MEDFORD WINS FIRST BALL GAME

The Practice Game Sunday Goes to Medford 10 to 8—New Players Show Up Well—Hits Are Few and Far Between.

(BY JAMES D. FAY.)

The twirlers had all the best of it at the game between Medford and Central Point Sunday, as there seemed to be an almost universal inability on the part of the boys to hit the ball.

It was just as well for the enjoyment of the spectators that this was so, for the fielders as a rule had to chase the ball until it stopped before it could be recovered.

But at that, it was an interesting game, and gives something of a line on the new material.

Coleman occupied the mound for Medford in the first five cantos and four smashes and two runs were made off his delivery. In the sixth Burgess let them down without a hit or run, but in the seventh his support went to pieces and so did he, and the consequence was five scores for the visitors. Lester went in and held them down to one run in the next two.

For Central Point, young Murray pitched great ball for five innings, when he was taken out and Pankey substituted. Pankey was wild, and a couple of passes, a pair of hits and some bad fumbles netted five runs for Medford. Two more came in the eighth and it was over.

It is too early to criticize or compare the players, but both teams have material which can be molded into ball players.

For Medford, I particularly like the way Henselman and Hill handle themselves. Henselman is a little eager, but that can be remedied. Hill's fault is that he is slow on his feet, but he is young and growing and that fault may also be remedied. He takes a good position at the plate and slams the ball in good style.

Burgess will do well in the box if he will learn to hold his head in pinches and take advice once in a while from older heads.

However, it was a good game for an opening one and indicates some good ball this season.

TALENT SCHOOL NOTES.

The school society will give an entertainment and basket social at the Conway hall Friday evening, March 25. The proceeds will be used for the benefit of the school.

Considerable interest was manifested at our last teachers' and parents' meeting, but we hope to see more out at the next regular monthly meeting held at the schoolhouse Monday evening, March 21, at 8 o'clock. Some interesting topics will be discussed.

In all, nearly 30 parents and friends attended our first annual visitors' day, held last Friday. The regular routine of school work was conducted throughout the building to give parents an idea of our everyday methods. It is encouraging to both teachers and pupils to know that parents are interested in their work and we are well pleased to see so many out.

1000 PEASANTS READY TO WAR

In Response to Call of Leaders, Peasants Gather in Thessaly and Are Ready to Fight the Turkish Landowners.

CONSTANTINOPLE, March 21.—In answer to the summons of the leaders of the peasants issued two days ago, a thousand armed peasants assembled in the Karditsa district in the province of Thessaly today, in preparation for an organized movement against the Turkish and Mohammedan landowners.

The peasants are inflamed because several of their number were killed yesterday in clashes with the Grecian troops at Nembegler and Larisha. The troops just arrived from Athens to protect the landowners. The government today admitted that five peasants were killed and many wounded by the soldiery. It is believed, however, that more were killed than was officially given out.

The situation is critical throughout the province and it is believed unless stringent measures are enforced immediately that civil war will result.

Many Turks who own property are leaving the country.

Several Turkish landlords have been murdered and their homes sacked by the peasants, despite the presence of the soldiers.

This, it is said, may result in decisive action on the part of the Turkish government. The porte has already served notice on Greece that she would consider such acts of violence as sufficient grounds for an armed invasion.

The trouble in Thessaly had its inception in a petition of the peasants to the government, in which they asked that the landowners be dispossessed of their holdings and that the lands be divided among the peasants.

TEDDY OVERWHELMED TELEGRAMS AND MAIL

Returning to Civilization, Ex-President Is Snowed Under by Avalanche of Mail—Keeps Him Busy.

SHELLAL, Egypt, March 21.—After spending hours in the hopeless effort to answer the hundreds of letters and messages received, the Roosevelt party started today for Luxor, where, according to schedule, it arrives at 5 o'clock this afternoon.

The former president was so overwhelmed with letters and telegrams that he drafted into service the correspondents who are with him in an effort to clear it away. He found it impossible to attempt to answer each letter personally, and asked the United Press to tell his American friends that they must take the thought for the deed.

The writers of the letters, he declared, must consider that even though their missives remain unanswered, they are greatly appreciated. Colonel Roosevelt was touched by the many kindly expressions the letters contained and declared he wished he might have time to answer each one personally.

A sightseeing trip, which will include the temples and obelisks and the other Egyptian curiosities has been planned as the principal entertainment at Luxor. The Roosevelt party will spend a day there.

ROAD TO CRATER LAKE WILL BE BUILT, SAYS W. M. COLVIG

William M. Colvig, one of Southern Oregon's leading attorneys and president of the Medford Commercial club, was in town Wednesday. In conversation with Cashier Hammersly at the Gold Hill bank he said anent the movement to build a highway from Medford to Crater lake: "We are almost sorry we made \$100 the maximum subscription, as we find that many would have as soon given \$500. Already we have nearly \$20,000. Portland business men have promised to give \$25,000 and the railroads have not been asked to contribute. The committee in charge is a mighty good one, and the road will be built."—News.

Fortune for Woman's Defense.

WATSEKA, Ill., March 21.—Peter West, the Perlo millionaire, brother-in-law of Mrs. Saylor, accused of murdering her husband, J. B. Saylor, a banker, created a sensation here today that he would spend his entire fortune in Mrs. Saylor's defense.

TAFT AND EARL SPEED TO GOTHAM

Perplexing Tariff Problem With Canada Is Receiving Much Attention by Officials, But It Proves Knotty Problem.

ALBANY, N. Y., March 21.—Accompanied by Lord Grey, governor-general of Canada, President Taft departed today for New York.

The president refused to discuss any phase of the pending controversy over the Canadian tariff or to comment on the house reorganization at Washington.

The president, Earl Grey and W. S. Fielding, Canadian minister of finance, were in conference until far into the night with the object of averting a tariff war between the United States and the Dominion of Canada.

The Canadian officials refused to concede a point from Canada's contention for the application of minimum rates under the Payne tariff law.

President Taft has no alternative but to apply the maximum rate under the new law. The tariff question must be adjusted by March 31, and should the maximum be applied Canada undoubtedly will retaliate.

A suggestion was made that the president seek special act of congress to enable him to grant certain concessions to the northern Dominion. As this would require the entire tariff question, it is hardly likely that the president will seek enabling legislation. The president was scheduled to arrive at New Haven this afternoon to attend a meeting of the Yale corporation directors. Tonight he will address the New England Jewelers' association at Providence, R. I.

CAPTAIN HAS MUCH TROUBLE WITH CHINK

PRINCE RUPERT, B. C., March 21.—Ah Wey, a Chinese sailor on the ship Cape Breton, is on his way to the New Westminster penitentiary with an officer to serve a three-year term, while a \$500 head tax, paid by the captain of the ship, is in the local government custody at the treasury.

Ah Wey, together with other Chinese sailors, started a small mutiny on the ship, during which the right hand of a fireman was almost severed with an axe. Judge Young sentenced Ah Wey to three years and let his countrymen go free.

As Constable Leek took his prisoner from the ship, Collector MacDonald of the Canadian customs at once demanded the \$500 head tax. Captain Warden refused to pay and Ottawa was appealed to by wire. The department there sustained the local collector and Captain Warden was compelled to pay the \$500 before his ship was granted clearance papers.

BODY EXHUMED TWICE: MAN CAN'T STAY BURIED

PARIS, Mo., March 19.—It was learned here today that the body of Professor J. T. Vaughn was exhumed for the second time in Monroe City.

The body was disinterred yesterday on the request of relatives of Vaughn's widow, who, with Dr. Hull, is charged jointly with having poisoned Vaughn.

It is reported that a portion of the spinal column and the tongue of the dead man were removed. The parts were taken to St. Louis by Dr. Geo. Still of Kirksville, who is reported to have performed the operations.

It is said that Mrs. Vaughn's attorney expects to find a cancer at the root of Vaughn's tongue. It is alleged that he stated that a man with such a disease would be better off dead.

This it is said will be offered as evidence in support of the theory that Vaughn committed suicide.

Queer Legal Situation.

SAN FRANCISCO, Cal., March 19.—A complex legal situation was created here today when Richard Nugent, a wagon manufacturer, discovered that he is not a citizen of the United States.

For 25 years Nugent has sat on juries, and the fact that he is not a citizen invalidates the finding of every jury of which Nugent was a member.

Nugent believed that he had the right of franchise, basing this belief on the fact that his father had taken out first papers before Nugent was 18 years of age.

However, under the law, he cannot be considered a citizen as his father was not a voter when Nugent became of age.

WOMAN ATTACKED BY DOG HAS LONG AND HARD FIGHT

DENVER, Colo., March 19.—While attempting to drive a strange dog from her yard, Mrs. Carl Swenson, wife of the Rev. Carl Swenson, was attacked by the brute, which sprang at her throat. How long she fought the animal she does not know.

at Mrs. Swenson says it seemed like an hour. She finally pushed her bent elbow into the dog's opened mouth and kept it here for a time to regain strength for a final effort to beat off the maddened beast. Working her way toward the rear

door of her home, the dog, biting and chewing her arm, Mrs. Swenson dealt the beast a blow with all her strength, tore herself away and fled into the house. A physician was called and treated her many wounds.
