

# EAGLE POINT EAGLETS

(By A. C. Howlett)

Mr. Foster, one of the office forces of the forest rangers of Medford, called on his return from a trip to the Cathlamet country a few days ago and among the incidents of interest he related was one concerning one of his brother rangers, George H. West. It appears that the said Foster has a horse that does not always do as he is told and upon the occasion referred to Mr. West and John Holtz started to take a ride in a rig with the aforesaid horse and one of Johnnie's. Everything went along smoothly until they came to one of those potholes that are quite common in the hills and there the horse decided that the bridge was not safe and so refused to go and on account of the urging on the part of Johnnie the horse began to rear and plunge and kick whereupon Johnnie aimed to get behind the seat to get farther from the horse's heels and George seeing him making that move aimed to jump clear from the wagon and just as he jumped the horse gave a sudden plunge throwing West out on his side and just then the wheel struck his leg and at almost the same time tore the skin off his forehead. He was not seriously hurt but had a very close call.

Since Nichols, Jackson & Co. have bought out the meat market, they have been making some changes in their cold storage room. Mr. John W. Smith has been doing the carpenter work.

Since Deter & Dulcey have sold out the meat market business here, Mr. Deter has bought the lot formerly occupied by A. J. Fleury, where now stands the lumber shed and yard. I understand that Mr. Fleury sold the lot for \$250 and that Mr. Deter is contemplating purchasing the shed and the lumber that is within the yard.

Mrs. Higgins of Jacksonville was out visiting her mother Mrs. F. W. Smith the middle part of the week.

Jo Mooman has just put his stage on the road between Eagle Point and Peyton again for the summer and fall or as long as he carries the mail.

Ham Watkins, who is carrying the mail from here to Trail, was taken sick last Tuesday on the way between Trail and Eagle Point and had to stop and get some one else to take it on in his place and Judge John Watkins took it from here to Trail where he had to lay over on Wednesday while the mail was taken to

Prospect by another carrier. John says he got so tired living in the country (Trail) that he can not stand it. Nothing but city life will do for him so he will stay in Eagle Point.

S. A. Carlton was smiling on his many friends here last Thursday and among the people to find how much they were worth and another son was gazing around to try to find out all that he could about how many there were in each family and how old they were—and it aint fair to make the girls tell a boy like Herbert how old they are and all the particulars but such is life when the census enumerator comes around.

R. R. Minter, our boss sheep man in these parts, was in town Thursday and reports that his sheep are doing fine and that he now has on hand about 800 lambs and anticipates having a crop of wool.

E. W. Carlton of New Jersey, came out on the Pacific & Eastern last Thursday and spent the night with us and the next day went to visit an old acquaintance on the old J. H. Carlton farm returning on Friday morning to Medford.

Mr. Mayfield and family and son John and family moved into the house recently vacated by Mrs. William Abbot Wednesday.

Dale Hazle is engaged in lathing Mr. von der Hellen's new house and Woffler and Wamsley are doing the plumbing work.

Charley Lear who has been working in the mines in Siskiyou county, California, called Thursday on his way to the Elk creek mines.

Ed Welch and T. J. Yocum of Central Point were pleasant callers Butte Falls country. Mr. Welch is interested in the sawmill business and was up in that country to look at the timber. He speaks in high terms of the timber and says that the Crater Lake mill is doing fine work.

The Sunnyside has just hauled out from Medford 8000 feet of lumber with which to put in four dormer windows and partition off four more bedrooms.

John W. Smith, Mr. Bryant and Mr. Wamsley are doing the work. Lee Edmundson of Derby was here last Thursday and says that he expects to move his mill from Derby up near the source of Big Butte this summer.

Artie Nichols, our meat market man, called for dinner last Thursday. J. E. Green, T. W. Osgood and I.

F. Dodge drove up Thursday in an auto for dinner about two p. m. They were a little late but got dinner all the same and after dinner went to see the world-famed Tronson & Guthrie orchard near Eagle Point, then went up the railroad to the commissary and were talking of going up to Craig & Fuller's company.

Mr. Morris, the oil well and coal man who superintended the boring of the oil well in the desert south of here about a year ago was a pleasant caller Thursday afternoon but went on to Medford.

Thomas Abbot and Fred Bellos had quite an experience Thursday afternoon. They were one of the old Moonon place and one of them laid the lines down to get a drink and about the horses took a notion to go off and they went with the plow attached and when they stopped the plow was in a thicket of young oaks—minus of the thick of the oak bent but nobody hurt.

## A Paint Display

A clever arrangement of paint cans and appropriate advertising material form the basis of an exceedingly attractive window in

**OLMSTEAD & HIBBARD'S** store this week. A special feature of the display is a set of old weather beaten carriage spokes with half of the surface of the spokes treated to one coat of Acme Quality Carriage Paint—each spoke showing a different color of the paint. The following statement is made on one of the display cards: "You can make your old buggy look new for a dollar by the use of this paint."

With this suggestion and the very small outlay necessary, we are sure that all of the shabby vehicles in this territory will immediately take on a new appearance.

Besides being good for all kinds of vehicles, attractive display signs illustrate in colors a great many other uses for this wonderful paint in and about the home. The display is a creditable one and well worth inspecting.

Talent is having a regular dancing fad this spring and every Friday night they gather to trip the light fantastic toe. Many come from all parts of the valley to join in the merriment.

W. Holdridge of Talent was offered \$2000 an acre for his fine peach

orchard one day last week, but he refused the offer. Mr. Holdridge surely has the finest young bearing peach orchard in this valley.

Jeff Bell, proprietor of the Bell hotel at Talent, says he will have to rent the house out, because he and his wife cannot possibly stand the work and responsibility of such crowds as come to be fed and lodged there, and good help is so scarce and hard to keep.
