SCORES TEACHINGS OF TAMA JIM

Illinois Professor Denounces Statements of Secretary Wilson as Being "Damnable," "Abominable" and "Disgraceful."

CHICAGO, Ill., April 9.—It is believed here today that Secretary Wilson will probably make a reply to the stinging criticism of himself and teachings which Professor Cyril G. Hopkins of the University of Illinois delivered yesterday in an address before the City club.

In his address he characterized Wilson's teaching as "damnable," "abominable" and "disgraceful." He said in part:

"Practically all soils contain sufficient plant food to produce good crop yields. This supply will be indefinitely maintained.

"So far as the present outlook is concerned the nation possesses ample resources in its soil for any conceivable increase in population for several centuries.

"The soil is the one indestructible, immutable asset that the nation possesses. It is the one resource that cannot be exhausted, that cannot be used up.

"From the modern conception of the nature and purposes of the soil it is evident that it cannot wear out, that so far as the mineral food as concerned it will continue automatically to supply adequate quantities of plant food for crops.

"As a national asset the soil is safe as a means of feeding mankind for untold ages to come."

After he had cited these quotations Professor Hopkins said:

"Can you blame the farmers for continuing to wear out their land when these are the teachings promulgated from the highest authority in the United States? And these false teachings are all the more damnable because the common soil type on the abandoned farms in Maryland, only a few miles from Washington, contain only 169 pounds of phosphorus in the plowed soil of an acre, while the richest black prairie of Illinois, with a value of \$300 an acre, contains more than 2000 pounds of phosphorus in the same stratum."

As a remedy for the rapid wearing out of farms, Professor Hopkins suggested pulverized phosphorus rock, as is to be found on the public domain.

Wedding Bells.

(Ashland Tidings.)
John Longin and Miss Ida Tolman were married at the Church of the Holy Rosary Tuesday morning, with the full rites of the Catholic church. The bride and groom entered from the parochial residence at 9 o'clock and as they approached the altar William Erhart Snyder struck up Lohengrin's wedding march. Rev. Charles Mackin, S. J., pronounced the impressive ceremony, after which the nuptial mass was celebrated.

Mrs. P. S. Provost and Mrs. George Bassett sang most beautifully, "O, Love Divine." Congratulations followed. The wedding was one of the handsomest in the history of the local church, the superb accompaniments in the way of music and flowers adding to the happy occasion. Following the church service a wedding breakfast was served at the home of Mr. and Mrs. O. O. Helman (the bride's sister) to the immediate wedding party.

Both of the contracting parties are well known in Ashland. The groom has for 12 years past been a faithful member of the Tidings mechanical force as foreman and in charge of the job printing department. The bride is a native daughter and a member of one of the oldest and most widely known pioneer families of Oregon, her father, the late General J. C. Tolman, having been conspicuous in state and county affairs for many years. The newly married couple will make their home in Ashland.

George-Childs.

Lawrence George, a former well-known Ashland resident, now of the State University, Eugene, was married at Central Point Tuesday evening to Mrs. Cornelia Childs of the latter place, and the newly married couple left for their future home at Eugene.

BARNEY GOES MILE IN 0:36.22

Establishes New World's Record for Mile on Circular Track—Siefert's Car Overturns and Nearly Meets With Death.

PLAYA DEL REY, Cal., April 9.—A speed duel between Barney Oldfield and Ralph De Palma was the big attraction announcement for the second day's sport at the Del Rey plank track.

Oldfield's mile in his "lightning" Benz, which he negotiated in 36.22 seconds, is the fastest time for the distance ever made on a circular track. Barney will try to clip a second off De Palma's time of 3:16.52 for five miles. Until yesterday Oldfield was the holder of this record and he declared he was determined to regain his laurels.

Frank Siefert apparently is entirely recovered from the bruises received when his car overturned yesterday. Siefert was pinned beneath his heavy Dorris, which plunged off the track while speeding at a terrific rate. The spectators regard his escape from death as miraculous.

Lowering clouds and predictions of showers threaten to cut down the attendance at the motordrome today.

\$150 AN ACRE—270 acres, foothill land, about 6 miles from Medford; there are about 85 acres on this place now planted to fruit which includes about 26 acres in bearing. The bearing varieties are Newtown and Spitzenberg apples and Comice pears. There are 25 acres of Newtowns in their second year with peach filler; and about 6 acres of Newtowns just planted; also 20 acres of Jonathans and 10 acres of Bartlett and Anjou pears just planted. About 200 acres of first-class fruit land on the place. There are many springs on the place and considerable water could be developed for irrigation; two houses, good barn and other buildings. Would subdivide nicely. Easy terms.

\$2500—Sixty acres, 6 miles from Medford, about 15 acres cleared and partly planted; small buildings.

\$250 AN ACRE—70 acres, about 4 miles from Medford, free soil; 25 acres planted to Newtown and Spitzenberg apples, mostly 3 years old; in addition, about 25 acres under cultivation, balance easily cleared; good new 6-room plastered house, new barn; also set of old buildings. Could be subdivided into two or three tracts nicely. easy terms.

\$5500—Six miles from Medford, good new buildings, about 8 acres planted to Newtowns, Spitzenbergs and pears, 1 and 2 years old; about 7 acres additional cleared, balance not hard clearing; good team, wagon and machinery goes with the place. This is a 40-acre tract.

\$15,000—A first-class fruit and alfalfa ranch, 185 acres, 5 1/2 miles from railway station, practically all bottom land, 140 acres now under cultivation, water right with place; fair house, two barns, schoolhouse on the place, for \$15,000, which is only \$81 an acre; \$6000 cash will handle, and easy terms can be had on the balance; this is a fine chance to get a first-class tract of low-priced land for development purposes. We don't think this will last long, and if you are interested, come in and see us about it.

\$12,525—Eleven acres in Comice pears, 10 years old; 9 acres in Bartlett and Anjou pears, 1 to 3 years old; close in; good soil; terms.

\$12,000—Eleven acres in Comice and Bose pears, 14 years old; these trees are in full bearing and will pay a good income on the price asked.

\$15,000—Twenty acres, fine new modern bungalow, buildings easily worth \$4000; about 13 acres of apples in full bearing; trees are 10 years old; balance planted to apples 2 years old; good soil; slightly location; close to market; an assured income from the beginning; a fine home.

\$150 to \$200 PER ACRE—Stewart acre tracts; 2 miles from Medford; tracts are from 10 to 25 acres in size; fine building spots on all; can all be irrigated; cheapest tracts in Medford neighborhood; easy terms.

\$300 PER ACRE—Finest 5 and 10-acre orchard and garden tracts in the valley; easy terms.
