, traveling passenger agent, and A. S. Rosenbaum, local agent of the Southern Pacific company, has been sold to A. C. Abrams of Seattle for \$55,000.

There are 70 acres of young trees, five acres in bearing, and the land is excellent for fruit growing.

It is understood Mr. Abrams will set out more trees and otherwise improve the property and later subdivide it and resell. The railroad officials have owned this place some two years, paying \$17,000 for it, and while they have spent some money improving it, they realized a handsome profit and at the same time the purchaser is to be congratulated, as he has secured a very fine tract of land.

"Since the report of this sale got out," said Mr. Rosenbaum, "I have been besieged by automobile men trying to sell me a machine, but I have declined. This answer, however, the automen refused to take as final."

**ANOTHER AVALANCHE NEAR SCENE OF SLIDE**

FIELD, B. C., March 9.—Another avalanche descended late yesterday in this vicinity and today several men are congratulating themselves on their remarkable escape from death. The slide originated in a field high upon the mountain and fortunately came down a small gully but it caught and buried a switch engine at the end of the yard.

The engine was buried fifty feet under the snow. Three men were in the cab, Engineer McRea, Fireman Luderman and Yard Foreman Mainprize.

**ARCHITECTS PLAN ALLURING OFFER ARENA FOR FIGHT OF WILD-CATTERS**

**Selection of Emeryville Racetrack as Scene for Jeffries-Johnson Contest Pleases All Parties—Will Seat Fifty Thousand Spectators.**

SAN FRANCISCO, March 9.—Within a day or two architects will begin laying plans for the great arena to be constructed on the Emeryville race track where after three months of uncertainty and snarling Promoters Gleason and Rickard have decided to stage the Jeffries-Johnson fight.

Immediately after the racing season closes construction work will begin and be continued practically up to the day of the fight.

No definite seating capacity has been decided upon, but the plans will be so drawn that arrangements for accommodating 50,000 spectators will be made. It is designed to back from the ring as the demand comes in, thus avoiding the danger of under or over-building.

Although no word has been received from Jack Johnson, who is in Chicago, there is every likelihood that the negro will do his training in San Francisco. Johnson trained for his fight with Ketchel at the Seal Rock House on the ocean beach and became quite fond of the place. The roads there are good, hill climbing can be indulged in and the ocean is right at the front door, so everything for training purposes is convenient.

It has not been decided where Jeffries will live while going through his final preparation at or near Santa Cruz. But it is believed he will take a cottage in the hills overlooking the Beach city.

**Dallas Indian in Jail.**

DALLAS, Or., March 9.—Larney Tom, an Indian, is in jail here today following his arrest for killing his brother-in-law, Jeff Whacheno, yesterday. The shooting took place on the road between Willamina and Buell and was the result of a dispute over the ownership of one of the horses driven by Tom.

**MEAT TRUST IS AT OLD STAND**

**Crusade Against High Prices Has Gone the Route of Many Other Attacks Upon the Meat Trust—Prices Higher Than Ever.**

NEW YORK, March 9.—An investigation by the United Press today revealed that the "meat strike" has gone the route of many noble crusades while the object of its attack, the meat trust, is still doing business at the old stand.

The price of all meat products today are higher than before the "meat strike" was declared.

Meanwhile the meat trust is busily making the crusaders "pay the freight of their crusade."

Soon after the strike began the prices of meat products were lowered slightly in some cities, for a few days. Then started a steady rise in the retail prices, until now, beef, lamb, mutton and poultry are selling from 3 to 9 cents higher per pound than last December. Pork and pork products have almost doubled in price.

From Maine to Florida, from New York to the Pacific coast, the tendency has been toward higher prices.

"If you can meet the terms as enclosed I can do a big business."

"I simply will give you the preference on account of locality."

"Now, you are in the orchard business and must expect to meet competition. Now, can you meet your Washington competitors? If not, why not?"

"I would like you to plant land and care for orchards as the American Trust company does. Your agreement not to ask interest will go big here. You could hold the monthly payments until you got enough to plant or to meet the first payment. Do anything to meet the terms given by the Washington people. I am willing to work with you. I personally prefer Oregon and will have an orchard there myself."

It is needless to say that the broker was informed that the local orchards were conducted on business principles and not a wildcat scheme to get-rich-quick.

**SEATTLE TO BE WIDE OPEN CITY**

**Hiram C. Gill Elected Mayor by a Small Plurality—Direct Primary Law Passed by People, Ending Rule of Machine Politics.**

SEATTLE, Wash., March 9.—The day of party politics in Seattle is at an end—if the new charter amendment carried by a wide margin in yesterday's election can end it.

The new plan gives Seattle a semi-commission form of government. In the future there will be nothing on the ballots to show the party with which the candidate is allied. Names will be placed on the ballots on the filing of a petition signed by twenty-five voters.

A primary will be held two weeks before the general election.

Seattle has declared for a "wide-open town" and today Hiram C. Gill is mayor, having been elected by the scanty plurality of 1800 to 2000 instead of the predicted 7,000 to 10,000. Gill's majority over William H. Moore, Democratic candidate, will not be more than 2500 votes judging from the returns today.

Gill carried all the downtown wards any many of the residence districts. Moore carried the ninth, tenth and eleventh and possibly the eighth wards. The twelfth, thirteenth and fourteenth are still doubtful, and Gill carried the remainder.

While Gill has won, Republican supporters have lost thousands of dollars on the election. Gill has so strong a favorite little or no wagers were made on the bare result, but on the majority. Thousands of dollars were put up that Gill's majority would be from 5000 to 10,000 and that Gill would carry every ward in the city. Gill ran far behind his party in most of the wards.

Of the hundreds of people who will read a particular classified ad today, probably not one, except yourself, will see its peculiar significance. It may "mean more" to you than to any one else.

**FOR SALE**

**PRICE, \$16,000—Half cash, balance at 6 per cent.**

80 acres, the north half of the northwest quarter of section 14, township 36 south, range 4 west, one and one-half miles from Woodville, ten miles south of Grants Pass and one and one-half miles from Rogue river. About ten acres, at west end of tract, on a slight east slope. Then, there are about 50 acres level and rolling. At east side of tract there are about 20 acres hilly, and at extreme east line it is steep. From 20 to 30 acres have been cleared. Balance is in brush and timber. There is enough wood on the place to pay for the clearing. All has a south slope, and is ideal for fruit. There is a good log house and a couple of old barns. Stream of water, and can be irrigated if necessary. About 60 acres are as good for pears or apples as one can find in Rogue River valley. Is only 20 minutes' walk from Woodville, and its nearness to town will make the land advance in value rapidly.

Price is \$40 per acre; about \$2000 down and balance one year at 6 per cent.
