EDITORS TO HOLD SESSION ON TRAIN

Innovation for Annual Meeting Is Planned by Baker City, Where the Gathering Is to Be Held in June.

(Baker City Herald.)
An innovation in the meetings of the State Editorial association will be introduced this year when the annual gathering of the pencil-pushers is held in this city. A meeting of the executive committee was held in Portland Sunday and there the invitation was accepted to hold the business session on board a special train to be run out of Baker City over the Sumpter valley road. The train will leave Baker City in the morning and the entire day will be spent in the hills viewing the fine scenery and noting the development work that is being carried on in the hills.
The meeting is to be held in this city June 17 and 18, and arrangements are being made to give the newspaper men the time of their lives. Not only will the doors of Baker City be thrown open to them, but the business men of La Grande will also entertain them for a day following the session here. They will be taken in automobiles over the Grand Ronde valley and in the evening a dinner will be served at the Commercial club. Wherever they may go, they will be shown the great resources of this section of the state.
During the progress of the convention addresses will be made by William Pollman, mayor of Baker City; George Putnam, editor of the Medford Mail Tribune and president of the association; John F. Carroll, editor of the Portland Telegram; John Dellinger, editor of the Astorian; Charles H. Fisher, of the Eugene Guard, and Editor Ireland, of the Wasco Observer.

BASEBALL NOTES

Say, the Rogue River league is playing some ball just now.
Wouldn't we like to hook up with some of those Willamette valley teams!
We have got a better team than Casey had here last year, and that is no joke.
Yes, and we would like to go to Lakeview July 4th and cop that \$100 purse.
Last Sunday's game at Central Point was the most spectacular of the season. Isaacs, Blackington and Hopkins each made a sensational catch.
Medford won the game in the first inning, when Henselman started off with a three-bagger.
That was the first game that the Medford team ever played in Central Point, and we lekid it so well we want to go back again.
The Central Point fans do not applaud good plays made by a visiting team. Well, we showed you some ball, and how did you like it? Ask Tyson Beall.
Umpires have the right to change a wrong decision, and remember, umpires, that the players have certain rights.
Isaacs had a kick coming, and this was the first made by the team this season. His Umps, not satisfied in robbing Isaacs out of a hit, called a strike on him before he had time to return to his box after the argument.
The games next Sunday and Monday ought to be hummers. Medford plays Grants Pass Sunday at 1 p. m. in order that the people can attend the aviation meet afterwards. On Monday the Medford and Central Point teams play on the Medford diamond. This game will be called at 3 p. m., and should be one of the best of the season. Turn out and patronage the squarest sport in the world.
PAULHAN MAKES NEW HIGH-FLIGHT RECORD
VERONA, Italy, May 27.—Paulhan today rests secure in possession of his crown of king of the high-flyers.
At the aviation meet here the Frenchman yesterday ascended 1463 meters. This was 200 meters higher than his former record, made at Los Angeles.
It was stated today that Paulhan will make an attempt to better his new record before the close of the local meet.
GOOD CROWD ATTENDS GRANTS PASS ROSE SHOW
Attendance at the rose carnival at Grants Pass has been good. All the displays manifested sharp competition among the exhibitors. T. P. Cramer took sweepstakes for the best gen-

eral exhibit and Mrs. W. C. Hale was awarded the prize for the best individual rose.

The human roselud exhibit was exceedingly attractive. It consisted of 42 bright, chubby faces of lads and lassies, some for first time on exhibition. Eleven prizes were distributed. Dr. Stricker's baby was considered the prettiest baby and P. P. Proctor's the healthiest and fattest baby for its age. The prize hung up for twins was returned to the committee, there being no exhibit in that class.
All evening decorated automobiles passed in review through the principal streets. Exercises were concluded with a beautiful maypole dance and grand ball.

HOFFER TURNED DOWN AND DUNNE REAPPOINTED

David M. Dunne, collector of internal revenue for the state of Oregon, has been reappointed. He received word today from the commissioner of internal revenue that the customary transfer of a federal officer at the expiration of a term will be made May 31, Dunne succeeding himself.
Much surprise was expressed at the sudden news from Washington, as the appointment of Colonel Dunne is evidently in opposition to the wishes of Senator Bourne, who had recommended E. Hofer, editor of the Capital City Journal at Salem, for the place.

SPLIT COMMISSION WITH CLERK; IS SUSPENDED

NEW YORK, May 27.—The governors of the stock exchange today suspended E. F. Hutton & Co. for one year for alleged violation of the rules of the exchange. The firm was charged with "splitting commissions" in paying an employe a monthly salary of \$1500 because the firm received \$30,000 profit by the business he secured.
Officials of Hutton & Co. deny the charges and say they would continue in business, despite the suspension.
The firm has branches in San Francisco, Los Angeles, Pasadena and Coronado, and much of their business comes from the Pacific coast.

SCHOONER WRECKED SANTA ROSA ISLE

SAN PEDRO, Cal., May 27.—According to members of the crew who reached here today, the three-masted schooner Dora Blumh was wrecked off Santa Rosa island Wednesday night and is a total loss. The crew was picked up by the power launch Santa Rosa.
The schooner had been tossed about by unusually heavy seas Wednesday. Shortly after sundown she struck the rocks off Santa Rosa.
Captain Oscar Johnson and his crew of eight men left the wreck in a small boat, and for 24 hours were driven back and forth by the great swells, not daring to attempt a landing.
Ten minutes after the men left the schooner she went to pieces.

FRENCH SUBMARINE IN THIRTY FATHOMS

CALAIS, May 27.—The French submarine Pluviose, sunk in collision with the packet Ville de Calais, lies in 30 fathoms of water today. Experts declare that the Pluviose cannot be raised before tomorrow. This means that none of the officers or crew of 27 men in the submerged craft will be found alive.
The submarine is of the heaviest type in the French navy.

CONGRESSMAN OVERSTREET CROSSES GREAT DIVIDE

INDIANAPOLIS, Ind., May 27.—Ex-congressman Jesse Overstreet, who for many years represented Marion county, which includes Indianapolis, in congress, died today. Overstreet was for a long time the chairman of the house committee on postoffices and post roads. He was defeated for congress two years ago, when many of the Republicans in the state were retired.

THE QUALITY OF RARDON'S ICE CREAM IS REMEMBERED LONG AFTER THE PRICE IS FORGOTTEN.
56 ACRES OF AS FINE FRUIT LAND AS CAN BE FOUND IN THE VALLEY; WELL LOCATED; WORTH A GREAT DEAL MORE THAN IS BEING ASKED. ADDRESS OWNERS, CARE BOX 496, MEDFORD, OR.

BATTLE RESULTS STILL IN DOUBT

Conflicting Reports From Bluefields, Where Madriz and Estrada Soldiers Are Struggling for Mastery of Nicaragua.

NEW ORLEANS, La., May 27.—The real situation in Nicaragua, where the Madriz and Estrada soldiers are struggling for the control of Bluefields, is in doubt today. Messages received here from Bluefields say that revolutionary leader Estrada was victorious in the fighting around Bluefields, and that Madriz had been forced to retreat, suffering a heavy loss. Other dispatches from other points declare Madriz was successful, that the Estrada customs house on the bluffs overlooking Bluefields has been captured and that the storming of the city itself may follow.
The first messages were sent from Bluefields, where Estrada controls the wireless station. The other messages were sent from stations controlled by the Madriz forces.
Efforts are being made to get in communication with the Padueah to learn the true state of affairs at Bluefields.

The Central American colony here, deeply interested in the Nicaraguan situation, is at sea over the affairs, and private cable messages throw little light on the true situation. These messages confirm little beyond the fact that a desperate battle has been in progress. Some messages from Bluefields declare Estrada victorious. Others say the outcome is doubtful, while messages via Managua tell of victory for the arms of Madriz.
Traders who have large Central American connections are inclined to believe the Bluefields messages are the most authentic. They declare that if the Madriz forces had been victorious they would have endeavored at once to secure control of the wireless station and flash the news of victory from Bluefields. This, they declare, would have made the news appear more authentic than any other sort of dispatch and would have hastened the thing Madriz is most anxious to secure—the recogni-

INDIANS HURL ROCKS THROUGH CAR WINDOWS

YUMA, Ariz., May 27.—Federal officers today are trying to round up the bad Indians who have been ambushing Southern Pacific trains and hurling rocks through Pullman car windows.

The officials believe the redskins are attempting to retaliate for the refusal of the government to permit them to continue the funeral orgies that usually included the burning of the dead buck's possessions, and frequently fields of grain and buildings that belonged to white settlers near the reservation.
A heavy guard has been placed along the railroad's right of way through the reservation.

HETTY GREEN'S SON TO MANAGE PROPERTY

NEW YORK, May 27.—That Col. E. H. R. Green, son of Hetty Green, will abandon his business interests in Texas and come here to aid his mother in attending to her affairs was admitted today at the home of Matthew Stanley Wilkes, Mrs. Green's son-in-law.
Mrs. Green is 75 years of age and for the last year has been failing in health.

BANDITS STOLE PLATE FROM JIM HILL STATUE

SEATTLE, Wash., May 27.—No clue has been found that would lead to the identification of the vandals who stole one of the four bronze plates at the base of the \$8000 statue of James J. Hill on the exposition grounds, which was unveiled last June.
The missing plate bears the coat of arms of the state of Minnesota.

Christian Science.

Service Sunday morning at 11 o'clock. Subject of lesson—sermon, "Ancient and Modern Necromancy; or, Mesmerism and Hypnotism De-nounced." Sunday school at 10 o'clock; testimonial meetings Wednesday, 7:30 p. m. The public is cordially invited to these services. 128 North Grape street, north Sherman-Clay music house.

KAISER ATTACKED BY GERMAN NEWSPAPERS

BERLIN, May 26.—For the first time since the memorable attack by the German press and the reichstag on the kaiser in November, 1909, the kaiser today was assailed by leading members of the conservative and pan-German newspapers. The Kaiser's Pacific utterances in London last week were criticised and he was condemned particularly for talking peace with M. Pinchon, the French minister of foreign affairs.

LIVING COST TOO HIGH FOR STRIKEBREAKERS

ABERDEEN, Wash., May 27.—There are 27 disgraced college men from Stanford university here today who are intending to return to California owing to the high cost of living in Washington. They arrived recently to take the places of striking millhands in one of the local yards and to work in the construction camps of the Union Pacific and the Chicago, Milwaukee & Puget Sound railways.

GATES WILL FOUND TEXAS UNIVERSITY

GALVESTON, Tex., May 27.—The ambition of John W. Gates to found a university in Port Arthur, Tex., his home town is about to be realized. Gates offered to add a double amount to any fund that the Methodist general conference would raise for that purpose. The delegates decided to raise \$125,000, so Gates' gift will make the total fund \$375,000.
