

ZELAYA DOSEN'T LIKE MR. KNOX ANY LONGER

Bitterly Assails Him for His Order Severing Relations With Nicaragua Agent Exhibits What Is Said to Be Last Letter of Groce.

NEW YORK, May 4.—"Intemperate, incorrect, vulgar and false in its foundation," is the characterization former president Zelaya of Nicaragua placed upon Secretary Knox's order severing relations with Nicaragua, according to Zelaya's brother-in-law, Louis Coussen, who is now in this city, arranging for the "vindication" of Zelaya.

Coussen is returning from Madrid, where he arranged for the publication of a book by Zelaya, entitled "The Revolution of Nicaragua Against the United States," in which Zelaya reviews the events leading up to the uprising and bitterly blames the Knox diplomacy for most of the trouble there. After characterizing Knox as unjust and his note to the Nicaraguan minister, severing diplomatic relations astounding, Zelaya says:

"In great contrast is this document with the telegram sent me by ex-President Roosevelt when the republics of Central America were in war against me, at the instigation of President Cabrera, of Guatemala." Zelaya calls Roosevelt "that grand statesman," and refers to him as "my friend."

Last Letter of Groce.

Coussen exhibited what he alleges is the last letter written by Leonard Groce from El Capitulo fortress, dated November 16, 1909; which Coussen claims justifies the execution of Groce and Cannon. The letter was written to Groce's mother, but retained for "diplomatic reasons."

The letter in part reads: "Darling Mama: This will be a terrible blow to you, the last words you will ever receive from your wayward son. I can't write much. I am too nervous and only have a few moments to live. I joined the revolutionary cause and was captured and sentenced to be shot to death. I will be executed together with another young man from Virginia, Leroy Cannon and it will take place this morning. Now, mother dear, bear up. This is my fate—the results of war and disobedience to a loving mother. It is hard to be shot like this, but I will die like a man. Tell all good bye."

Coussen showed a batch of letters, telegrams and cables received by Zelaya from many sources. One cable from General Altschul, Nicaraguan consul at New Orleans, tells Zelaya that the United States and Guatemala are conspiring against him.

OLD SOLDIER ANSWERS THE LAST ROLL CALL

Charles J. Clark, a native of Ohio, died at his home on Anderson Creek.

Too Late to Classify

FOR SALE—A young 30-acre orchard tract set to commercial apples and pears, adjoining the city limits of Ashland, Or.; good soil; slightly location; lies practically level; orchard in fine condition; one of the best buys in the valley; price for a short time only \$250 per acre; or will subdivide. FOR SALE—First crop of alfalfa hay, \$12 per ton, at barn, 2 1/2 miles southwest of Medford. E. L. Walz. 44

Tuesday, May 10, 1910. Mr. Clark served in company F, 33rd Wisconsin during the civil war. He was a resident of Medford for several years and is well known among the old veterans of this city. The funeral will be held at the Medford Furniture Company's undertaking parlors Thursday, May 5, at 2 o'clock p. m. Interment in Odd Fellow's cemetery.

THE FINANCIAL WORLD.

New York Market.

NEW YORK, May 4.—There was an upward trend at the opening of the market today. London influence where American securities were higher, was a determined factor. There was a wide range in prices of stock freely traded in, railroads in particular showing gains in the early trading. Southern Pacific, American Car, Reading, each rose a fraction over 2 points, and Canadian Pacific gained 2. Profit taking sales held the market from further advances after the opening rises and there were some declines, American Smelting losing the point made in the early advance. Buying in the stocks of the grain carrying roads became a factor. The whole list moved up slightly. Trading gradually grew duller with the advance. A decline in foreign exchange and easy London money rates were reflected in the market. The decline in the exchange rates was attributed to a reported heavy sale of American railroad bonds abroad. Though prices were a shade lower at noon, permanent stocks showed an advance of 1 1/2 to 2 points. Bonds were firmer.

Yes—sometimes a placard in a window helps the advertiser to find the house that's advertised. But it does not usually help much more than that.

If "the moving season" leaves you without a tenant, a little want advertising will prevent the lapse from becoming serious.

Hacking for Health.

FLAMES WIPE OUT 7000 HOUSES IN JAPANESE CITY

Hundreds Injured and Many Reported Missing—Military Forces Take Possession of Remnants of Burned City.

TOKYO, May 4.—Hundreds of persons were injured and many are reported missing in a fire which destroyed 7000 houses in the city of Aomori yesterday afternoon. Reports from military authorities who have taken possession of the remnants of the burned city received here today were the first intimation that a great disaster had occurred.

From the meager official dispatches it is impossible to ascertain the number of casualties. The fire raged from 2 o'clock in the afternoon until 5:30 and wiped out of existence 90 per cent of the entire city. The origin of the fire has not been ascertained. The official dispatches contain an appeal for medical supplies, food and clothing and report that great suffering exists.

WANT GOOD BILL OR NONE

(Continued From Page One.)

be either a satisfactory bill or none. That he does not intend to submit to the action of congress in leaving only the less important features of the measure in the bill was evident from his short statement.

The railroad regulation bill was one of the pet measures on the administration program. Taft had received assurances, before leaving Washington, that the insurgents would help in passing the program. That this was believed to mean they would help in passing the railroad bill was an inference drawn by the friends of the administration, although it was known that progressives in the senate had bitterly attacked the bill.

Blow to Program.

The cutting and trimming to which the bill was subjected when called up in both houses this week and after the president had left Washington was a severe blow to the administration program and the utter rout of the regulars has greatly displeased the president.

Though Taft has refused to discuss the measure, although he conferred with Senator Aldrich over the long distance telephone while the presidential party was in Pittsburgh, it is believed by his friends here that his statement today clearly implies that if the measure as finally passed by congress does not meet his approval that he will veto the measure.

WATER CONFERENCE TONIGHT

GRAND JURY IS BUSY PROBING GRAFT CHARGES

Charles A. White, Who Stated He Was Paid \$2,000 for Vote. Is First Witness Called—Will Go Into Matter Carefully.

CHICAGO, May 4.—The investigation of charges of bribery in connection with the election of William Lorimer to the United States senate was begun today by District Attorney Wayman. Charles A. White, a member of the Illinois legislature, was the first witness.

White will be questioned about statements printed in a newspaper here and alleged to have been made by him saying that he received \$2000 to vote for Lorimer.

Lee O'Neil Browne, democratic leader of the lower house of the legislature, paid White part of this money, according to the statement printed. It is understood that the grand jury will go into this statement very carefully.

It already has been intimated that a number of the members of the legislature will be summoned and it is believed that Wayman already has prepared summonses which will be issued as soon as White has testified today.

Senator Lorimer returned to Washington today. He refused to discuss the allegations of bribery further and has made no statement since his initial utterance that the whole story as it was purported to have been told by White was false.

GOLD HILL BOOMING, SAYS N. JERRY, BOOSTER.

"Gold Hill is looking better than I have seen it for several years," said N. Jerry, the well-known mining man, on his return from a trip there Monday. "I got to the town about 9 o'clock and found the hotel full and nearly twenty people looking for beds in the town. It looked like the old times. Had it not been for the good offices of San McClelland, who hustled about through the rain and dug up beds in private houses for some of the traveling men and who took me to his own house, some of us must have sat up all night. The town is certainly on the boom."

company, can get their articles of incorporation filed with the secretary of state. They will then be in a position to entertain any proposition with Mr. Hanley which may be offered.

The conference with the Rogue River Canal company is in regard to water rights. As soon as these are definitely settled Mr. Hanley can make a proposition to the city and then the matter will be settled. All parties agree that Medford needs water and all seem willing to effect a compromise and an early settlement.

Oliver Designates Modern Cain's Wife

Conversions at Both Afternoon and Evening Services.

In spite of the cold and rainy weather of the last few days, over 1,000 people attend the evening services at the Tabernacle. In response to the invitation many come forward every night and profess their faith in Christ and publicly declare their desire to live the Christian life.

In many ways the service last night was the most interesting one held since the union meetings began and this was no doubt due to the interesting subject chosen by Dr. Oliver for his discourse.

"Where Did Cain Get His Wife?"

Dr. Oliver said in part: "My Scripture lesson tonight, which is Genesis 4:1-17, deals with the romance and tragedy of Eden. God created Adam and Eve in the Garden of Eden, which must have been, from all accounts a veritable suburb of heaven. Some people tell me that all they need is better environment. That is nonsense! Adam and Eve had the best environment the world has ever known, and the devil poisoned the atmosphere with hell's foul odors, and they fell from the height of purity to the depths of impurity; from God's light to death's darkness. The fourth chapter of Genesis opens with the story of the birth of Cain, and presents two descriptions, his crime, and incidentally, his wife. I presume the question, 'Where did Cain get his wife?' has been asked as much as any question in regard to the heroes and characters of the Bible. I have investigated the class of men who seem to be troubled over this section of Scripture, and I have come to the conclusion that it is not Cain's wife who stands in the way, but usually some other fellow's wife. (Applause.)

"The average infidel undertakes to darken counsel with words by reading into the Scripture something not contained in the text."

Dr. Oliver showed how by changing a word or two in a sentence the entire meaning could be changed and noted exactly the text of Scripture concerning the crime of Cain as also his marriage.

Five Thousand Women Living When Cain Was Married.

Dr. Oliver showed that, figuring on the basis given by the best statisticians that population will double itself every twenty-five years, and according to the chronology of the Bible, Cain was between 125 and 130 years of age when he married, there were from 11,000 to 12,000 people living when Cain was married and if one-half of these were women, then Cain had between 5,000 to 6,000 to choose from.

"Who Was Cain's Wife?"

Dr. Oliver said: "Who was Cain's

\$5500 Cash

BALANCE IN FIVE YEARS.

THERE MUST BE A REASON for the enormous sale of RARDON'S BREAD. Your grocer sells it.

wife is of more importance than 'Where did he get her?'

The Modern Cain's Wife.

"Who is Cain's wife tonight? Is she in this audience? Any woman who has to share the disgrace of a Godless, characterless husband who persists in sinning against God, against his soul, against his Saviour is a modern Cain's wife. Any woman who has married a murderer, an infidel, a drunkard, a thief, a liar is a Mrs. Cain up to date."

Prof. Maltbee's choir of from 150 to 250 voices is being praised by many as furnishing the best gospel singing heard in Southern Oregon. Services every night at 7:30. Afternoon service at 2:30.

JACOBSON-BADE GET CONTRACT

(Continued from page 1.)

on water mains is considerably higher than the one offered last year by Vincent & Baker, who have just completed their contract, their bid being: Four-inch mains, per foot, \$1 cents; six-inch, \$1.18.

Sewer Mains.

The bids of the three companies on sewer mains were: Clarke-Henery—Six-inch mains, \$1.37; eight-inch mains, \$1.58; man-holes, each, \$65. Vincent & Baker—Six-inch mains, \$1.10; eight-inch mains, \$1.25; man-holes, each, \$60. Jacobsen-Bade—Six-inch mains, 95 cents; eight-inch mains, \$1.14; man-holes, \$55. The contract, which was let to the Jacobsen-Bade company, provides for six additional miles of water mains, and will, when completed, give Medford a distributing system containing

over 25 miles of laterals. Other petitions are coming in and it is predicted that the city will have a distributing system of over 30 miles of mains by January 1, 1911.

Vincent & Baker have just completed the laying of 45,547 feet of water mains or nearly nine miles.

Much Other Business.

Much other business of a minor nature was transacted by the city council at its meeting, such as approving plats, allowing bills and the like.

Bob Taylor applied for permission to erect a paint tent on River side avenue. The matter was referred to the fire committee with instructions to see the fire company.

M. & E. J. Adams were granted a liquor license for a period of six months.

The recorder was instructed to advertise for bids for the grading of Knight street.

H. C. Young, janitor, in the fire hall, asked a raise in salary from \$50 to \$60 a month. Referred to the finance committee.

Vincent & Baker were paid \$7500 on account.

J. P. Hansen bid par and accrued interest on \$5250 city improvement bonds and had his bid accepted.

Sewers were ordered on Fourteenth street and Roosevelt avenue. A four-inch water main was ordered in on East Main. Ordinances declaring the cost of sewers on several streets were passed.

We Have Just Received

Ladies' Underwear

Union Suits

50c to \$1.00 Per Garment These are not union suits in name only; they have the shape, style and quality so hard to find elsewhere, and we can fit the smallest to the largest body in Jackson county.
