

CHINESE FLOCK IN BY WAY OF MEXICO

Celestials Show Surprising Contempt of the American Patrol—Lack of Funds Hinder Authorities.

WASHINGTON, April 16.—With a surprising contempt of the United States patrol on the Mexican boundary, contraband Chinese are flocking into the country. To peruse the statistics of the Pacific seaports in an attempt to get an idea of the amount of Chinese immigration into the country is becoming an absurdity. They no longer make themselves miserable, lying couped up in drygoods boxes to be smuggled into San Francisco. Mr. Yung Toy Lee simply waits until the moon goes under a cloud and then quietly scuffles across the line from Mexico into this Utopian land.

A lack of money is seriously handicapping the immigration commission authorities from energetically prosecuting cases against Chinese found unlawfully in the country, and in several instances they have even sidestepped the question of deporting them to China simply because of the cost of passage.

The appropriation for the immigration service this year was \$2,400,000. A deficiency of \$100,000 by the end of the fiscal year, July 1, seems to be assured and the officials are practicing all possible economy to prevent it from exceeding that amount. This has not only resulted in cutting down the force appointed to head off the flying Chinese, but has affected the thoroughness of the examination of immigrants at Ellis Island.

The service demands more money and the chance to employ more and higher-priced men for inspection duty. An immigrant is not entitled to entry who has committed an act involving moral turpitude, who has abnormal criminal or insane tendencies or is unfit to provide for himself and those dependent upon him. In short, a standard is set for him mentally, physically and morally, and a \$1100 to \$2000 a year inspector is given a few minutes in which to fit his man or woman to the pattern.

To effect this, Anna Eva Fay task, Assistant Secretary of Commerce and Labor Cable has been working very late into the evenings evolving "methods" whereby it might be accomplished. He has now worn off a portion of his enthusiasm and admits that he needs more men, better men and more money from congress.

ONLY ONE "BEST."

Medford People Give Credit Where Credit is Due.

People of Medford who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Medford. Here's Medford testimony:

Mrs. C. H. Hoxie, Fir street, Medford, Or., says: "I publicly recommended Doan's Kidney Pills in 1907, after they had benefited me, and now I am pleased to speak in their favor again. I had kidney trouble for several years and the backache gradually grew worse as time passed. If I attempted to stoop or move quickly, sharp twinges darted through my loins and hips and sometimes I was lame for days. The kidney secretions passed far too frequently and I also noticed sediment in them when they were allowed to stand. My health steadily ran down and I was feeling miserable at the time I commenced taking Doan's Kidney Pills, which I procured at Haskins' drug store. They helped me from the first, although other remedies had proven useless, and as I continued taking them I grew better, until not one symptom of my old trouble remained."

LARGE FLOCK RARE PIGEONS IS SEEN

Reported That Covey of Rare Birds Is Seen in Valley—Should Interest Audubon Society.

A good-sized flock of wild pigeons has been seen in the valley and from the general description of their appearance, methods of flight, etc., it would seem that they are the passenger pigeon, once so numerous in the middle west and eastern states, but now supposed to be practically extinct.

Should this flock prove to be the true passenger pigeon it will be a matter of considerable interest to the ornithological world, as a recent report from officials of the Audubon society asserts that there is not a single flock of these birds left in the wild state and less than a score in captivity.

It is barely possible that a limited number of these interesting and beautiful birds have continued to exist in the Cascade range, unnoticed by naturalists and but little molested by hunters. Should this prove true, an effort should be made to thoroughly protect this remnant of the vast flocks that once were a feature of the United States.

The flock in question is estimated to contain from 200 to 300 birds.

SUMMONS.

In the circuit court of the state of Oregon for the county of Jackson.

Woods Lumber company, a corporation, plaintiff, vs. Cascade Coal Company, a corporation, J. C. Brown and J. W. Broadbent, defendants.

Suit to foreclose lien.
To J. W. Broadbent, one of the above named defendants:

In the name of the state of Oregon, you are hereby required to appear and answer the plaintiff's complaint now on file against you in the above entitled court and cause on or before the last day of the time prescribed in the order for publication of summons herein, to-wit: on or before the 28th day of March, 1910, said date being the expiration of six weeks from the day of first publication of this summons, and if you fail to appear and answer, for want thereof the plaintiff will apply to the court for the relief demanded in said complaint, succinctly stated as follows:

That the plaintiff be awarded judgment against the defendants and each of them for the sum of \$540.37, together with interest thereon at the rate of 6 per cent per annum from the 19th day of August, 1909, until paid, and for costs and disbursements of said suit, including \$150 reasonable attorney's fee and the further sum of \$2.25 paid for filing and recording the certain lien described in said complaint; that said principal sum and interest and costs and disbursements and attorney's fee be decreed a lien upon defendant's real property mentioned in said complaint and described as follows:

The southeast quarter (1-4) of the southeast quarter (1-4) of section four (4) and the southwest quarter (1-4) of the southwest quarter of section three (3) in township thirty-seven (37) south of range one (1) west of Willamette meridian; that said described property be sold under the order and decree of said court, as by law provided, and that the proceeds, or sufficient thereof, be applied in payment of said judgment; that the defendants and each thereof be barred and foreclosed of all right, title or equity of redemption in or to said property.

This summons is published in the Medford Mail Tribune by order of

Hon. F. M. Calkins, judge of the above entitled court, which said order was made and entered on the 12th day of February, 1910, and the first publication hereof is the 13th day of February, 1910.

W. E. PHIPPS,
Attorney for Plaintiff.

To find a "bucker" through a want ad seems almost too simple—but three-fourths of them are found that way.

35.55 ACRES

Located two miles west of Medford, on the main road to Jacksonville. The soil in this neighborhood needs no commendation—there is none better in Oregon.

This tract is all planted, the varieties being as follows:

757 Yellow Newtowns.
580 Spitzenbergs.
319 Bartlett Pears.
242 Winter Nelis Pears.

288 Early Crawford and Elberta Peaches (planted as fillers.) The greater portion of these trees were planted in the winter of 1906 and are now in their fourth season. They have made a nice growth and are in good condition. There are buildings on the place, ample for present needs.

The price is \$600 an acre, and we can make good terms.

ORCHARDS AND HOMES

Mr. Landseeker, did you ever stop to consider that it is not an easy task to select a profitable orchard or orchard site, especially for one unacquainted with the country or the business? I have been right next to the soil here for the past twenty years, raising trees and fruit, and I feel that I can give you information that is of value to you. Would you hire a lawyer or dentist to build you a house? No. Then why not seek a practical fruit-grower to advise you as to a location for an orchard?
