COUNTY COURT NOW IN SESSION

First Day Is Devoted to Auditing the Bills for the Past Month—Ten New Additions to City of Medford Considered Today.

The county court met in regular session Wednesday. As is the usual custom, the first day was given up to the consideration and auditing of bills contracted during the previous month. Viewers were appointed for a prospective road from Butte Falls to Prospect, viz.: Irvin McCall, Thomas Cay and Frank Grisez. This morning the board tackled the matter of considering ten additions to the city of Medford, plats for which were filed.

MORE POLICEMEN PROVIDED FOR

City Council Raises Salaries and Adds Man to Force—Chief Now Paid \$80 Month—Other Men \$75.

At its last regular meeting the city council took measures to give the city better police protection, a fourth policeman being employed, and the salaries of the entire force being raised to \$75 a month with the exception of the chief, who is to get \$80. Medford has grown rapidly that it has completely run away from its police force. Last month the night men sent in their resignations, stating that the field they had to cover was so great and the compensation so small, that they could not see their way clear to retain their positions. When this matter came to the attention of the city council the city dads saw the justice of their plea and have given the night men more help and higher salaries. It will not be a great while before a central police station will have to be established for the ample protection of the city.

FISH ASSOCIATION HOLD MEETING SOON

Annual Meeting Planned for Tuesday, April 19—Full Attendance of Members is Requested.

The annual meeting of the Rogue River Fish Protective Association will be held Tuesday evening, April 19, in the Commercial club rooms. A full attendance is desired, as many important measures are to come before the gathering. An initiative petition is being prepared to close the Rogue to commercial fishing. This will be circulated by the association and the necessary number of names secured to place it upon the ballot next November. Application will be made for young trout from the state and government hatcheries. The screening of irrigating ditches and building of fishways will also be looked after. Mr. and Mrs. S. M. Stone of Hill, Cal., are in Medford on a short visit.

CITY COUNCIL DISPOSES OF MUCH MINOR BUSINESS

At a regular meeting of the city council held Wednesday evening much minor business, such as the allowance of bills and discussion of city affairs, was conducted. The Big Pines Lumber company was given permission to erect a sawdust house near their planing mill, which is within the fire limits. Bass & Hale were granted a liquor license for a period of six months. Resolutions providing for a sewer on Maple street, in the alley between Beatty and Boardman streets, on Central avenue, from Jackson to north limits on Orange and on West Ninth, were passed. The Phipps addition and that of Chancey & Conroy was referred to the street and road committee. A water main was ordered on Tripp street. A petition to grade South Peach street was referred to the street and road committee. A number of deeds for the opening of roads in various parts of the city were accepted. Opening of the bids for the construction of water and sewer mains was postponed for two weeks.

SAFE TAPPED IN KEEGAN SALOON

Someone Gets Next to Coin in Jacksonville Saloon, But No One Seems Able to Solve Mystery—Loss is Nearly \$100—No Clue is Found.

The safe in the Luy & Keegan saloon in Jacksonville was tapped some time in the forenoon Wednesday by some artist who was evidently acquainted with the premises and the customs of the place. The safe stands in the main room of the establishment and is easily accessible. It is the custom of Chris Keegan, who opens up in the morning, to unlock the safe, so that if any extra change is necessary it can be readily reached. Yesterday morning he unlocked the safe, but did not open the door. In the afternoon his partner, Harry Luy, came in and opened the safe. He found almost at once that the purse in which their change in gold was kept had vanished. How and when the purse disappeared is still a mystery. Evidently while Keegan was working about the rear part of the saloon during the morning the thief had quietly slipped in, swung back the door of the safe, took the purse containing the gold and made his way out as quietly as he had come in. That the robber knew what he was after and just how to get it was evident, as he could not have had more than a few minutes to turn the trick. The loss is between \$75 and \$100. Some months ago the City drug store in Jacksonville was entered and the "change sack," concealed in its usual place, was taken. The Luy & Keegan robbery looks like the work of the same artist.

WANT PAVEMENT BEFORE TREES

Ladies of Greater Medford Club Hit Snag in Their Program for Beautification of Streets of the City.

The ladies of the Greater Medford club are running into a snag in connection with the planting of trees upon the streets of the city, except along such streets as have already been improved by the laying of pavement. Property owners on other streets wish to await until their streets are paved before they plant trees. According to the report of the city engineer for the month of March, stakes were set for the placing of 399 trees on the streets of the city. On Central avenue, North, 222 stakes were set, on Tripp 47, on Cottage street 59, and on Roosevelt avenue 71. This work has been temporarily suspended until the engineer's office catches up again with their other duties, which are extremely weighty at this time.

WEDDING BELLS.

Cady-Merriman... At the Episcopal parsonage last evening Mr. C. H. Cady, assistant city treasurer, took to wife Miss Mollie Merriman, one of the most popular of the young ladies of the city. The ceremony was conducted by Rev. Lucas, the rector of St. Mark's. The wedding was a very quiet one, only the immediate relatives of the contracting parties being present. The bride was attended by her sister, Mrs. Robert W. Telfer, while Mr. Telfer assisted the groom. The young couple will reside on the east side, where they will be at home to their many friends after the first of the month. Mrs. Cady, as Mollie Merriman, has resided in Medford all of her life. She is one of the leaders of the younger social set and has a host of friends who wish her well in her new venture. Mr. Cady came to Medford about a year ago from Minneapolis and since then has won for himself many friends in the city. He is at present assistant city treasurer. The wedding came as a great surprise to the many friends of the young couple. The biggest shipment of spraying materials ever sent to any fruit district in Oregon was received during the past week at Medford, when 90,000 pounds arrived. It will be used to fight fruit pests in the Rogue River valley. Haskins for Health.

CIRCUIT COURT AT PASS MONDAY

Grand Jury Will Also Convene Again Monday and Finish Work in Readiness for Opening of Court on Monday, April 18.

GRANTS PASS, Or., April 7.—The adjourned session of the circuit court will convene next Monday, Judge F. M. Calkins presiding. It has been the policy of Judge Calkins to hold court from time to time during the past two months in order to take up many of the old cases on the docket as soon as they are ready and to dispose of the equity cases as fast as the attorneys are ready. The object of this is to lighten the regular term of court so that it will not be necessary to keep the whole jury here for a week or more, and in that way save the county considerable expense. The grand jury that sat at the January term of court, it will be remembered, adjourned without finishing their labors and they have been recalled and will sit in session next Monday. In this way the cases that are now ready to come before the grand jury can be heard and reported and all ready for the regular term of court which will convene on the 18th of this month, so that what criminal cases there are can be taken up at once before the regular April jury panel, which will be found published in another part of this issue. This is a good idea, as heretofore the petit jury has been held unduly long, costing the county a great deal of money waiting for the grand jury to return indictments, it not being known whether those indicted would plead guilty or not. It is not thought that the grand jury convening Monday next and will be long in session, as the criminal cases that will come before it will soon be disposed of, they being cases that will not take long, as the defendants are now in jail and the witnesses against them ready to testify. There are many old law cases on the docket that is making that book burdensome, and it is hoped that the methods adopted by Judge Calkins will result in clearing it up to a considerable extent.

CONSOLIDATE 40 MUSIC HOUSES ON COAST

With headquarters at Portland, all the 40 Eilers music stores on the Pacific slope have been consolidated and the incorporation papers will be filed immediately for the new concern, to be known as the Eilers music house, with a paid-up capital of \$3,000,000. Word of the completion of the deal, which has been pending for considerable time, reached Portland Wednesday. This consolidation creates one of the largest and strongest corporations devoted to the sale of musical instruments in America. The company will control the sale of many of the foremost lines of American and European pianos and musical instruments. The consolidation of interests in this line has been made necessary by trade conditions existing on the Pacific coast. Three pianos are sold on the Pacific coast to one sold in any other section of the United States, in proportion to population, indicating the prosperity of the people on this coast. Eilers has grown to its present size from a small beginning in 11 years. Among the most famous of makers handled by Eilers are the Chickering and the Hallet & Davis, the Sohmer, the Weber, the Steinway pianola piano, the Kimball, the Hobart M. Cable and the Smith & Barnes. The following men, identified with the piano business of the Pacific coast, form the directorate of the Eilers music house: Chairman, Henry Eilers, founder of the firm; D. S. Johnson, president; Adolph H. Eilers and S. J. McCormick, Portland; G. A. Heidinger, Spokane; R. S. Fringer and Clarence R. Hopper, Seattle; R. S. Irvine, Stockton; A. L. Andrews, Tacoma; W. S. Gannon and Theodore Hardee, San Francisco.

RUSSIAN COURT IS ONCE AGAIN OPENED

ST. PETERSBURG, April 7.—Social life in the Mascovite court, which has been practically suspended since the war with Japan, has been resumed with full vigor. The resumption of court likewise marks the recovery of the empress from an illness which confined her to the palace for several weeks. She made her first court appearance yesterday when she received American Ambassador W. W. Rockhill. A canal will be begun soon to drain and reclaim 19,000 acres in the Wood River valley, Klamath county.

Every Sensible Man Seeks Comfort In Low-cut Shoes - And Gets It In Our Smart REGAL OXFORDS \$3.50 \$4.00 \$5.00

Because every Regal Shoe is made on a scientifically designed last by the most skilled shoemakers in the world. Because Regal Shoes come in quarter sizes—just double the usual number of shoe-fittings—insuring an exact fit for every foot. Because Regal catheers are light and comfortable on the feet. Because Regal Oxfords never "chafe" the heel, but fit smoothly and snugly. In addition to perfect comfort our Regal Oxfords give you the latest, correct low-cut styles for the season. These styles are built on advance models designed by celebrated New York and London custom bootmakers. Drop in and let us show you these smart Regal Oxfords. Try on a pair and learn how snugly and comfortably they fit your foot. Once you wear them, you'll never wear any other kind.
