

### SENATOR BOURNE HAS HOPES FOR THIS STATE

Writes That Enlarged Homestead Act May Work to Cover Oregon and Utah.

Senator Jonathan Bourne, Jr., has written that his enlarged homestead act will work in favor of Oregon and Utah, if an amendment to the bill be has presented meets with favor in the senate:

Section 6. "That whenever the secretary of the interior shall find that any tracts of land, in the state of Utah or Oregon, subject to entry under this act, do not have upon them such a sufficient supply of water suitable for domestic purposes as would make continuous residence upon the lands possible, he may, in his discretion, designate such tracts of land, not to exceed in the aggregate two million acres, and thereafter they shall be subject to entry under this act without the necessity of residence; provided, that in such event the entryman on any such entry shall in good faith cultivate not less than one-eighth of the entire area of the entry during the second year, one-fourth during the third year, and one-half during the fourth and fifth years after the date of such entry, and that after entry and until proof the entryman shall reside within such distance of said land as will enable him successfully to farm the same as required by this section.

#### CENTRAL POINT ITEMS.

H. J. Stuart of this city bought a tract of land over in Sams Valley about four months ago, paying \$1500 for it. Last Thursday he sold the property to the American Development company for \$3500. He will reinvest his money in Rogue River valley land.

The ladies of the Civic Improvement club have begun beautifying the city in earnest. Roses, rhododendrons, azalias and other flowering vines and shrubs have been planted in the Beall park, handsome flower beds have been laid out in the school grounds and roses and ornamental shrubs have also been planted there. The beauty crusade has scarcely begun, in comparison with what has been accomplished in other towns of the valley, but the enthusiasm with which the citizens have given time, money and thought to the work augurs well for its success.

Central Point will have a flower show, demonstrating again that it is the unexpected that always happens. The date for this important local event is set for June 23-24, and catalogues and premium lists now in the hands of the printer will soon be widely distributed, giving further information.

The Central Point band gave a fine concert in the opera house on Monday evening for the benefit of the park fund, the net receipts being \$25. Everybody turned out and, despite the coolness of the evening, devoured quantities of ice cream.

Next Friday being Arbor day, the schools of Central Point will work in conjunction with the Ladies' Civic Improvement club, in not only planting trees, but in cleaning up the town. Tin cans, loose papers, garbage and unnecessary litter of every sort will either be disposed of or receive notice of eviction.

A fine new cylinder press has been ordered for the Globe office, together with other new equipments in the way of machinery. Editor Purdin is receiving the support of the business men of the city in his newspaper venture.

#### Sensationalism in Pulpit.

CHICAGO, April 2.—The minister who does not forsake theology for sensationalism has no place in the pulpit today, according to Professor William G. Sumner of Yale, in the American Journal of Sociology, issued yesterday from the University of Chicago Press. He says:

"The pulpit as an institution no longer speaks with authority. It tries to persuade, and to do this it has to aim at popularity. It wants to attract attention, like books, theaters, the lecture platform, and it has to have resource, like them, to sensational methods to win success.

"People don't care what the Bible says any more, as the morality of this book was written for the ancient days. Nobody has ever done what the Bible says. What men always have done, if they tried to do right, was to conform to the morals of the group and the time."

### MODEL ORCHARD TO BE PUT IN OPERATION

Company of Salem Men Incorporate to Promote Plan for Better Apples in Willamette.

SALEM, Or., April 2.—A model apple orchard is to be planted and maintained within one mile of the city limits of Salem. The company that is promoting this model orchard is made up of all of Salem business men. Articles of incorporation were filed with the secretary of state Monday by Max O. Buren, Charles L. Dick and Harry H. Olinger. The name of the company is the Salem Apple Orchard company, with a capital stock of \$5000.

The orchard that is to be planted is located one mile east of the state fair grounds and will be composed of 15 acres of Spitzenbergs. The object of the Salem Apple Orchard company will be to cultivate a model orchard that will not only be a source of revenue to the promoters, but will also be a place to take sightseers, showing them what can be done with Willamette valley soil.

Medford needs no "model" orchard. Every commercial tract in the valley speaks for itself.

#### CHARGED WITH DAMAGE OF ONE CENT BY RAILROAD

TACOMA, Wash., April 1.—Bound over to the superior court on \$1000 bonds for damage of 1 cent to the Northern Pacific freight cars, James Allen, a tramp, is in the city jail, waiting trial in the superior court. This new record for rural justice was made by Justice of the Peace George P. Wood of Roy, this county. Allen took a small quantity of oiled waste out of a Northern Pacific freight car journal box to start a fire beside the track. One cent is a liberal estimate of the value of the waste.

#### THE TRUE TEST.

Tried in Medford, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Medford. Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. J. H. Baussum, Central avenue, Medford, Or., says: "I was so bad off with kidney trouble that I could not do my housework. My back was weak and painful and in the morning when I got up I was lame and sore. The kidney secretions passed irregularly and my health steadily ran down until I was hardly able to get about. While in that condition I read about Doan's Kidney Pills and got a box at Haskins' drug store. I felt better from the time I commenced their use and it was not long before I was cured. I am in a position to recommend Doan's Kidney Pills highly to anyone afflicted with kidney complaint." (Statement given September 14, 1907.)

Permanent cure justifies re-endorsement.

Mrs. Baussum was interviewed on October 26, 1909, she said: "My former endorsement of Doan's Kidney Pills still holds good. Since this remedy cured me I have had no further attacks of kidney complaint and I have enjoyed good health. I do not hesitate to say that Doan's Kidney Pills are a specific for all difficulties caused by weak kidneys."

### MAKES MONEY IN SMALL DAIRYING

Experience of a Man at Ashland Shows What Can Be Done With a Few Cows in Rogue River Valley.

Talk about the high cost of living, dairying in a small way even seems to open up a chance to those who engaged in it to live high, and then make a profit. A few cows and careful attention will make a man independent if one can produce milk and butter and buttermilk, as does E. F. Greenman of Ashland. Mr. Greenman says from four cows, which at present constitute the little herd on his place in the eastern suburbs of Ashland, he sold milk, butter and buttermilk to the aggregate value of \$03 during the month of January just past. The feed cost him \$33 for the same period, leaving a net return of \$60 as a reward for the labor involved in caring for the four cows and their products. Of course, he bought his hay at harvest time, when it was \$12 per ton, and he fed beets and carrots freely, which he either grew himself or purchased at reasonable prices.
