ROBT. W. TELFER,

NOTICE TO STOCKHOLDERS.

Never Failing Crops CHEAP LANDS ARE GETTING SCARCE-THE TIME TO BUY THEM IS NOW.

320 acres, adjoining the Orland irrigation project and adjoining the main line of the Southern Pacific railroad; 240 acres of this land will be irrigated by the government system within two years and will command a price of \$150 per acre; lands not so good as this now under the system are selling at from \$150 per acre and up; I can deliver this at \$25 per acre, and it is a buy; easy terms.

400 acres of the finest land in Solano county, near the town of Dixon, all level land, adapted to the growth of alfalfa; all adjoining lands held at \$100 per acre and up; this place has no waste, is free from hardpan, alkali, adobe and gravel and is one of the finest ranches in Solano county; easily worth \$100 per acre at the minute, but I can deliver it at \$60 per acre, with easy terms, and it is a buy. Better see this one if you want a swell ranch for yourself.

300 acres of the finest land in Sutter county, all fine land for alfalfa, almonds, peaches, prunes, almonds or any crop you want to grow; easily worth \$150 per acre; I can deliver it to you for \$75 per acre, and it's worth double; terms. This is a buy.

68 acres, near the State University farm at Davisville, on Putah creek, the finest land in the state of California; all in alfalfa, now under irrigation, that will cut 12 tons to the acre every year; fine barn, cost \$3000, house not much, but there is a world of stock and implements that go with the place; close to San Francisco and Sacramento, and an ideal ranch in every respect; just large enough; will make a swell fancy stock ranch. The price is \$25,000, with terms; the land alone is easily worth the money; think of it, almost adjoins the state farm and is all in alfalfa; this is a snap if you want something nice.
