

KAISER SHOWS ROOSEVELT THE FAMILY ALBUMS

Entertains American at Palace—Reception Plans at Station Miscarry Owing to Mistake in Reported Time as to Arrival of Train.

BERLIN, May 10.—Theodore Roosevelt reached the railway station in Berlin today, 30 minutes ahead of the Kaiser's gorgeous imperial guard. When the escort of honor reached the station the Roosevelt party had already taken taxicabs for the American embassy.

The Kaiser was angry at the Baron von Schoen, minister of foreign affairs, because of the miscarriage of the reception plans. The result was that an enthusiastic but somewhat subdued crowd welcomed Colonel Roosevelt to the German capital.

Roosevelt's special train arrived on time after it had been reported 30 minutes late. It was for this reason that the Imperial Guards were delay in reaching the station.

The virtual retirement of the Kaiser in mourning for his uncle, King Edward of England, robbed the people of the promised interesting spectacle, the formal public meeting of the "Kaiser of America" and the "Roosevelt of Europe."

Under the changed plans of the visit here, Roosevelt and the emperor will meet only a few times and at the meetings the proceedings will be informal.

The former president and the German ruler met today for the first time. Roosevelt lunched at the Potsdam palace. The Kaiser's reception was very cordial.

Roosevelt was allowed to see the Hohenzollern family albums, which are exhibited only on very rare occasions.

PORTO RICO TALKS TO FRISCO WIRELESS

Long-Distance Records Shattered—Porto Rico Calling Washington, D. C., Heard on Pacific Coast.

SAN FRANCISCO, Cal., May 10.—A spark of the wireless leaping through the air from the navy wireless station at San Juan, Porto Rico, was heard by the operator at the Hillcrest station seven miles south of here late yesterday and a new aerial record was recorded.

Operators at Tatoosh, Table Bluff and other stations along the coast today are endeavoring to pick up the "N A W" call from San Juan. The possibility of their success depends largely on atmospheric conditions.

When operator Rankin at Hillcrest heard the call he realized at once that it was not from the sending machine of any Pacific Coast station. "N A W" was calling "N A L." "N A L" is the wireless station at Washington, D. C.

Ranking, when he learned that Porto Rico was calling, endeavored to get a response. He was unable to learn whether his call had been heard in the far away island.

SOUTHERN PACIFIC LOSES BIG CASE IN COURT

SAN FRANCISCO, Cal., May 10.—By order of Superior Judge Murasky, the Southern Pacific company must carry out a repudiated contract for the purchase of lots on the North Beach for the aggregate sum of \$722,939. Before the fire of 1906 the company brought condemnation suits for the purchase of this land for terminal purposes, but later arbitration was agreed upon.

Three arbiters fixed the value of the land at \$722,939, but the company, regarding this exorbitant, refused to stand by its arbitration agreement with the result that the property owners took the matter to court.

GILLETT SAYS HE WILL NOT STOP BIG MILL

NEW YORK, May 9.—Governor James N. Gillett of California will not interfere with the Jeffries-Johnson battle.

The governor, who visited New York today, was questioned by newspapermen here about the possibility of executive interference with the big mill.

INDIAN KILLS BIG MEDICINE MAN WHOSE ART FAILED

Aged Piute Indian Whose Daughters Died, Despite Efforts of Tribal Medicine Man, Wreaks Vengeance on Fakir.

SAN BERNARDINO, Cal., May 10.—Old Bismarek, an aged Piute Indian, and four young bucks are in jail today following the killing of Harry York, the tribal medicine man, who had failed to save Bismarek's four daughters from a fatal illness.

The young women were stricken with some disease unknown to the Indians, and in spite of the medicine man's draughts and incantations they died.

Three bucks also fell victims to the same disease.

According to reports from the Piute village, near the Nevada state line, Bismarek enlisted five of his friends and on horseback pursued York, who fled into the desert.

York offered no resistance when he was overtaken. His captors forced him to stand against a rock and shot him.

According to the story from the reservation, the medicine man's body stood upright after a dozen bullets had been pumped into it.

The following night there was a general pow-wow and celebration in the village, after which the old man's body was buried.

REGULARS IN IOWA SOON TO REPLY TO PRESIDENT

WASHINGTON, D. C., May 10.—Tuesday night in Iowa the progressives will answer the fire that has been directed against their camp by President Taft. Attorney General Wickersham and other big guns of the regulars.

There will be a great meeting at Des Moines, with Senators Cummins and Dolliver as the star attractions. They will review the arguments of the administration orators and the records of congress. It is expected these speeches will make plain the difference between the progressives and the regulars and will be a call to the voters to endorse the progressive Republican policies. In case the situation in the senate does not require their immediate return the senators may extend the movement to other parts of the west.

EAGLE POINT EAGLETS

By A. C. Howlett

On Wednesday, May 4, Mr. Wetzell, of the Wetsell Music Co. of Medford, came out, and during the afternoon went around town and invited quite a number to come to the Sunnyside hotel to hear him give a musical entertainment on his phonograph, as he had a few with him, as well as a number of records. The result was that before we got supper over the neighbors began to come in, and with that addition to the 37 we had to supper and breakfast, we had the house well filled and the visitors remained until 11 o'clock, and then reluctantly started for home.

The next day he started for Lake Creek and when he returned Friday afternoon he had no machines in sight. The citizens of the Butte creek seem to know when they have a good thing.

E. B. McGill, John F. Reardon and Hunt Hollister, all of Seattle, were among the guests Wednesday night. They did not give out their business, but were particular to inquire about the character of the soil, the timber, climate, water supply, etc., and I judged that they were thinking about investing some money in these parts, as they assured us that they would be back in a short time to enjoy the delightful climate (for it is not so warm here as it is in Medford by several degrees), pure water and fine scenery.

R. U. McClanahan called Thursday for dinner and to get acquainted with your Eagle Point correspondent. He was soliciting for the Mail Tribune and meeting with some success.

Thursday night R. E. Peyton and wife, Mr. and Mrs. Alvin Peyton, Carl Richardson, Mr. and Mrs. Kincaide and son were among the pleasant callers at the Sunnyside, besides quite a number of strangers whom I did not know.

Mrs. Dr. Holt, wife of our M. D., has returned from a protracted visit with her mother in Berkeley, Cal., last Thursday. Her many friends were pleased to see her among them again.

R. H. Whitehead and Volney Webster of Medford passed through Eagle Point Friday morning on their way to Big Butte to take their annual outing and have the sport of catching and the pleasure of eating some of the fine mountain trout that live in that stream.

Jackson, Nichols & Co. have moved the slaughter-house from the old Griffith place onto Mr. Jackson's place, above town.

Last Saturday Messrs. Harry Starr, Frank Woodard and Ed Blanchard, three traveling salesmen of Portland, representing some of the business houses of Portland,

and are here in the interest of our merchants, that is, trying to get them interested in their line of business, called for dinner and when they left promised to come again when they make their return trip to this place.

Shortly after they arrived, Dr. Reddy, E. B. Randall, Mrs. Evans, H. S. Dudley and F. V. White arrived and called for dinner. While in conversation with one of them, I think that it was Mr. White, with regard to the merits and demerits of the Mail Tribune, he made the statement that there was not one city in ten of 10,000 inhabitants that could boast of so good a general newspaper and one that could exert such an influence as the Mail Tribune, and I said "Ya." There is one thing certain, the Mail Tribune gets the news. I take the Oregon Journal, but I get all the telegraphic news in the Mail Tribune the evening before I get it in the Journal. But this is a digression. Just after Dr. Reddy and his company had eaten their dinner and gone, H. M. Coss, one of Medford's live real estate men, Judge Crews and wife and Mrs. Wheeler, all of Medford, called for dinner. After dinner they took a trip to Sam's Valley via Bybee's bridge, and intended to go from there via Gold Ray, Tolo, Central Point, back to Medford. For me to say that the dozens of strangers that call on us, they are all delighted with our climate and surroundings, does not exaggerate the case.

CARDWELL CASE WILL BE ARGUED MAY 17

Judge W. E. Crews left for Portland Monday evening, where he will argue the demurrer of the plaintiff in the case of Cardwell vs. Nunn, in the United States district court.

The defendant set up an answer, claiming certain facts to which the plaintiff demurs, and after this question is decided by the court the issues will be made up and the case brought to trial.

Miss Bertha Dunlap of Talent came down to Phoenix Friday evening and participated in the program given at the social.

Rev. G. K. Berry of Ashland and Rev. T. F. Rawlins of the Christian Church of Phoenix will exchange pulpits next Sunday.

Mrs. Nancy Helmle and her daughter, Mrs. Lillian Gibbs, were brought down from Ashland to be with Mrs. Helmle's son, who is quite ill.

Last Friday night Mr. Carey set the alarm for 3:30 in the morning so as

to get a good view of the comet, with the aid of a fine field glass which they have. Mrs. Lillian Gibbs, Mrs. E. O. Rease, Mr. and Mrs. Carey all got a fine view of the strange visitors for some time.

It would be hard to decide which lady told best in poetry how she earned a dollar for the aid at the experience social in Phoenix last Friday evening. Mrs. Dr. Malmgreen surely gave the ladies an idea as to how to fix a man's collar, while Mrs. C. C. Hartley gave them a lesson on cleaning an automobile. In fact we did not know there were so many good poets in Eden Precinct. They touched on all subjects with good rhyme and their excellent ice cream and cake went well. They cleared forty-nine dollars.

If some of today's "To Let" ads had not been printed, some of today's ad readers would say still longer in unsuitable homes.

The Pasadena of Oregon

People of refinement; people with means; retired business men; professional men; college and university graduates, are coming to the Rogue River Valley by the score. Within the past two years almost a hundred Chicago and Evanston, Illinois, people have purchased homes near Medford, and nearly every one of them has a friend or two whom they hope to induce to come and locate in the valley.

New York, Philadelphia, Boston and many other eastern cities are almost if not quite as well represented, while St. Paul and Minneapolis have more representatives here than any other several cities combined.

Think these statements over and get your thinker going. Write to the undersigned or the Medford Commercial Club for detailed information about the country, and you will never have cause to regret it.

Bearing Orchards Near Medford

Most of the producing orchards have been held in large holdings until recently. A few weeks ago the Eden Valley Orchard, containing 605 acres, was placed on the market in any desired acreage. We have been authorized to offer the bearing apples and pears for sale, and if you know anything about this country and want a desirable block of bearing trees, write or come soon. During the past week over \$150,000 worth of the property has been disposed of. It is located within two miles of Medford at an elevation of about 100 feet above the city and is one of the best kept orchards in the world. Parts of the orchard offered for sale have paid the owner over \$600 per acre per year for four years straight.

Do not come unless you are prepared to stay, for just so sure as you do come the combination of fat soil, grandeur of scenic beauty and Italian climate will steal you, body and soul. After one visit here you will be miserable any other place on earth.
