JOHNSON TO START TRAINING MAY 15

Colored Heavyweight Says He Does Not Intend to Get Into Condition and Then Go to the Bad.

CHICAGO, Ill., March 19.—"I'm not going to spend a half year to get into condition for Jeffries and then get rusty before the big doings on the coast July 4," said Jack Johnson, heavyweight champion, today, outlining his plans for his set-to on the coast with Jeffries.

"I have rigged up a gymnasium in my barn on the south side," he said. "Roads around here are just as good as on the coast. My training in Chicago will work off a little of the extra weight, and then about the middle of May I will leave for Frisco and take up the hard part of the grind. I am in good shape now. You know, tugging at an auto is no cinch."

Johnson will leave Chicago for New York next Monday to stand trial for assaulting Norman Pinder. Following the trial he will again take to the footlights.

ONE PAYS; THE OTHER PROMISES TO WORK

Police Judge Canon had a couple of cases before him Saturday morning, brought about by the imbibing of that what not only cheers but makes foolishness. One Gleason, who has a penchant for not only disturbing the peace before he is arrested, but afterward, was fined \$5. He didn't have the money.

William Anderson said he was drunk and the judge agreed, so William paid \$10 to the city treasury.

ALBANY, N. Y., March 19.—Albany entertained both President Taft and Earl Grey, governor-general of Canada, today. The city was gay with bunting and British and American flags were displayed on every side.

The Taft party arrived at 2:30 this afternoon and were met by Governor Hughes and Mayor Ewan. Taft's classmate at Yale.

Taft was escorted to the executive mansion of the governor by Troop E of the national guard.

Shortly after 4 o'clock the president, the governor and other notables left the executive mansion in automobiles for Harmanus-Bleecker hall to attend the state tuberculosis congress. At 5 o'clock the party was scheduled to visit the Watervliet arsenal.

Tonight Taft will address members of the University club at a dinner.

Earl Grey arrived here this afternoon and dined at a luncheon at the University club. He was then escorted to the Ten Eyck hotel by a corps of the Tenth regiment.

ever, will not prevent him from getting in on the profits of the Burns-Barry fight which Blot has arranged for the evening of March 29.

"Gleason and I are in this fight," said Blot. "And we intend to pull off some big goes before the church bells toll out 1910."

"Our plan is to get the best in the market, and when we don't, well, then we retire. Everything looks right for us now, and we have some fine prospects for matches."

"We will start off with the Burns-Barry fight," said Gleason. "Then we intend to go on right up the line."

The formation of a partnership between the two promoters came as

a surprise in fistiana. Every sporting man here knew that the men were friends, but no one suspected that they intended to go into partnership.

He Will Enjoy the dainty dishes you may prepare in an **Electrical Chafing Dish**

The ease and convenience with which so many delicious dishes may be prepared in an electrical chafing dish make a strong appeal to the young wife as well as the seasoned housekeeper.

She has found that a chafing dish affords not only a quick and economical means of preparing impromptu repasts, but also that it enables her to prepare on the dining room table many dishes that supplement and round out the bill of fare previously prepared on the kitchen stove.

If you do not possess one of these useful articles, or are using one of the old style alcohol burners, come in and see the new General Electric chafing dish. No fuel is required, consequently there is no flame, smoke or soot to guard against. It can be used in any room where an electric lamp socket is available. It is sanitary, convenient and safe. It is handsomely designed and finished, and makes an ideal gift.
