

SAYLER TRIAL DRAWS TO CLOSE

Night Session of Court to Be Held to Instruct Jury—Pronouncements Will Be Taken to Save Accused Persons From Mob.

WATSEKA, Ill., April 9.—Feeling that mob violence might follow a verdict of acquittal in the Sayler murder trial here, special precautions have been taken to guard Mrs. J. B. Sayler, John Grunden, her father, and Dr. William Miller, accused of the killing.

Sheriff Heikes today summoned the sheriffs of four surrounding counties and each, with a number of deputies, will reach here late today and remain on guard until the case ends.

The arguments, which it was supposed would be concluded by noon, are not yet finished. They will be concluded late this afternoon. A night session of the court will be held to instruct the jury.

The courtroom has been crowded all day by eager listeners and it has been with difficulty that the court has maintained order.

Although there has been no recent demonstration against the defendants, Sheriff Heikes declares he will take no chances and will have such a guard on hand that an outbreak will be impossible. When the first arrests were made in the Sayler case, threats were made against the prisoners and they were once removed from the Watsika jail, fearing that violence might be used against them. At that time crowds gathered before the jail and hooted at the prisoners and threats against them were heard.

Sheriff Heikes believes that there is still considerable feeling against the prisoners, and if the case should result in acquittal he believes that the feeling might flare up and that the prisoners would be in danger.

INCREASES ARE MADE IN APPROPRIATIONS

WASHINGTON, D. C., April 9.—The senate committee on commerce issued a statement today showing the changes in the harbor bill as it came from the house. Among the principal increases recommended are the following:

For California—Sacramento and Feather rivers, \$15,000; Los Angeles harbor, \$300,000.

For Washington—Improvement of Columbia river channel from the mouth of the Willamette river to Vancouver, \$2500; Coville and Lewis, \$19,100; Willapa river and harbor, \$20,000; Gray's Harbor jetty, \$75,000; Gray's Harbor, \$17,500; Columbia river, between Bridgeport and Kettle Falls, \$50,000.

BREAKERS AHEAD SENATOR LODGE

Believed That Massachusetts Senator Will Have Hard Fight to Prevent Being Retired at Expiration of His Term.

BOSTON, Mass., April 9.—That Senator Henry Cabot Lodge will be retired at the expiration of his term next year is the prediction being made here today by adherents of Congressman Butler Ames, a candidate for the senate.

"To displace Lodge will be easy," declared Representative Barlow. "The election of Eugene Foss in the fourteenth Massachusetts district over Buchanan, the Republican nominee, shows the temper of the people and has given everybody courage. Lodge made the fight a personal one in that district. He was beaten. All the Republicans in the state are with us except a few of the machine men. Lodge will be beaten."

The feeling among politicians here that Lodge will have a hard fight is causing considerable comment in the light of the fact that the whole fight has been waged on the tariff question.

Card of Thanks.

We desire to thank our many friends and neighbors for their kind sympathy and assistance during the sickness and death of our little boy, Marjoe Dee Moore.

CANNON GETS HIS AUTO AFTER ALL

Learned Today That Appropriation Bill Provides Money to Furnish Speaker With Machine to Be Cared for at Government Expense.

WASHINGTON, D. C., April 9.—It was learned today that Cannon is to have "that automobile after all." An examination of the legislative appropriation bill revealed the fact that the machinery which bears the speaker to and from the capitol will be cared for at government expense.

According to an amendment of the bill which was presented to the upper and lower house, a provision was made for the maintenance of the vice-president's car, while the one relating to the speaker's car was rejected.

As a matter of fact, that is what happened. Cannon would have been compelled to take a streetcar and ride with the proletariat, but—the \$2500 appropriation for the speaker's car was transferred to another paragraph.

Therefore, Cannon will continue to ride and the government continue to pay for his automobile.

WRIGHTS WIN BIG VICTORY

Aero Club of America Decides to Recognize Their Priority and Refused to Sanction Meets When Wright's Patents Are Unrecognized

NEW YORK, April 9.—The Wrights today won the most sweeping victory they have achieved since they began their fight to protect their aeroplane patents when the Aero club of America decided to recognize their priority of the claim and refused to sanction meets when the promoters refuse to recognize the Wright patents.

The decision means that most of the meets held in the United States and considered as official by the Aero club will be restricted to American made machines. Most of the better known foreign machines, including the Farman biplane, would be placed under the ban. Glenn Curtiss would also be barred from using his own machine in any such events.

Today's store ads should tell you about most of the very latest rewriting of prices that has been going on—and some of this information should mildly excite you.

TURN EXPENSE INTO INVESTMENT

If it's merely a question of what you can "get along with," use an ordinary paper for your business stationery.

If, however, you are seeking to turn expense into investment, use

The standard paper for business stationery
OLD HAMPSHIRE BOND
"Look for the Water Mark"

The added influence given your messages by the clean, crisp sheets will wipe out the expense item and leave a balance on the other side.

A little journey into the workings of your own mind will strengthen our argument. To help, ask us for a specimen book of the paper showing letterheads and other business forms, printed, lithographed and engraved on the white and fourteen colors of Old Hampshire Bond. It's worth having.

Made by HAMPSHIRE PAPER COMPANY, the only paper makers in the world making bond paper exclusively.

Announcement

Messrs. G. F. Cuthbert & Co. beg to announce the opening today of the
TENT CITY
Corner of Oakdale Avenue and Eighth Street, Opposite City Park.

No expense has been spared to provide every comfort of a first-class hotel.

Each tent is built on a sealed platform with sealed side walls three feet in height, ample screening and screen doors allowing perfect ventilation and fresh air. A canvas partition between the tents gives absolute privacy and the overhead flys give shade. The whole Tent City is electric lighted. The furnishings are new and planned with a view to comfort. The central idea in mind is thorough sanitation and cleanliness.

The office tent is neatly equipped and has a strongbox for valuables.

The inspection of the public is invited.
Cor. Oakdale Ave. and Eighth St.
Opposite City Park.
