GOMPERS BALKS AT ROCKEFELLERS CHARITY

Complains That Labor Must Help Share the Taxes That the Foundation Will Escape.

WASHINGTON, April 1. — "Mr. Rockefeller asks to take in all trade union members as partners, at least, in sharing the expenses of administering his Foundation," says Samuel Gompers, in the April issue of the Federalist.

"In his act of incorporation," Mr. Gompers continues, "he petitions that the personal property and funds of the Foundation be exempt from taxation. By the amount of that exemption the taxes on all other men's labor and property must be increased, and the trade unions of the country — the leading organization of wealth creators would carry a very considerable percentage of that additional burden."

CLIP YOUR BEES' WINGS: THEY STEAL MY HONEY

COLUMBUS, Ind., April 1.—A "A neighbor of mine, Samuel Eusgrit, has chickens that are eating my wheat," said A. Phlander, a farmer to his lawyer. He wished a damage suit filed, but the attorney decided that a letter would do just as well. Accordingly the lawyer wrote the neighbor a letter. The attorney advised the man who was written to clip the wings of his chickens. Then he brought up a new subject.

He called attention to the fact that the farmer owned several stands of bees and he said that he knew those bees had, for several years, stolen honey from his flowers, clover blossoms and fruit trees. Now he wished the nuisance stopped.

Notice to Red Men. All members of Westonka Tribe are requested to be present Saturday night, April 2. A smoker and good time for all that attend. L. L. JACOBS, C. of E. 10

PROMOTERS WORRY OVER BLACK JACK

Rickard and Gleason Are Trying to Get Johnson to Come to Coast and Begin Training for July Mill.

SAN FRANCISCO, April 1.—"Jack Gleason, Albany Hotel, New York: Don't you come back to San Francisco unless you bring Johnson with you. This is final. Tex Rickard."

This message was received by Jack Gleason today. Rickard said that he meant every word of it.

Rickard plainly intimated that he is getting tired of Johnson's tactics in the east and that the numerous scrapes he is constantly getting into is wearing on the nerves of the Nevada promoter.

"We have had enough horse play from Johnson," said Rickard. "It is about time he should think of getting down to serious business. I don't care whether he does any hard work at first, but I want him to show up here. Now it is up to Gleason to grab him and turn the trick. Johnson is doing nothing but getting into trouble all the time and this sort of thing will do us no good in the least."

WOMEN DON'T LIKE NEW CHANTICLEER HATS

PARIS, April 1.—"Chanticleer" hats are a drug on the market. It is regarded as a "straw in the wind" showing that the barnyard and wild wood bird and animal play by Rosstand is not so popular as once it promised to be. Modistes who made quantities of the "chanticleer" hats have taken them from windows and relegated them to the back room with the down-and-outs of last season. Women won't have 'em.

BABY TRAFFIC GROWS HUGE IN DES MOINES

During Past Three Months 58 Babies Have Been Left on Various Doorsteps in the City.

DES MOINES, Ia., April 1.—With the authorities of a score of Iowa cities aroused by the recent discovery on doorsteps of very young babies, packed snugly in well ventilated suitcases, the police of Des Moines are working today on the theory that the infants have been left by representatives of an organization that is reaping a rich harvest by trafficking in babies.

Following a report by a Des Moines artist, who has an international reputation, that he had learned something of the unusual business, the officers of the Iowa Humane society today started an independent investigation. This man declared that while returning to Des Moines from Chicago last week an apparently well educated and cultured woman, who was a passenger on his train, informed him that she received from \$50 to \$100 for every unwelcome baby for which she could find a home. According to his story, she admitted that methods of home-finding that might be termed "unusual" sometimes were employed. The humane officers have estimated that at least 58 babies have been disposed of by this suitcase-doorstep method, within the last three months. They have asked the municipal authorities to assign detectives to the case.

Ashland Realty Sales.

George N. Anderson has purchased the brick block at the corner of B and Fourth streets of Thomas McKinis of Creswell, Or., for \$8500. This is the building erected by C. E. Ninger a few years ago and is considered a good business block in the Railroad addition.

R. Farnham has purchased the ten-acre orchard of M. C. Edgington for \$6500. This is a hill tract back of the Johnson place in West Ashland.

G. H. Hedberg and G. G. Eubanks have purchased ten acres of unimproved land in Sheffield Cove in the hill country east of the state normal. They will plant to orchard.

GRAND OPERA SALE OPENS TOMORROW

Remember the sale of seats for the grand opera opens at Haskins' drug store Saturday morning at 10 o'clock and is limited to those who have signed the subscription list. After 2 o'clock Saturday afternoon the sale will be open to the general public. The season list of seats does not go on this occasion and the free list is entirely suspended. First come, first served.

JIM GALLAGHER IS SEEN ON STEAMER

Clubman of San Francisco Returns From Europe Stating That He Saw "Big Jim" on Steamer for Naples.

SAN FRANCISCO, Cal., April 1.—Dr. Alexander Warner, a well-known physician and clubman in San Francisco, who just returned from a tour of Europe today, gave the first tidings of James Gallagher the missing witness in the local graft cases that has been received since Gallagher disappeared last autumn. According to Warner, he met Gallagher and his wife on the North German Lloyd steamer Koenig Albert, en route for Naples in December. "On board, Gallagher talked to me freely of his plans," said Warner.

"We had several conversations together, and I was surprised when I learned of the trouble and discussion his absence has caused in San Francisco. He did not appear to be a man running away. Neither did he seem to have an unlimited amount of money to spend.

"He told me that he had no definite itinerary outlined, but intended to go into Germany after a trip through Southern Europe. He intimated that he might be gone for six months or a year.

ONE CAR CITY WATER PIPE PASSES DENVER

CENTRAL POINT, April 1.—Mayor Leever received a wire yesterday afternoon stating that one car of steel water pipe for the city water system had passed Denver March 26 and was expected to arrive in Portland perhaps tomorrow. This means that the pipe may be expected to reach Central Point within a week, when active construction may be expected to begin.

Death.

George Perry Ross, who less than one year ago came from Toston, Mont., to reside at the home of his daughter, Mrs. Caroline Dunn, of Talent, died suddenly at his daughter's home on March 23, 1910, at the advanced age of 78 years, 5 months and 15 days. Mr. Ross was a native of Pennsylvania, having been born in Green county on August 8, 1830. In 1850 he emigrated to Virginia, settling in Monongahela county in 1850. Moved to the state of Iowa in 1851. In 1852 Mr. Ross moved to the state of Missouri, where on January 1, 1853, he was united in marriage to Miss Eliza Dye. Of this union eight children were born, three of whom preceded their father to the grave. The five remaining children are: James Ross, Toston, Mont.; Jacob Ross, Toston, Mont.; Mrs. Amanda Mongrain, Lewiston, Mont.; Mrs. Caroline Dunn, Talent, Or. Mr. Ross moved to Toston, Mont., in 1863, where he resided until August 1, 1909, at which time he came to live with his daughter, Mrs. Caroline Dunn, of Talent, where, after he had resided but a few months, he suddenly met the silent reaper.

RAILROADS FIGURE ON HIGHER RATES

Projected Raise Will Be Confined to Roads West of Chicago—Building Material to Be Raised Most.

CHICAGO, Ill., April 1.—It was learned today that rate clerks of the Western Trunk association have been checking over the tariffs for the purpose of ascertaining what rates may be varied. It is reported that the projected raise in tariffs will be confined to roads west of Chicago.

A high official of one of the western roads explained the matter by saying that all of the commodities rates are too low and were made from time to time in the old days of cut-throat competition. He concluded by saying that those days are now passed. Among some of the commodities on which the rates may possibly be raised are brick, cement, tiling, steel and iron and their products, agricultural implements and drain pipes.

SOUTHERN PACIFIC TO BACK TRAVEL TO CRATER LAKE

(Continued from Page 1.)

the most desirable thoroughfares in the state. This work will be undertaken at once and we believe that the complaints made last year will not be repeated this season."

Medford, with commensable enterprise, is hard at work raising a fund to repair that part of the route between there and Crater Lake. It has already met with considerable success and it is quite likely that at least enough money will be forthcoming to place the road in a passable condition. If this is done, then the travel between the two cities should be very heavy this year.

In view of the fact that the supreme court of the state has set aside the act providing for state aid in the construction of what was commonly known as the Crater Lake road, which was only a small section of what would eventually be a great state highway, it became incumbent on the county court to do something to place the road in such shape as to remove the many complaints that have been made against it for the past several years. This the court is going to do. The work will be done in such a way as to make it serviceable for the improvements that will be made from year to year, until a perfect highway will have been completed between this city and the lake. How much money will be needed this year remains to be seen. This will be determined after an exhaustive examination now contemplated is made.

DEATH OF INFANT CHILD OF MR. AND MRS. BROWER

The infant child of Mr. and Mrs. C. A. Brower died Thursday, March 31, at the home of its parents at 106 East Twelfth street, aged 17 days. The remains of the little one were taken to Grants Pass for interment today.

JUDGE GETS COAT BACK BY MEANS OF POSTCARDS

TRENTON, N. J., April 1. — A requisition has been made by Gov. Fort on Gov. Hughes for the return to New Jersey of Frank Arnold, now under arrest at Binghamton, N. Y., charged with stealing an overcoat from Judge Joseph W. Congdon of the court of errors and appeals of this state. The arrest was due to a postal card campaign waged by the judge for the recovery of his overcoat.

Judge Congdon wore the overcoat to the Hamilton club, in his home city, Paterson, and it was stolen when he was dining there. Determined to recover it he sent to the police of hundreds of cities postal cards describing

the coat and offering a reward for it.

The result of this was the arrest of Arnold as he was about to enter a pawnshop in Binghamton with the coat over his arm. He was arrested and the overcoat returned to the judge.

Beef Branch in Medford.

MARSHFIELD, Or., April 1.—A Portland representative of the Armour Packing company has been in the city preparing to open a branch house in Medford. Under present conditions the immediate section can be supplied from Marshfield and it is said to be the intention to make this city a distributing point when a railroad is built connecting Coos Bay with the interior.

Saturday Will Be GOSSARD DAY In Our Corset Department

On this day our patrons will have the privilege of being fitted with the newest Spring model of

by one of the Gossard Corset-ieres. When you realize that every Gossard Corsetiere and fitter is a graduate of "New School" methods you will understand the advantage to be derived.

For women who are unacquainted with the Gossard facts we give them in outline as follows: The pre-eminence of the front lacing corset is today a demonstrated dress fact. The Gossard ranks as the fashionable corset of the world. It is the original and perfect front lacing corset and affords the truest union of style and healthfulness, something which has heretofore never been accomplished. It is the only corset that adds to general beauty of line—a closed habit back that is unrivaled in distinctiveness.

It is the only corset in which you will get "ELECTROBONE"—a boning which lends suppleness and strength to wonderful degree. MADAME MILLER of the H. W. Gossard Co. has come to us from the Gossard manufactory for the one purpose of fitting your corset properly. She will be with us Saturday and she personally will be at your service.
