Bear in mind, that these pianos are the latest, choicest, brand new especially selected instruments from the foremost, greatest and most trustworthy American piano makers.

Beginning promptly at 9 o'clock Tuesday morning, the residents of Medford and vicinity will witness the greatest sale of fine pianos ever known—greatest because of the tremendous reductions in prices and the easiest terms of payment ever made.

The growth of Medford and surrounding territory within the last few years has been phenomenal—hundreds of new families have moved in from different sections, and there must necessarily be many homes that have not heard of Eilers Piano House. We also know that many of these homes do not have pianos at the present time—hence our offer.

We are going to place on sale one hundred of America's finest makes of pianos at prices that will positively astound. We are going to make inducements that are simply unprecedented, and we are going to make one hundred enthusiastic and loyal friends—the best advertisement we could possibly get—and we are going to try to secure some definite and valuable statistics at the same time.

A modern piano business must be well advertised. Not only must it offer the best in musical instrument manufacture upon most advantageous terms of purchase, but it must make itself known. A piano, a good piano from Eilers Piano House, lasts a lifetime. A new buyer must be found every hour of the day, and particularly in this growing west it is necessary for a business such as high-class piano selling to keep itself constantly before the public.

In disposing of this large stock, we see an opportunity to find out definitely as to which method of advertising is most effective, such as the use of newspaper space, circulars, personal letters or weekly or periodical publications.

Every instrument in this sale is unconditionally warranted in every respect. Included is the Chickering, oldest in America, best in the world; New York's great art product, the Weber; the Kimball, Chicago's finest make, the Lester, Philadelphia's best; the famous Marshall & Wendell; our own make, the Eilers Orchestral; Smith & Barnes; Leland, Schilling, etc., etc. No more beautiful pianos have ever been shown in Medford—no greater assortment has ever been shown at any one time than we present Tuesday morning.

We want the least possible delay in disposing of this stock, and we want thereby to secure one hundred additional enthusiastic and loyal friends for Eilers Piano House.

For \$148 you will secure Tuesday morning pianos which have never been sold for less than \$225 heretofore. \$167, 172 and \$198 will secure such grades as are never to be obtained elsewhere for less than \$250 and \$300.

Ask particularly to see some magnificent \$400 styles, now \$274, and the plainer cases, same make, \$255. \$8 a month buys them, while the less expensive styles go at \$6 and \$5 a month.

Sale prices on the very fanciest of \$450 and \$500 styles are now \$298, \$307 and \$328.

Bear in mind distinctly that we guarantee quality, and we guarantee price. We agree to refund all money paid if purchase after delivery is not found exactly as represented and in every way satisfactory.

Again we repeat, no cash payment is necessary; cut out the coupon, which will be taken at its face value as the first payment.

If you have no piano, come at once. We have presented many a money-saving opportunity to the piano buyer in the past, but never heretofore have we made such a liberal offer as this, and we are sure that its equal will never be presented again.

Bear in mind that the prices quoted are the lowest ever known—the terms of ownership the most liberal—our guarantee the most binding, in a few words, this is the piano-buying event of a lifetime. Better come at once, as the first comers will, of course, have best choice.

TAFT FIRM FRIEND TO CANADIANS

Sends Word That Interpretation of Statute Alone Keeps Him From Putting Minimum Rate in Effect.

TORONTO, Ont., March 21.—Following the tariff conference between President Taft, Governor-General Lord Grey and Minister of Finance Fielding, President Taft, through Dr. J. H. MacDonald, editor of the Toronto Globe, has sent a message to Canada.

"Say to the people of Canada," said Taft to MacDonald, "that my most sincere desire is that not only the present unforeseen difficulty, but all that other difficulties between Canada and the United States will be settled with justice to both and in a spirit of friendship and generosity."

"Assure the people of Canada that if it were only a matter of business and not a matter of protecting the statutes, I would have had no trouble in proclaiming Canada as having the right to our minimum tariff. I have seen too much of Canadian people, and hold too high an appreciation of Canada's worth, and am too profoundly in sympathy with Canada's aspirations as a part of the British empire to haggle over the mere advantages and disadvantages of international trade."

"The difficulty has been in interpreting a statute which has never before been interpreted."

"After a conference with Hon. Mr. Fielding I am hopeful of finding a solution which will have regard for my judicial responsibility as president and also serve trade interests in both great countries."

This message was given MacDonald in recognition of his efforts to create an understanding between business interests of the two countries.

More careful buying is an enforced penalty of the increasing "cost of living." Ad-watchfulness is greatly helpful.
