

NURSERY COMPANY IS INCORPORATED

Thirty Acres Have Been Leased and Already 100,000 Seedlings Are Growing There.

The Rogue River Valley Nursery company has been incorporated with a capital stock of \$20,000.

The incorporators of record are C. S. and S. H. Cook and B. Franklin. The company's headquarters will be Medford and they intend to do a general business in the way of growing trees for commercial purposes.

Among the stockholders in the company are numbered some of the prominent and progressive citizens of Medford.

The company has leased 30 acres of the J. Patterson farm, between Talent and Phoenix, and have already 100,000 seedlings growing thereon.

Realizing the future of the Rogue River valley as a great fruit producing section and the market to be had for trees, especially home-grown ones, for the next decade, the company means to embark in the nursery business on a large scale.

BASEBALL NOTES.

Medford's full team will be out for practice Thursday afternoon at 3:30, weather permitting. If enough extra players are present, the team would like to play five innings with a pick-up team.

The Medford team will play Grants Pass next Sunday at the latter town. Arrangements have been made for the Medford team to leave here at 2 p. m. on the motor car, and no doubt a good bunch of fans will accompany the team.

Cooper has left for Sissons. Jacksonville had made arrangements for him to pitch for their team this summer, and his leaving has left them in need of the services of a good pitcher.

Grants Pass had a decidedly off day last Sunday, and are capable of putting up much better ball. Ferguson pitched a nice game, and was entitled to better support. He has the curves and good speed, and needs a catcher who can hold his fast ball.

Medford has now the best and speediest ball team in its history, and the boys were right on their toes all the time in Sunday's game. Inside plays were not needed, but if they had of been the boys would have been there to do the trick.

There will be no more games called in the Pacific Coast league this year to enable the visiting clubs to catch trains. There was one called at Los Angeles and it created such dissatisfaction among the fans that both Berry and Hogan petitioned President Graham to take a stand against it. President Graham accordingly has instructed his umpires to compel the clubs to go to a finish unless darkness sets in or rain falls. The clubs have Monday to travel and there is no necessity to call games.

Vernon batsmen are still holding honors among the sluggers, if not in the percentage columns of the clubs. Last week Vitt, Fisher and Martinke proved the "big three" of the Coast league sluggers with the Seals, having a lone representative in Tommy Tennant. All of the Vernon players registered above the 300 mark.

HONOLULU BUILDS HOUSE FROM WHICH TO VIEW COMET

HONOLULU, April 21.—The observatory in the Koumuki section of this city, which was built for the purpose of observing Halley's comet, has been opened and the public has been invited to inspect the structure. The building was erected by popular subscription. Yesterday morning an attempt was made to observe the comet as it rose, but owing to the presence of a heavy cloud bank on the eastern horizon the tailed star was not seen.

NOTICE.

A. F. Reinking & Co. will reopen the Medford Bakery & Delicatessen today.

Everything is to be remodelled, repaired, thoroughly cleansed and fixed to give the public quick, satisfactory service. The new management desires the patronage of the good people of Medford and will endeavor to merit the same by placing on the market a first-class line of everything that a high-grade bakery is supposed to carry.

You are cordially invited to call and test our goods. Respectfully,
A. F. REINKING & CO.

Haskins for Health.

RAILROADS TO SELL TICKETS TO FIGHT

Promoter Gleason Persuades Officials of Western Roads to Sell Fight Tickets.

CHICAGO, Ill., April 21.—Promoter Jack Gleason has finally succeeded in persuading railroad officials of various western railroads to handle the admission tickets to the Jeffries-Johnson fight at Emeryville, Independence day, in conjunction with the regular railroad tickets.

Gleason, who has been conferring with different officials for the past three weeks, held a final conference yesterday when the railroad men gave their consent to aid the fight promoter in distributing the pasteborders.

Orders will be given agents immediately authorizing them to accept money for fight tickets from persons buying railroad tickets to the scene of the big scrap.

KING OF SIAM IS COMING TO AMERICA

SEATTLE, Wash., April 21.—The king of Siam and all his 40 wives are coming to the United States this summer, landing at Seattle. Each of the local passenger agents for the transcontinental railroads has received orders from headquarters that it is up to them to secure the pleasure and profit of carrying the potentate and his extensive retinue. Each royal lady will be entitled to at least one personal attendant, and there will be about 30 others in the party of sufficient rank to be entitled to first-class passage.

"Choulcaloncorn" is the king's name. This will be his second visit to this country.

TABLE ROCK ITEMS.

The much-needed rain has come. Robert Paxson and wife, Mr. Palmer and Mrs. Johnson of Central Point came out in their new auto Sunday and spent the day at the Pendleton home.

Mr. and Mrs. Kee arrived Saturday from Illinois and expect to spend the summer with S. C. Collins. Sam Carpenter and family returned home Monday after spending a week visiting with his sister, on Applegate. Mr. Carpenter had not seen his sister, Mrs. Wertz, for 16 years.

Table Rock people are justly proud of the distinction bestowed upon one of our leading citizens by the Rogue River Fruitgrowers' union by making Colonel R. C. Washburn its president.

Mrs. I. B. McDonald is still suffering from a severe case of rheumatism.

H. K. Donnelly, state engineer, and his assistants were in Table Rock Saturday looking over water rights here.

Mr. Lydiard has moved his family into their new home, which he bought from D. D. Sage. W. L. Thompson expects to move into the Biswell house and help Mr. Lydiard on the farm.

Son Born to Twins.

LONDON, April 21.—A dispatch from Prague today says that Rosa Blazek, one of the twin sisters Blazek, who are joined together as were the Siamese twins, has given birth to a fine boy. The sisters were taken to a hospital at Prague yesterday. The baby was born during the night. Each sister received congratulatory telegrams.

STOMACH DEAD MAN STILL LIVES

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Chas. Strang and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

This prescription is named Mi-on, and is sold in small tablet form in large boxes for only 50 cents. Remember the name, Mi-on, stomach tablets. They never fail. They contain ingredients that give quick relief (other than strong digestors), but they are compounded for the purpose of making the stomach strong and energetic enough to do its work without the aid of harmful drugs.

COLD SNAP DOES \$5,000,000 DAMAGE

Berry and Small Fruit Crop of Ohio River Section Is Destroyed—Many Small Farmers Ruined.

CINCINNATI, O., April 21.—Damage aggregating \$5,000,000 has been done by the cold wave which has swept Ohio, Kentucky, West Virginia and Southern Indiana during the last five days, according to estimates today by local produce wholesalers.

The berry and small fruit crops practically were destroyed. Many truck gardeners and small farmers have been ruined.

In Northern Kentucky snow stands on the ground which a week ago was covered with growing things.

At least one death resulted from the unusual weather. Jacob Sohn, a farmer of Fairbury, Ill., hanged himself yesterday after brooding over the purchase of a large tract of land a few days prior to the storms.

WHY SALVES FAIL TO CURE ECZEMA

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons. Medford Pharmacy, Medford, Or.

A CHANCE TO MAKE QUICK,

Easy Money

We wish to sell eight acres of as rich level land as can be found in the valley; almost in the heart of a growing city, where the surrounding resources, such as lumber, mining, lime industry, etc., are getting to be very active; where a branch railroad is now in course of construction, and other developments under way which are sure to make a very large, live city.

VALUE OF ADJOINING LAND

A 500-acre tract adjoining this 8 acres could not be bought today at \$500 an acre. This is just as good, if not better land; running water in several places; county road runs along the front of this tract; close to the finest fishing and hunting in the state; desirable in many ways.

PRICE AND PROSPECTS

\$400 an acre will buy this tract, and we will subdivide to suit—either in acre tracts or as you wish. This tract could be platted and would make 5 large lots to the acre; each lot today would bring \$200 a lot. For full particulars and a quick sale see

35.55 ACRES

Located two miles west of Medford, on the main road to Jacksonville. The soil in this neighborhood needs no commendation—there is none better in Oregon. This tract is all planted, the varieties being as follows:

757 Yellow Newtowns.
580 Spitzenbergs.
319 Bartlett Pears.
242 Winter Nelis Pears.

288 Early Crawford and Elberta Peaches (planted as fillers.) The greater portion of these trees were planted in the winter of 1906 and are now in their fourth season. They have made a nice growth and are in good condition. There are buildings on the place, ample for present needs.

The price is \$600 an acre, and we can make good terms.
