GOLD HILL ITEMS.

(From Gold Hill News.)

E. Davidson this week sold his residence and property, consisting of six acres, across the river, to the Gold Hill Railroad & Lumber company, the consideration being \$6000. The company bonded the place three weeks ago at \$4500, but did not decide to buy until after the option had expired.

J. T. Donegan, who ranches and mines in the Foots Creek district, ten miles from Gold Hill, was in town Tuesday doing some trading. With H. L. McMahan, he is owner of the D. & R. quertz mine. The new railroad will go within half a mile of his

The Hulbert brick block on Main street is now the property of Sugar Pine camp No. 10,073, M. W. A. The building has been under contract to the Woodmen for the past year, with the privilege of buying, and the transfer was made last week, the purchase price being \$2500, which was the figure agreed upon a year ago, and which is considered very nominal in view of the recent rapid advance of local real estate. The building is two-story, the lower floor being a fine business location, while the second floor is a neat litle hall. The Woodmen are well pleased both with their investment and at having a permanent home for their camp.

She has found that a chafing dish affords not only a quick and economical means of preparing impromptu repasts, but also that it enables her to

prepare on the dining room table many dishes that supplement and round out the bill of fare previously prepared on the kitchen stove.

If you do not possess one of these useful articles, or are using one of the old style alcohol burners, come in and see the new General Electric chafing dish. No fuel is required, consequently there is no flame, smoke or soot to guard against. It can be used in any room where an electric lamp socket is available. It is sanitary, convenient and safe. It is handsomely designed and finished, and makes an ideal gift.

COLONISTS RATES OREGON AND GREAT NORTHWEST

The management of the Southern Pacific Co. (Lines in Oregon) takes great pleasure in announcing that the low rates from Eastern cities, which have done so much in past seasons to stimulate travel to and settlement in Oregon, will prevail again this Spring DAILY from March 1 to April 15, inclusive.

PEOPLE OF OREGON

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all home-builders. Do all you can to let eastern people know about it, and encourage them to come here, where land is cheap and home-building easy and attractive.

FARES CAN BE PREPAID at home if desired. Any agent of the road named is authorized to receive the required deposit and telegraph

ticket to any point in the East.

REMEMBER THE RATES—From Chicago, \$33; from St. Louis, \$32; from Omaha and Kansas City, 25. This reduction is proportionate from all other cities.
