

RUSSIA RUSHES JEWS TO FRONTIER

At Rate Unprecedented in Muscovite History—Jews Are Being Expelled From Country—Home Office Turns Against Them.

LEMBERG, March 26.—Expulsions of Jews from Russia is going on at a rate wholly unprecedented in Muscovite history, according to information received here from across the frontier today.

The refugees are fairly swarming all along the border, both in Austrian and German territory. Suffering among the exiles is intense. Only a few have been able to gather any of their belongings to take with them in their flight to more friendlier lands.

Officers of Jewish associations state that work of expulsion is proceeding at such a rapid pace that the associations are swamped with pitiable petitions for aid from the exiles.

The home office, which heretofore stood with the Jews, is heading the movement to expel them from Russia.

The reason for the sudden campaign against the Jews is believed to have its inception in a report that the Jews were in a plot against the government. As expulsions on such a large scale give minor officials excellent opportunities for plundering their victims, the ostensible uncovering of such a conspiracy is consequently popular among them. As the fugitives are scattered, it has not been possible to estimate the number who crossed the borders of Russia. It is known, however, that thousands have been exiled. Hundreds have been driven from the towns of Riga, Kasan and Woronesh alone.

BASEBALL DOPE FOR RABID FANS

Seals and White Sox Play Close Game, Which Former Lost on Account of Stewart.

SAN FRANCISCO, Cal., March 26.—Had Harry Stewart had just a little more control in yesterday's battle between the Seals and the White Sox, the 2 to 1 score recorded in favor of the visitors might have been turned in favor of the locals. After walking three men, forcing in a run and again filling the bases, Stewart was dragged out to allow Henley a chance to straighten things out. Henley was unable to hit his stride at the start, but after the second forced run of the game had been recorded he began to cut the Chicagoans down. This last forced run was the winner for the Sox. The locals were shy at the bat, but on the field gave an errorless exhibition.

In as poor a game as ever has been played on the Los Angeles grounds, the White Sox defeated the Angels 11 to 9. The lads from the Windy City made 17 hits and six errors, to their opponents' 11 bingles and 2 bumbles.

The big field at Stanford university is the scene today of the first intercollegiate baseball contest of this spring. The game finds but two of Stanford's old players sporting suits, and on the California side of the field but four of those who dubbed the cardinal last year.

H. M. S. Clearwater vs. Olympia club is the baseball card for the afternoon at the Presidio grounds. The Englishmen are favorites over the Olympians in today's contest.

The White Sox will begin their journey back to Chicago tomorrow evening. They will play at Reno on Monday, Ogden on Tuesday and Salt Lake on Wednesday, with their last session in Des Moines on April 11.

Danny Long has promised to tell Tommy Sheehan by Monday just what players are to be turned over to the stagers. It is absolute that Carman, Waring, Van Pelt and Melkle, along with two other pitchers, are sure to be transferred.

Fresno and McCrede's Portlanders fought out a tie game through the eighth and ninth frames yesterday in the raisin town, only to have Ambruster of the northerners grab the game in the last session with a home-run drive, sending one man home ahead of him. Score 6 to 4.

SEEKS TO CONVICT OLD SWEETHEART

Prosecutor in Illinois Murder Trial Asks That Death Penalty Be Inflicted on Defendant Who Was Sweetheart of His Youth.

WATSEKA, Ill., March 26.—Prosecutor Pallisard, who today is demanding the death penalty for Mrs. J. B. Saylor, charged with the murder of her husband, was in his former years the sweetheart of the woman he seeks to convict.

"It is true," said Pallisard, "that Lucy Saylor and I were good friends when young. Naturally I have a tenderness for her, but I have sworn to do my duty and it is my misfortune that I have to forget my personal sympathy for her."

Pallisard in earlier days escorted the girl to school and later to dances. Rumor had it that they were engaged to be married, but this was denied by Pallisard. He admitted, however, that they were "sweet on each other."

The revelation of the romance that places Pallisard in the position of an accuser of his former sweetheart came in the course of an examination by Attorney Morris of the defense of Edward Meyer, the prosecution's strongest witness.

Morris endeavored to get the witness to contradict his story of the prosecutor's romance, but failed, although he shouted questions rapidly and shook his fist in the face of the witness. Meyer became red with anger and shouted replies in exasperation, but was unshaken in his story. One of the features of the trial today was the announcement that Golda, the pretty daughter of Mrs. Saylor, had sold her Pomeranian dog and her ponies to secure funds for her mother's defense on the charge of slaying her father.

STANFORD TRIMS SOUTHERN BOYS

In Dual Track Meet Wearers of the "S" Take Southern California Into Camp by Score of 93 to 29.

STANFORD UNIVERSITY, Cal., March 26.—Stanford university won from the University of Southern California in the dual track meet, scoring 93 points to the southerners' 29. A murky sky and high winds prevented the fracturing of any records.

One of the features of the day was the victory of Throop, star track man of U. S. C., over Colan, Stanford's crack sprinter, in the 100-yard dash. The race was a pretty one and was a dead heat until the last stride.

YREKA MASONS TO BUILD A HANDSOME NEW HOME

YREKA, Cal., March 26.—The Masonic bodies of this place have appointed committees, consisting of four members from each body, to take action on ways and means of building a Masonic temple here. The committee met last night and effected organization by electing H. L. Walther chairman, H. J. Sarter vice-chairman and F. C. Pollard secretary.

Immediate action will be taken in regard to the formation of a corporation, which will be known as the Siskiyou Masonic Temple association, and a subscription list will be immediately circulated among the Masons with a view to ascertaining how much of the stock can be placed. The amount of the capital stock will be 300 shares at a par value of \$100 per share, 250 shares of which will be offered for sale at once, while the balance will be held and disposed of by the board of directors as necessity requires.

The Masons have long been contemplating the building of a temple, but this is the first time action has been taken. The contemplated structure will be either of brick or reinforced concrete, two stories in height, with stores on the ground floor. The upper floor will be used entirely by the Masonic lodges. Some time ago the Masons acquired title to a corner lot, on the corner of Miner and Oregon streets, which is one of the very best locations in the city, and a magnificent temple erected on the lot will be a great addition to the city.

RED SKINS MAY TAKE WAR PATH

Uprising of Yuma Indians Imminent—Authorities Attempt to Suppress Death Rite Orgies and Trouble is Brewing.

YUMA, Ariz., March 26.—A serious uprising of the Yuma Indians at the government reservation near here is threatened as the result of the determination of the reservation authorities to stamp out the death rite orgies that follow the demise of each tribesman.

According to Assistant United States Attorney G. R. Horton, who is handling the matter, thousands of dollars' worth of government property is destroyed each year during these unusual funeral ceremonies.

The hut of the deceased Indian and all his personal possessions are burned by his friends. These ceremonies occur at midnight and frequently hundreds of acres of grain are consumed by the fires that are started.

The big men of the tribe have notified Horton that they will resist with force if an attempt is made to stop their ceremonies.

Horton is of the opinion that a detachment of regular troops will necessarily have to be sent to the reservation before any action can be taken.

MEN MISTREATED; AN INVESTIGATION IS ON

NORFOLK, Va., March 26.—Admiral Dillingham is conducting an investigation aboard the scout cruiser Salem, into charges of alleged ill-treatment to the men aboard the vessel. As a result the sailing of the ship to join the Bingham, a sister ship, in the cruise to South America has been delayed.

IDAHO'S EXECUTIVE ACTS AS FIREMAN

When Engineer Refused to Go Out Because Fireman Was Ill, Governor Brady Got Busy.

BONNER'S FERRY, Idaho, March 26.—Governor Brady is here today on an inspection tour after the unique experience of acting as fireman on a locomotive of the Spokane International railroad. A freight train had been wrecked ahead of the passenger on which he was traveling. The governor was in a hurry to reach his destination. On the main line ahead of the wreck there was an engine and into it Governor Brady went and demanded that the engineer take him to Bonner's Ferry. The engineman demurred.

FOR SALE—Good sound, broke horses for sale. Inquire at West Side Livery. A. B. Tull.
