

"GRAY MATTER IS NEED"—MARSHALL

Indiana's Governor Discourages Use of Red Fire in Campaigns—Will Not Be a Candidate for United States Senate.

INDIANAPOLIS, Ind., April 19.—"Gray matter instead of red fire is solving the question of the times. Party lines were never so loose as they are now," declared Governor Thomas R. Marshall of Indiana, whose boom for the democratic nomination for the presidency was launched at a Jefferson day banquet. "Reason campaigns are less spectacular, but they bring better results."

Governor Marshall is urging his plan to have the democratic state convention, which convenes April 27, nominate the party candidate for the United States senate. There is strong opposition to this plan in the party here, but Marshall is using his influence to compel such action.

Governor Marshall today insisted that such a nomination is necessary. The convention delegates representing the people, in his opinion, are better fitted to choose a senator than the legislators, who have incurred political obligations and are actuated largely by party policies.

In his effort to have a senator chosen by the convention Marshall eliminated himself as a possibility for the office or any other office.

"A man cannot be of service to his employer if he spends the most of his time seeking a new job," Marshall said in declaring he was not a candidate for any other office. "I was elected governor for four years and the people demand my best services. This puts me out of the running for any office."

While declaring he cannot be an active candidate for any other office, he admitted that the talk of his nomination to the presidency is pleasing to him.

He believes that the present issues in the Indiana campaign should be national, because the re-election of Senator Beveridge, an insurgent leader, is at stake.

Insurgency, Marshall says, while it means to an end, entails a certain amount of deception. He is urging the democratic convention to make a clear cut statement in regard to this.

"Insurgents would have us believe that protection is not a question of principle, but a question of degree," Marshall said. "Yet larceny is a larceny. If it is wrong to steal a team, it is wrong to steal a horse. That is the issue and I believe that in the next session it must be made plain."

SHERIFF OFF TO RUN DOWN ROBBER CLEW

OAKLAND, Cal., April 19.—After receiving word that two men in an open buggy had been seen leaving Redwood canyon, back of Oakland, today, Sheriff Barnett dispatched several of his deputies to capture them. The men are believed to be the bandits who held up and robbed the China-Japan fast mail at Goodyear last Saturday night.

According to the information reaching here, one of the men left the buggy after it emerged from Redwood canyon and continued afoot, while the other drove rapidly away. Both were headed in a southeasterly direction toward Rocky Ridge.

Although Sheriff Barnett has no assurance that the men are the train robbers, he decided to send his deputies out to question them. The deputies took no chance and were heavily armed when they left here.

TEAMSTERS IN QUARREL; ONE STRUCK AND KILLED

LOS ANGELES, Cal., April 19.—Charles McMillan, 35 years of age, is dead from a blow on the temple delivered by Elmer Dumbauld during an altercation over the "pulling" ability of their horses. Both men are teamsters. The argument, according to witnesses of the affair, became serious after the men had indulged in good-natured bantering.

Dumbauld, who is but 19, offered to bet McMillan \$5 that his team was the better. According to Dumbauld's story, McMillan called him a vile name. In the encounter that followed Dumbauld is alleged to have landed the blow that killed his opponent.

Dumbauld was arrested and charged with manslaughter. His arraignment was set for late today.

MILWAUKEE'S SOCIALIST MAYOR IS INAUGURATED

MILWAUKEE, Wis., April 19.—Emil Seidel, Socialist mayor-elect of Milwaukee, was inducted into office today and the Socialistic regime here inaugurated.

The council chamber, where the installation ceremonies were held, was packed to the doors with several hundred persons, while thousands collected about the building and attempted to gain entrance.

The Socialist members of the council number 21; the remaining 14 are Republicans and Democrats.

Alderman E. T. Melms, who has been the only Socialist member in the council for a consecutive number of terms covering eight years, was elected president of the council.

The Rev. Carl Thompson was slated for the position of city clerk. The council was called to meet this afternoon.

QUAKES IN MEXICO DO GREAT DAMAGE

MEXICO CITY, April 19.—Heavy damage was done in the city of Acapulco by a series of earthquakes on April 8, according to a dispatch that reached here today.

The tremors were reported to have been more severe than those which razed the city a year ago and which caused the death of 100 persons. Three-score adobe buildings were levelled by the later shocks. The people were panic-stricken, hundreds leaving the city and camping in the open country.

No loss of life was reported, although it is believed that many persons may have been buried beneath fallen buildings.

DIED.

The many friends of Mrs. T. P. Read will be grieved to learn of her death at Corning, Cal. Mr. Read was formerly pastor of the Christian church at Phoenix. Mrs. Read was beloved by all who knew her. She was a member of the Women of Woodcraft, having joined circle No. 242 about a year ago, but took a transfer card a few months ago into the lodge where she lived.

NOTICE.

All members of the M. M. M. club are requested to be present at the residence of Mrs. William Bates Wednesday evening at 7:30 p. m., April 20. Important business. 26 M. L. MURPHY, Secretary.

RUSSIA MAY LOSE FINLAND

Leaders Are in Conference Regarding Advisability of Seceding Entirely — Meetings, However, Are Conducted With Great Secrecy.

COPENHAGEN, April 19.—Finnish leaders are in conference here concerning the advisability of seceding entirely from Russia, throwing off the authority of the czar as grand duke of their country, and being a new government of their own and fighting for their independence.

The matter is under consideration, not at a single specific meeting, but at a series of conversations between men of prominence from Helsingfors and the Finnish provinces. They are necessarily conducted with the utmost secrecy, the Russian government's espionage over them even here, despite complaints from the Danish authorities, being extremely close. A sort of headquarters has, nevertheless, been established in Copenhagen, where men identified with the independence movement are constantly coming and going in connection with the enterprise. Enough is known of their deliberations, however, to render it certain that they are delaying just at present pending reports from emissaries at old capitals throughout Europe, and perhaps in America, concerning the support the Finns are likely to receive from abroad in an attempt to resist the czar. They realize, of course, that in a straight fight with Russia they must certainly be beaten. It is not considered a foregone conclusion, however, that outside physical assistance will be necessary, many believing that, if they show their willingness to fight, the pressure of public opinion all over the world will be so strong that St. Petersburg will consider it best to yield.

Some even favor an appeal to Germany on condition that they join the kaiser's empire, which, though it would involve considerable sacrifices in the way of independence, they are sure could be managed under more satisfactory terms than those under which the "bloody czar"—as Nicholas is known all over Finland—forcing them to become a mere province of Russia.

MRS. TAFT'S TEMPER IS HARD ON SECRETARIES

WASHINGTON, D. C., April 19.—Mrs. Taft's exacting temper, whose demands has been somewhat complicated by poor health, was unofficially given out today as the reason which has inspired the resignation of Miss Mary Danridge Spiers as the social secretary at the White House, after two weeks of service. Miss Spiers refused to discuss the matter except so far as stating that she considered it best to return to her former position in the war department.

Miss M. K. Letterman, a clerk in the state department, was appointed to succeed Miss Spiers.

GIRL SLAYER'S JURY COMPLETED

Procurer Wolter Turns Pale When Trunk Supposed to Contain Remnants of Victim Is Carried Into Courtroom—Crowd Flocks to Trial

NEW YORK, April 19.—The trial of Albert Wolter, charged with having murdered Miss Ruth Wheeler, a stenographer, moved rapidly today. The jury was completed this afternoon, accepted and sworn.

Detectives carried a new trunk into the courtroom and a sensational rumor that it contained part of the body of the murdered girl drew great crowds to the courtroom.

The prosecuting officials refused to discuss its supposed contents.

Wolter became nervous when he saw the trunk and turned pale. When the rumor reached him of what it was supposed to contain.

AEROPLANE PLUNGES INTO SEA; AVIATOR ESCAPES

NICE, France, April 19.—Efforts were made today to recover the aeroplane owned by M. Rougier, which dived into the sea yesterday while Rougier was performing some aerial maneuvers. Rougier narrowly escaped drowning. The aviator said that the accident was caused by the failure of the rudder to respond at a critical moment.

SENATOR HALE IS SOON TO RETIRE

Is Ranking Member of Senate and Has Served Since March 4, 1881—Ill-Health Is Given as Cause of His Retirement.

WASHINGTON, D. C., April 19.—It was authentically announced here today that Senator Eugene Hale of Maine will retire at the end of his present term, March 3, 1911. Although the news was a surprise to some of his colleagues, some of his intimate friends have known for several days that he had reached this decision.

Senator Hale is 74 years of age. He is the ranking member of the senate, having served since March 4, 1881, the longest continuous service of any member of the upper house of congress. Senator Frye of Maine and Senator Aldrich of Rhode Island began their service in the same year, but did not take their seats on the opening day of congress.

Senator Hale is ill at his home here. His health has not been good for some time past, and physicians advised him against entering another campaign.

"I will not be lonesome, even outside the senate," Hale is reported to have told his old friends, a little wistfully. "There are many things I would like to have time to do."

Hale's retirement removes one of the possibilities for a successor to Aldrich's leadership. Senator Lodge of Massachusetts, it is believed, is most likely to take up Aldrich's place, should he be returned to the senate.

LIFE SAVED BY COMRADE WHO AMPUTATED ARM

PORTLAND, Or., April 19.—William Meyers, 37 years old, a concrete worker, was saved from a horrible death when John Mingler, a fellow-workman, with the aid of a jack-knife, amputated his left arm near the elbow, when it became fast in the gear chain of a concrete machine last night. Meyers is now at the Good Samaritan hospital in a critical condition caused by the shock and loss of blood.

HYDE DEFENSE HAS ITS INNINGS

Claim That Body of Millionaire Swope Had Poison Injected After Burial—Important Witness for the State Is Dead.

KANSAS CITY, Mo., April 19.—The defense of Dr. B. C. Hyde, charged with the murder of Colonel Thomas H. Swope, had its inning today. Attorney Frank P. Walsh for the defense began his opening argument with the contention that cyanide of potassium had been injected into the body of Colonel Swope while it lay in a cemetery vault.

He declared that the tomb of the millionaire philanthropist had been desecrated, the casket ripped open and the body tampered with.

"The body of Colonel Swope was left in such a state by those who rifled the vault that it froze. We intend to show that interested persons had put poison in Colonel Swope's veins, either at the vault, the catacomb or the mosque," said Walsh.

Chief Witness Dies.

The death of Dr. G. T. Twyman adds another name to the list of those connected with the Swope family who have suffered illness and died. Dr. Twyman was long the family physician of the Swope. He was expected by the state to testify that he had found Miss Margaret Swope near death from cyanide poisoning and that soon afterward he found that drug in a box handled by Dr. Hyde. His death has removed the state's most important witness and is a blow to the prosecution of the defendant.

INTENSE SUFFERING TURNS MAN'S HAIR TO WHITE

SAN FRANCISCO, Cal., April 19.—Albert Reiner, a maltster, caught between the steel blades of a conveyor, suffered for an hour today while firemen worked to release him and when he was freed his hair had turned white.

Reiner's limbs were caught and crushed. He was forced to stand upright while the firemen, sent to his rescue, worked, and every movement of his body and every blow struck by the firemen in their efforts to relieve him caused him intense agony. Reiner is 30 years of age, but when he was taken out his face was seamed and wrinkled like that of an old man. He will recover.
