## MANY HOUSEWIVES WHO PRACTICE ECONOMY ARE VISITING Meeker & Company's Great Removal Sale

Many housewives who practice economy have come to know this store well. And when they want to fill any household needs they come to this store to fill it. But there are many who do not make this store their permanent shopping place—who really don't know us, and it is to these latter that our advertisements from week to week are principally addressed. We know that if we succeed in having you accept some one of our invitations to visit the store, and if we then please you, we have made another permanent customer. Aside from the multitudes of new Spring creations now on exhibition throughout the store, we quote below bargain lists as pressing invitations for you to visit us soon. Some don't know that visitors are fully as welcome here as buyers, but it is so. And you are free to look and linger as long as you like.

If a thing is worth selling at all, it is worth selling for what it is. We wouldn't have in our store an article that we feel needed an apology; an article that we don't dare sell under its true label; an article that forces us to adopt subterfuge and palaver to cover up its short-comings.

Remember, we guarantee satisfaction or your money refunded—you must be satisfied.

Long corsets are still to be worn, but many of the latest models show the waist lines more curved and the bust lines lower. Our assortments have never been so completely equipped with models for slender, medium and full figures.
