

NO DISEASE OF ANY SORT FOUND IN SWOPE'S BODY

Chicago Toxicologist Who Examined Viscera of Millionaire Declares He Found No Evidence of Disease in the Remains.

KANSAS CITY, Mo., April 30.—Professor Hektoen, the Chicago toxicologist, who analyzed the viscera of Colonel Swope and Chrisman Swope, declared today on the witness stand in the trial of Dr. B. Clark Hyde, that he found no evidence that disease of any kind ended Chrisman Swope's life.

"If the patient has typhoid and manifested such symptoms as those described in the question, death may have been from a poison or from a combination of poisons. Upon the manifestation of such symptoms administration of strychnine is advisable."

Professor Hektoen testified that the brain of Colonel Swope was removed without injuring it. He stated positively that Colonel Swope did not die of apoplexy. Considering his advanced age, he said, Colonel Swope's body was in very good condition.

The examination made, he said, did not reveal evidences of death resulting from disease.

Answering a hypothetical question describing Colonel Swope's death as the earlier question had described Chrisman's, Professor Hektoen expressed the opinion that death was caused from a paralyzing poison or a combination of poisons.

Cyanide of potassium and strychnine, he said, were such poisons.

HOUSECLEANING AT COUNTY CLERK'S OFFICE

The county clerk's office will be a thing of beauty and a joy for a time at least after the painters and kalsominers get through with it. Clerk Coleman made his escape to Portland this week and in his absence Miss Towne took the opportunity to clean house, and she has done it to almost a clean finish.

"WHO IS OLIVER?"

SIXTEEN COME FORWARD AT FRIDAY EVENING SERVICE.

"Who is Oliver?"

The evangelist who preaches every night at the large tabernacle, corner North Bartlett and Third streets.

"Who is Oliver?"

The man who is fearlessly telling the people of Medford about their sins—open and secret.

"Who is Oliver?"

The man who attracted over 1000 people to come through the downpour of rain to the tabernacle Friday evening to hear him preach on the subject, "What is the Matter with Medford?"

Dr. French E. Oliver preached a simple and plain sermon to a large audience Friday evening, the text being a part of Lamentations, i:12—"Is it nothing to you?"

At the close of the sermon Professor W. A. Maltbie sang an effective solo and when the invitation was given for those who desired to accept

Christ as their Savior, 16 responded by coming forward.

Great Meetings Planned for Sunday 9:45 a. m., Sunday schools in the various churches.

10:30 a. m., union meeting at tabernacle.

2:30 p. m.—Meeting for women only at the tabernacle; subject, "Marriage and Heredity."

7:30 p. m., meeting for men only at the tabernacle; subject, "Purpose and Destiny."

7:30 p. m., meeting for women at Baptist church, led by Rev. G. M. Beeler.

One of the interesting factors of the union revival meetings is the large chorus choir led by Professor W. A. Maltbie. A choir of 300 voices will furnish music for today's services. The chorus will sing at the men's meeting Sunday evening and the ladies of the choir will leave before the sermon and go to the Baptist church to assist in the meeting for women.

The eye is the most delicate and complex organ of the body, yet no part of the human system suffers greater neglect, in the majority of cases.

Some eyes are defective from birth, others become defective from strain, overwork and want of proper care. Most cases of BLINDNESS in old age are the results of neglect in youth and middle age.

Make Your Paint Money Buy Satisfaction

PAINT satisfaction means the working—spreading—covering—lasting qualities of the paint. There's neither satisfaction nor economy in cheap paints—they crack and peel and blister—won't wear. And hand mixed lead-and-oil paint is little better. But your money buys unfailing satisfaction when you get "High Standard" Paint—It's made of best materials—and ground-and-mixed into a perfectly uniform paint-liquid by machinery. Then there's thirty-five years of paint-making experience back of it. That's why "High Standard" Paint covers more—and wears from two to four years longer than other paint, and costs less.
