COLORADO BOVINE FOR PRESIDENT TAFT

Lactal Purveyor to the President
Dies and Now Coloradoans Would
Give Taft Famous Prizewinner.

DENVER, Colo., April 23.—Re-
publicans of Colorado have offered
to purchase for President Taft
"Colorado Bossy," the state's most
famous bovine.

"Emeline," the White House cow,
who served the Roosevelts, recently

passed away. The Coloradoans be-
lieve their pride is the only cow
qualified to replace the lactal pur-
veyor to the president.

If Taft will accept the animal, she
will be purchased from the Windsor
dairy farm by subscriptions from
the state, county and city Republi-
can organizations. Her owners will
sell her for \$2500.

OH! WOMAN, LOVELY WOMAN, YOU ARE ALONE TO BLAME

SAN FRANCISCO, April 23.—Ac-
cording to Police Judge Deasy, fair
female sleuths are unfair generally,
in securing evidence of crime. Ac-
cording to his idea, a woman detec-
tive has no right to be pretty or at-
tractive. If they make an arrest the
chances are ten to one that they have

tempted the prisoner to commit some
crime for the purpose of having him
arrested afterward. This was illus-
trated yesterday in the trial of Turbis
Lazzarechi, the owner of a fruit store.
The man was arrested by a female
detective and charged with selling
liquor without a license. The wom-
an said that she bought a drink of
whisky from him.

Lazzarechi made a clean breast of
the affair. He said:

"I am an unmarried man. I ad-
mire handsome women. This lady
came into my store and I completely
lost my heart to her. She asked for
some whisky, and I gave it to her.
What else could I do?"

The jury, which was composed of
married men, acquitted the defendant
with joyful unanimity.

WOLTER GUILTY OF ATROCIOUS CRIME

Jury Finds New York Youth Guilty
—Is Unmoved by Verdict and
Sleeps Soundly.

NEW YORK, April 23.—Albert
Wolter was convicted last night of
the murder of Ruth Wheeler.

Today he sits in his cell in the
Tombs, joking with the guards. Ap-
parently he is unmoved by the ver-
dict.

The guards declare that he slept
soundly last night and that he has
shown no evidences of breaking
down.

He declines to discuss the verdict,
however.
Wolter will be sentenced Wednes-
day and will then be taken to Sing
Sing prison.

RAISIN DAY, APRIL 30, 1910.

The above date has been set apart
as an annual event by the people of
California, in which all are asked to
join by eating raisins in the form of
"Raisin Bread" or in any form that
may be desired. The object of this
special day is to create a widespread
raisin sentiment that will result in a
greater demand for that fruit, and to
direct the attention of all good house-

wives to the excellence of the raisin
as an article of food. The good people
of the northwest are invited by their
neighbors to participate in the pleas-
ant custom and "break" raisin bread
on April 30th.

quisite beauty. It will prove very interesting even
to those not intending to purchase. Zion

the American women—and sold without a cus-
toms duty of 70% added to the cost, as are
imported laces. All machines of Zion Lace
Industries are and have been operating 18 hours
daily, except Sunday, for over a year, with the
product of each machine sold ahead several
weeks. New machines are continually being
installed. Women wanting laces for present

FLOUNCINGS,
LACES, ETC., AT
SPECIAL PRICES

ZION LACE INDUSTRIES, ZION CITY, ILLINOIS

ZION LACES and many interesting features
in their manufacture are on exhibition in one
of our show windows. This display is educa-
tional and every person should see it.

From 3,400 to 4,500 bobbins are required to
thread one lace machine, besides the beam and
warp, making a total—when the machine is
threaded—of 13,000 threads in actual work.
When a machine is fully threaded there are
6,700 miles of cotton on it, enough to reach from
here to England and nearly back again.

See the illustrations of the various machines
in operation—where they take in the thread and
turn out the dainty, attractive laces—also skeins
of yarns, yarn spools—pieces of lace just as they
come from the machines. Especially interesting
is the process of clipping, scalloping and separ-
ating. The exhibit is so unique and the values
so unusual that a visit will be of material
interest to you.

See the Windows

This fact is generally conceded
and, although there may be
places in Europe where more
laces are turned out, there is cer-
tainly no question about the
greatness of this mighty institu-
tion, where thousands of the
world's most skilled operators
are gathered under the most
cheering and delightful condi-
tions to turn out laces the like
of which no country is able to
produce to sell here for the prices
asked for Zion products.
