EAGLE POINT EAGLETS.

Paul I. Vanorder, a member of the C. L. L. company of Medford, and Ed Walker came out on Thursday of last week and Mr. V. procured a horse here and they two went to the C. L. L. company's mills near Butte Falls. Mr. Vanorder returned on Saturday. He reports that they have the best of the logs sawed up and they had cut when they shut down some months ago and have commenced to cut fresh ties; that they have a fine lot of lumber on hand now and will continue to cut right along.

Mrs. John Edsil and son-in-law and wife, Mr. and Mrs. John Conner, were pleasant callers Thursday on their way to Jacksonville.

Mrs. L. J. Greenwalt of North Yankina, who has been visiting her sister, Mrs. J. R. Jackson, returned home last week.

F. R. Bollerjer, deputy U. S. marshal, came out one day last week to serve notices on the witnesses along Little Butte creek of a contest suit testing their right to use the water of said creek for irrigating purposes.

P. H. Daley is having one of the lots he purchased of Israel Patton plowed and scraped so as to level it down, getting it ready for irrigating. He expects to build on the lot this summer and fix the place up all O. K.

The P. & E. railroad company has put on a new passenger car and now they are running two cars, using the old one to haul the work hands out to the grading camps.

Dr. Holt informs me that the sub-contractors are getting along nicely with their work on the P. & E. right-of-way and they think that they will have their jobs completed by the first of May.

Waney Bros. have just established another railroad camp near the school house on the Edsil flat about three miles from Butte Falls.

Craig & Fuller, sub-contractors under Porter Bros., think they will have finished their contract by the first of May, so you see that the railroad work is going with a rush all along the line.

Roy Ashpole informs me that he has brought all of his cattle out from the feed yards on the head waters of Big Butte to the low hills. That he has found one of his horses with the brand smeared so as to disguise it and that he knows the guilty party.

Charley Sherman had his mare taken out of his pasture on the night of the 18th and he is satisfied that she was stolen. These are the first instances we have known of where horses have been stolen for a long time, but with the advent of railroads or any other enterprise that calls for many men there is always a class of fellows who exist for the purpose of living off the hard earnings of others.

George H. Stowel informs me that he has bought 120 acres of land in the old Fryer pasture of Peter Young at a consideration of \$3000 and is going to move onto it put it in cultivation. He has some fine sticky land on the tract as anyone need want. He surely got a bargain in the deal.

L. A. Murphy of Ashland was a pleasant caller last Friday afternoon. He had been to Butte Falls to see about witnesses in a suit pending in which his wife is defendant to set aside title to a certain tract of land.

Rocel Hildroth and wife stopped here on their way to Butte Falls last Friday night.

Fred Bellows, who has been living in what is known as the old Moomaw home on a farm now owned by J. H. Smith of Chicago moved out last Friday and Mr. J. O. Grey, a new arrival from Chicago with his family, moved in on Saturday. Mr. Grey has come to take the place of Mr. Bromley who came out from Chicago last fall and has planted about forty-five acres to fruit trees this winter on the four tracts belonging to him-

Which Sells for Less?

THE LARGE OR SMALL DEALER?

Eilers is the largest Piano House on the coast, and we buy pianos in train loads. We buy a hundred pianos where the small dealer buys two or three. It stands to reason that the house that operates over 40 stores and represents 38 manufacturers can and does undersell his "minor competitors."

Open Evenings

Eilers Piano House Temporarily located Weeks & McGowan's Store

self, Messrs. Roberts, Earl and Smith and now he goes back and Mr. Grey takes charge of the entire tract of 80 acres.

Will Chronmel, the man who has been the bookkeeper at the Pankey logging camp on Rogue river near Peyton and had the misfortune to be caught by a falling tree and have his back badly hurt. He has returned from Medford and gone back to his former place of business.

Miss Viola Pfeister of Medford, who is teaching school at Asbestos, came out on the Trail-Eagle Point stage last Thursday on her way to Medford. Sherman Oliver of Trail also came out Saturday on his way to Jacksonville to serve as a juror in the circuit court, going to Medford on the P. & E. the same afternoon.

Mrs. Kingle and her daughter, Mrs. Henry Meyer, were pleasant callers at the Sunnyside last Saturday afternoon on their way to Medford to attend church on Easter Sunday.

R. A. Vastel and Amos Ayers went to Medford Saturday afternoon to

spend Sunday.

Lemon Charley and his brother Clay were smiling on their friends in Eagle Point Saturday afternoon.

Deter & Daley have put a phone in their meat market so now people who have phones can order meat, etc. without going to the shop.

A. B. Zimmerman, our accommodating freight agent of the P. & E., as well as merchant and general rouabout, reports business lively and Bison & Sons are generally busy as bees, and our blacksmith W. L. Childreth is so busy since his brother left for a job in Medford that he complains of too much work. He will have to have more help. Both hotels are kept busy and our accommodating postmaster, A. J. Florey, is kept busy most of the time as this is the distributing postoffice for ten offices not counting Medford. Frank Lewis is kept busy with his billiard.

The many friends of Miss Bessie Hazelton, one of our most popular teachers, are pleased to have her back among us again.

OVER 1000 MEN WOULD WED DAME

No Wedding Bells for Her However, As She is Abundantly Able to Take Care of Herself—Chooses Claim Wisely.

SPOKANE, Wash., March 28.—Miss Mabel McNickle of Chicago, formerly a stenographer, who holds ticket No. 1 in the opening of the Spokane Indian reservation April 1, is busy turning down offers of marriage. The number of proposals has passed the 1000 mark today, all of them ending in the waste basket.

Miss McNickle, who has her choice of 64 homesteads ranging from four to 160 acres, has just completed a

tour of the reserve and has picked a claim said to be worth \$10,000. Her name appeared second on the list, but Allen Newton of Helena, No. 1, has announced his intention not to file on a homestead, thus placing her first.

INSANE MAN MAKES TROUBLE FOR POLICE

RENO, Nevada, March 28.—A. R. Boetachy will be before the sanity commission today and asked to explain why he believed evil spirits were after him, jumping from the Virginia street bridge into the Truckee river, and causing the fire department and the police much work, hastening to pull him out again, all at the close of a peaceful Easter day.

Boetachy gave a yell and jumped into the river. When he struck the water he gave another yell, being convinced that though the spirits might be able to swim he would drown.

While he cries for help were float-

ing upward he was floating down stream, caught by the whirling current and plumped with a thud against some big rocks in mid-stream.

There he clung while the fire department and the police splashed about in the water and finally threw a rope over to the spirit-tormented refugee and drew him ashore. He dried out in the city jail. A big crowd stood on the bridge and cheered the impromptu life savers.

Grandmother at 28.

RICHMOND, Indiana, March 28.—A grandmother at the age of 28 years is the unusual record of Mrs. Everett Parker, a charming young matron of this city.

Mrs. Parker, who might easily pass as a girl of 20, was married at the age of 13. Her daughter to whom a son was born last evening was also married at 13. Mrs. Parker held open house today and scores of friends called to offer their congratulations.
