**Jeffries is in Fine Shape.**

ROWARDENNAN CAMP, Cal., April 7.—Jim Jeffries stripped to the buff here today for the first time since his arrival to let the "critics" judge his condition.

Jeffries' action was caused by the publication of pictures taken of him several months ago, in which he was shown to have the slender, siph-like form of a baby walrus.

Jeffries' pose in the semi-attitude revealed a flat stomach, a ribbed torso with a little fat still clinging, but also showed many creases and wrinkles where former photographs depicted bulges.

Altogether, the challenger looked in good shape at the present stage of the game.

"Defeated by trivialities," said a man of talent whose life had been a failure—and that mistake showed how he had made all the others.

Nothing is trivial that either defeats or conquers.

It is not trivial to use the right or wrong stationery any more than it is trivial to use the right or wrong words; to state your case clearly or to blunder.

The standard paper for business stationery

**OLD HAMPSHIRE BOND**

"Look for the water-mark"

is not generally used by men who make blunders; nor by men who forget that instant prejudice, or favorable impulse, is an important consideration.

That it pays always to use OLD HAMPSHIRE BOND for commercial stationery is the testimony of prudent business men. Prove this for yourself—let us give you the OLD HAMPSHIRE BOND Book of Specimens, or better still, write us for a copy. It contains suggestive specimens of letterheads and other business forms, printed, lithographed and engraved on the white and fourteen colors of OLD HAMPSHIRE BOND. Made by HAMPSHIRE PAPER COMPANY, the only paper makers in the world making bond paper exclusively.

A complete line of Old Hampshire Bonds, all colors, carried by us. We will be pleased to quote prices.
