NO ROAD YET TO BLUE LEDGE

John F. Stevens has addressed the following communication to the Mail Tribune in regard to a recent Portland dispatch published in these columns:

"In re statements widely circulated that the Pacific & Eastern railway would build to the Blue Ledge mine, etc., I beg to say that the above road has no such plan under contemplation, neither has it decided upon any such wide-open policy of expansion as the press—including your own paper—are setting forth. The road expects to become a factor in the development of Southern Oregon, but has no definite plans as yet for anything more than it has now under construction. I do not care to have the public misled by published statements ascribed to me, but which I never have made, and never heard of until I saw them in the newspapers.

"I would be glad to have you give as much publicity to the truth as you have to the baseless statements."

THE BUSINESS STAFF PUTS US TO THE BAD

We, the editorial staff, feel that we must offer an apology to our readers for placing advertisements on the first page (and everywhere else), but, to tell the truth, it is all the fault of the business staff, aided and abetted by the generosity of the Medford business men. So much advertising came in last evening that to get in, "seeds" of "dope" of the utmost importance went into the pi-box instead of the forms. We coaxed, cajoled, tweedled—but all to no avail. "Get the money," was the cry. Finally it was left to the flip of a coin whether all the ads should run or not—the ads won. Hence this apology.

The business staff says we have made about \$1,200.

But, oh! these perfectly lovely stories which were crowded out.

In way of compensation, we will run our cuts and a number of special articles next Sunday.

THE EDITORS.

SMITH QUILTS AS HEAD OF SCHOOLS

(MRS. E. E. GORE.)

At a meeting of the school board Friday evening at the high school building the resignation of Prof. U. G. Smith as superintendent of the city schools was accepted and Prof. U. S. Collins, present principal of the high school, was elected to fill the vacancy caused by Superintendent Smith's resignation. Mr. Smith has recently purchased a fine ranch in the Willamette valley near Albany and it is understood that his resignation coming at this time is a voluntary matter.

The plans of Architect Bingham of Albany, who furnished plans for the new high school building and also for the north school, were accepted. Bonds in the sum of \$50,000 were recently voted for a six-room annex to the Washington school and to erect a ward school on the east side and the plans accepted at the board meeting cover these improvements. The election of the grade teachers took place at a previous meeting and while the roster is not entirely completed some vacancies remaining to be filled, the list to date is as follows:

COLD GREY DAWN FINDS DOOR OPEN AND CASH GONE

(EMILY F. JANNEY.)

John Harrington was much perturbed Saturday morning to find the back door of his saloon on Front street wide open to the cold, gray dawn and \$50, the receipts of Friday's business, gone.

Some time after 1 o'clock Saturday morning a hole was bored in the back door, the bar inside lifted, and the lock sprung. The miscreants entered, disturbing nothing, restrained themselves from tempting rows of cigars and free drinks, and satisfied themselves with lifting a modest pile of \$50 from an unlocked locker, before making their get-away. It is supposed that they derived their knowledge of the whereabouts of Harrington's coin by peering in the windows at the time he cached it under some aprons in a locker.

There is at present no clue as to the identity of the bold, bad men, who today are living in opulence on John's hard earned lucre.
