JEFF PUTS IN A GRILLING WEEK

Takes Strenuous Exercise and Seems to Enjoy It—Proves His Skill With Hook and Line by Pulling Out Fifty Trout.

ROWARDENNAN CAMP, Ben Lomond, Cal., April 9.—Jim Jeffries spent the last day of his first week in training quarters by a program as strenuous as that of some presidents we have known.

After an early rise, plunge and breakfast, the challenger hiked to Boulder creek, a mere trifle of nine miles or more, and on the return jaunt finished the last mile at a five-minute clip.

Jeffries' companions, "Farmer" Burns and "Bob" Armstrong, stayed with him, but they arrived much the worse for lack of wind, while Jeffries was hardly blowing.

Then came a spell of handball, a little baseball and some gymnasium work for good measure. Jeffries' gymnasium work was the first he has undertaken, with the exception of light work at wrist and chest machines.

The punching bag today came in for a thumping by the burly fighter. Jeffries also planned to engage in light sparring with Bob Armstrong. The soreness that Jeffries felt yesterday through his shoulders and arms was gone today and he appeared eager for a run-in with his trainers.

Jeffries incidentally has won the title of champion fish-catcher of Ben Lomond. He went out yesterday morning for a few hours and returned before lunch with a string of 50 trout.

Sam Berger, Jeffries' manager, left for San Francisco today to secure an automobile and some camp supplies.

Jeffries had planned an automobile trip to Santa Cruz for tomorrow, but postponed the jaunt when he learned that a big delegation of fans from San Francisco planned to arrive here Sunday to see him at work. The big fellow will stay at home tomorrow and will give the fans a satisfying exhibition.

SOCIALISTS WILL MEET IN KLAMATH FALLS

KLAMATH FALLS, April 9.—D. H. Burrell, who recently returned from Portland, where he attended the meeting of the state delegates of the Socialists, says that he was successful in securing the meeting of the state Socialist encampment for this city, provided the local Socialists can raise \$2000. Mr. Burrell says this amount has already been pledged and he is confident that the encampment will be held here. The date for the meeting has not yet been set, but it will be some time in the latter part of June, and means the bringing of something like 5000 people to this city. The district comprises all of the state of Oregon and

ROBBERS HOLD UP CAR; GET \$500

Bold Robbery Takes Place in Seattle—Car Stopped and Passengers Looted—Suspects Arrested, But Little Evidence.

SEATTLE, Wash., April 9.—Four men were arrested early today, charged with participating in the hold-up of a crowded Alkpoint electric car at midnight, the boldest robbery here in years. The police admit there is little evidence against the four suspects and they will probably be released.

An Alkpoint car filled with returning theater crowds was brought to stop at midnight at First avenue and Hanford street by an obstruction across the track and a red lantern.

Threatening death to any one who resisted, three masked men boarded the car and, with drawn revolvers, compelled the passengers to give up all their money and valuables.

A spectacular pistol duel between Thomas Gifford, a watchman, employed at a nearby crossing and the hold-up man took place as the robbers were leaving the car, the desperadoes going down Hanford street toward the waterfront, firing as they ran.

There were 47 passengers on the car and all of them lost either money or valuables. The combined loot is estimated at \$500.

When the news reached the police station the emergency automobile, filled with policemen, was rushed to the scene and for two hours patrolmen and detectives went over the ground, four suspects being gathered in.

The last car on the Alkpoint line, which left Pioneer square at 1 o'clock, was guarded by detectives who made the round trip in anticipation of a possible renewal of the attack by the bandits.

Apple Bill Sleeping.

WASHINGTON, April 9.—The apple package bill, which was introduced into the senate by Senator Guggenheim of Colorado is still awaiting consideration by the committee on agriculture.

Northern California.

Mr. Burrell is now working for the securing of suitable camping grounds for the accommodation of those who will attend. Accommodations at the hotels for all the visitors will be impossible, and Mr. Burrell says he will secure tents for the overplus so that all may have some place to sleep. Many will come from the interior by wagon and bring their own camping facilities. For these suitable camping grounds, wood and water will have to be secured.

Mr. Burrell is also a delegate to the national convention at Chicago to be held on the 5th of May. He will leave about the first of next month for the Windy City.

WOODVILLE HAS BOOSTERS CLUB

The Baby Incorporated Town of Jackson County Starts Out With Forty Full-Fledged Boosters—A Pleasant Time at League Meeting.

Woodville is bound to get upon the map.

Within the past year the village has built a \$25,000 schoolhouse, has "put in" with the county in the construction of a \$15,000 bridge across Rogue river, and Friday it organized a booster club of 40 live ones.

May 5 the town of Woodville will be incorporated, and judging from the way they do things there it will be one of the busiest little burgs in the county.

"I have become a convert to the booster idea since I came west," said one gentleman who recently settled at Woodville. "It was the attractive advertising that induced me and some of my friends to come to the Rogue River valley. When we found that the advertisements were borne out by the facts we stayed. I bought some land on Evans creek, and, really, I was ashamed to take the land for the money. It was all the owner wanted, though, and we were both satisfied. I am free to state, however, that the man who buys real estate on Evans creek after this will be paying more money than heretofore."

RESOLUTIONS FOR WATER MAINS

Be it resolved, by the city council of the city of Medford, Oregon: that it is the intention of the council to lay a . . .-inch water main on Ninth street from Orange street to Hamilton street, and to assess the cost thereof upon the property fronting on said portion of said street in proportion to the frontage of said property.

The council will meet at the council chamber in the city hall in said city on April 19th, 1910, at 7:30 p. m., at which time all protests against the laying of said water main on said portion of said street and the assessment of the cost thereof upon the property fronting thereon will be heard.

The foregoing resolution was passed by the city council of the city of Medford, Oregon, on the 6th day of April, 1910, by the following vote: Welch aye, Merrick absent, Emerick absent, Wortman aye, Elfert aye and Demmer aye.

Approved April 7th, 1910.

Apple Exports Heavier.

NEW YORK, April 9.—Apple exports were heavier this week, according to Mahlon Terhune, the freight broker, and forwarding

agent. The exports to Europe last week comprised 16,941 barrels, against 17,507 barrels during the corresponding week last year. The total shipments this season aggregate 2,154,064 barrels, or 580,447 barrels more than at a corresponding period in 1909.

Boston led last week with a total of 6487 barrels and 1895 boxes. Of these, 2725 barrels went to Liverpool, 1991 to Glasgow and the balance to various other cities. Portland was second with 4690 barrels, of which

3588 went to Liverpool and 1102 to London. New York's contribution to the exports comprised 3014 barrels, of which 2019 went to Liverpool, 289 to London, 596 to Glasgow, 58 to Hamburg and the balance to other places. Halifax exported 1060 barrels, all of which went to Liverpool. St. John sent 354 barrels to Liverpool, 346 to London and 990 to Glasgow.

If you have more to sell than ever before, you need more advertising space than ever before.
