

EGG IS FRESH IF ONLY 21 DAYS OLD

So Decides California State Board of Health After Wrestling Six Months With Egg Section of the State Pure Food Law.

SACRAMENTO, Cal., April 2.—An egg detained in a temperature between 30 and 34 degrees Fahrenheit for more than 14 days is a cold-storage egg and must be sold under that designation, and 21 days is the age limit for eggs to be sold under the brand, "fresh eastern." This is the decision of the state board of health after six months' wrestling with the meaning of the section of the California pure-food law dealing with eggs.

Testimony of experts engaged by cold-storage men and also by the state board taken at Los Angeles and later at San Francisco, and thousands of experiments devoted to weighing, measuring and analyzing made by Professor Jaffa in the state laboratories at Berkeley were given consideration by the board before reaching its decision. Hotels, restaurants and boarding houses offering eggs for sale must apprise their customers of the standing of the eggs, and under the menu card must be made to tell the story. Grocers and retailers must take eggs from plainly labeled packages, easily read by a casual observer. Even the general term "eggs" must, unless qualified, denote eggs that are sound, sweet and full without an air space not exceeding three-quarters of an inch in diameter. From this date the definition made today will be regarded as the section of the law dealing with the state of eggs and will be enforced. About 30 cases of alleged adulteration and misbranding of food products were referred to various district attorneys for prosecution.

CONBOY IS GUILTY OF MANSLAUGHTER

San Francisco Police Captain Found Guilty by Jury, But is Recommended to Mercy of Court.

SAN FRANCISCO, Cal., April 2.—Former Police Captain Michael J. Conboy of the San Francisco police department, was found guilty of manslaughter today. The jury was out 24 hours and after reporting recommended the defendant to the mercy of the court. The verdict was reached in a second trial of the case, the former trial having resulted in a disagreement.

Conboy last summer, while intoxicated, shot and killed Bernard Lagan. Witnesses to the shooting testified that Lagan had advanced to assist Conboy to his feet, the police officer having fallen to the ground, helpless. Conboy at the time was in plain clothes and Lagan did not know his identity.

The evidence showed that Conboy revolved Lagan, believing the youth to be a pickpocket. Lagan resented the abuse and Conboy fired several shots. One of them severed Lagan's spinal cord and the youth lingered for several weeks in a hospital suffering from paralysis. He finally succumbed to his injuries.

Conboy waivered once before and the jury disagreed. At that time there were charges of perjury against certain witnesses for the defense, but a grand jury investigation resulted in the withdrawal of the charges. The jury in the last trial reported last night that they could not agree. Judge Dunn, however, sent them back, saying that there was no reason why some men could not agree on a verdict.

Portland Wins Third Game.

It was in the sixth when the "Ducks" commenced paddling toward the winning post. Rapp had a hole in his bat, but Seaton singled and scored a few feet ahead of Netzel, who hit the ball over the fence. Olson flew out, but Casey picked out a good one and landed on the initial station. McCredie advanced Pearl with a short chop. With two on the bags and two down Ryan came through with a two-ply swat which scored Casey. McCredie rode in on Fisher's single and Ryan was mortgaged at the plate. As it was four rings sounded on the gong and it was enough to win the game.

The score looks something like this:

Portland	4	5	1
San Francisco	0	0	0

JOE CHOYNSKI TO TRAIN JEFFRIES

Berger Returns From East With Word That Joe Will Be One of the Many to Whip Jeff Into Shape for July Mill.

SAN FRANCISCO, Cal., April 2.—Sam Berger, Jim Jeffries' manager, returned to San Francisco last night from the east. Today he is telling his friends and the public generally that Joe Choynski will in all probability be one of those who will assist Jeffries in getting into condition.

"I had a long conference with Joe," said Berger, "and it is likely that he will be on hand. Our training force is nearly complete. Jeffries will do his training togs not later than the 5th of this month."

Sam said he expected tomorrow from Santa Cruz to direct final preparations at Rowardennan.

He said that he would sign a contract with the moving-picture people within a few days, so the big fellow can be caught going through his paces at the camp.

WARM WEATHER PUTS HORSES IN FINE FETTLE

NEW YORK, April 2.—Trainers at the Long Island tracks ascribe the excellent condition of the different mounts under their care to the warm weather which has prevailed for the past several weeks. The horses which are being put in condition for this season's races are far advanced already, owing to the fact that the weather has permitted thorough training. As a result some speedy races are to be expected at Belmont, Sheepshead, Gravesend and Belmont Park at the opening of the races.

Many of the trainers tried the well known western mode of handling horses this winter. Instead of keeping the animals blanketed in stalls during cold snaps the horses were allowed to run free in the paddocks. This tended to make them more rugged and better able to withstand the exhausting strain of constant spring training.

ASHLAND MAN PLANS NEW MEDFORD LAUNDRY

E. G. Poulson, for the past two years connected with the Ashland laundry, and before that with a Los Angeles laundry, who claims to be an experienced laundryman, is in Medford with the intention of starting a new laundry whose specialty will be high-grade work.

"I have ordered \$4000 worth of machinery for the new plant and am here selecting a site. I will build if I cannot find a building available. I hope to be able to open by May 1. I am to do high-grade work and think there is room for such a laundry here.

A Shoe Record

We now have in stock the "Menz Ease" work shoes. The greatest wearing shoes made in the United States. We can show thousands of testimonials from miners, loggers, farmers, mechanics and others showing the unequalled wearing qualities of the "Menz Ease" work shoes made by Menzies Shoe Co., Detroit, Mich.

There are no other shoes like them. The upper leather is tanned by a secret process that makes it soft and keeps it soft, and no other tannage wears as long. The soles, heels, counters and insoles are made of the best of leather.

We are required by manufacturers to secure names and residence of each man buying "Menz Ease" shoes in order to secure additional testimony of their long wearing qualities. These shoes wear from one to two years. The uppers will wear out 2 to 4 pairs of half soles. Price for six-inch top, now in stock, \$3.50, \$4.00 and \$4.50. We are Medford agents for "Menz Ease" Shoes.

FARMERS AND FRUITGROWERS BANK BLDG

A BIG BUNDLE OF CURRENCY

is a pretty dangerous thing to display or to be known to be about you. But a check book of the Farmers' & Fruitgrowers' Bank is never a temptation to violence. It is of no use except to the owner. Why not carry such a check book instead of the dangerous cash. Some murdered men would still be living if they had followed that prudential plan.

ORCHARDS AND HOMES

Mr. Landseker, did you ever stop to consider that it is not an easy task to select a profitable orchard or orchard site, especially for one unacquainted with the country or the business? I have been right next to the soil here for the past twenty years, raising trees and fruit, and I feel that I can give you information that is of value to you. Would you hire a lawyer or dentist to build you a house? No. Then why not seek a practical fruit-grower to advise you as to a location for an orchard?
