GILLETTE EXPLAINS THAT INTERVIEW

Says His Confidence Was Violated by Reporter in Chicago—Says He Can See Nothing But Jeffries As to the Mill.

SACRAMENTO, Cal., June 6.—In an interview given shortly after his return from a six weeks' trip through the east, Governor James N. Gillette told of the interview granted in Chicago to a representative of the United Press in which he said he believed James J. Jeffries would win the 4th of July battle.

Incidentally the governor expressed an uncomplimentary view of Chicago newspaper men, saying the whole matter came about through the violation of confidence on the part of a reporter for a Chicago morning paper, who quoted remarks which he had made in private and not for publication.

Governor Gillette said that a reporter from the morning newspaper came to him and asked him to talk about the Panama Canal exposition. The governor said he granted the interview gladly and that after it was over the reporter and he chatted over several matters and the Jeffries-Johnson fight came up.

"He asked me what I thought about the Jeffries-Johnson fight," said the governor. "In confidence I expressed the hope that Jeffries would win. I said in my opinion he would beat Johnson and I could not see how there could be any result. From our conversation the interview appearing in the morning paper was written."

The governor then expressed his disapprobation of the methods of this particular reporter. He charged that this man betrayed his confidence.

"A representative of the United Press came to my room at the Congress Hotel, and laid a copy of the paper before me," Gillette said. "When I saw this story I lost my temper and I believe I made some uncomplimentary remarks about prize fights. When the United Press man asked me if I had been quoted correctly, I replied that I had expressed the opinion that Jeffries would win and that I could see no chance whatever for him to lose."

HEARST CALLS TEDDY TIN AND TOY SOLDIER

LONDON, June 6.—W. R. Hearst has telegraphed the Daily Mail from Paris a column and a half violently attacking Roosevelt for his speech at the Guild hall. He says, among other things:

"Every true American abroad ardently wishes Roosevelt would cease claiming to represent American ideas in foreign countries, and that he would go home and attend to his own business. Self-respecting Americans are tired of seeing this self-advertising individual parading Europe claiming to represent a Democratic nation, while seeking to ingratiate himself in undemocratic ways with representatives of monarchies and empires."

"Americans who love their country and believe in Republican institutions are shocked and outraged to hear this supposed representative of republicanism preaching oppression of subject states. The United States is being misrepresented abroad by a tin soldier, a toy colonel, who, although unwilling to submit to discipline for the few days he served in the army, has been forever since trying to inflict military methods and arbitrary rule on his own people and others."

GRASS FIRE; SOUTH GRAPE CALLS FIRE DEPARTMENT

Two causes might have contributed to the grass fire which occurred at 312 South Grape street Monday at 10:20, carelessness or accident. The former cause was perhaps the leading one, as the lots have been covered with "foxtail" and other early maturing grasses and no apparent effort has been made to keep down the growth. The grass is dry and burns like tinder, and the slightest spark sets it on fire. Before the fire department could reach the scene the flames which had started in the grass back of 312 South Grape street, had been extinguished through the timely assistance of the neighbors, but with a wind like that of Sunday afternoon there might have been things doing in that neighborhood.

This should be a lesson to all property owners to see that there is no dead grass allowed to accumulate about the premises, and it should suggest to the fire committee to exercise its authority to require the removal of such menaces to the city.

13TH GAME IS HOODOO FOR MEDFORD

Absence of Several Prominent Fans Also Contributed, Besides Some Ball Playing on Part of Pass Boys.

Eleven innings of fast baseball was necessary to break the winning streak of the Medford team at Grants Pass Sunday. It was the 13th game, 12 of which had been victories and besides, neither Blaine Klum nor George Merriman were present.

The double handicap was too much for the boys, and as a consequence they lost the game. Beebe's accident in the first, when in running to second he turned his ankle and had to be taken out of the game, help out the hoodoo. Hill went in to catch, but after two innings was taken out and Musick substituted.

Medford scored 3 in the first on Ferguson's wildness. Henselman walked, took second on Strain's sacrifice, Miles was safe on Ferguson's error. Henselman taking third, Isaacs hit a stinger to right and both runners scored. Isaacs taking second on the play. Wilkinson walked, and Isaacs scored a minute later on Faubian's fumble of Beebe's sharp grounder. The latter was called out at second on a close decision and at the same time injured his ankle so that he had to be carried from the field. That made three, and there was nothing more doing until the 8th, when Wilkinson singled and took second while the other fellows were booting the ball around and scored on Williams' error at third, when Antle hit one through him and Blackington's hit. It was certain for the Medfordites after that, but the score was tied and remained so until the eleventh.

Grants Pass commenced with one ace in the third, two in the fourth, due to Blackington's dropping Smith's fly in right after Bowers had hit and taken second while Hill was fumbling Baker's third strike. Bowers scored and Smith hit the rubber on Ferguson's hit. They made it 4-3 in the sixth, when after Baker had struck out Smith was hit by Coleman, the second man he has hit this season, stole second and came in on Riggs' single.

With the score tied in the eighth nothing was doing until the 11th in spite of the fact that Wilkinson slammed out a three-bagger in the 10th, but was caught trying to get home on Musick's bunt.

Bowers duplicated the act in Grants Pass' half, but also died on third. In the 11th Smith hit to left, stole second and scored when Miles picked up Riggs' easy grounder and tried to see how far he could throw the pill over Wilkinson's head. It was a beautiful exhibition of evasion.

The score— R. H. E. Grants Pass ..... 5 9...4 Medford ..... 4 5 5

Notes. The 13th game with the leading fans away, what could you expect? Blaine Klum and George Merriman are responsible. Ed Wilkinson was also absent. Antle's one-handed catch of Williams' high fly in the fifth was a feature. Also Henselman's catch of a high foul from Osborne's bat in the eighth. The "Pretzel" was right on top of the Medford bench when he grabbed the ball. It was a long run and a great catch.

PORTLAND STRIKE BUT BEGINNING

Metal Trades Union Vice-President Says Movement Will Spread Over All of United States to Gain Eight Hour Day.

PORTLAND, Ore., June 6.—The strike of the metal trades unions on the Pacific coast for an eight hour day is but the opening of the campaign for an eight hour day in every part of the United States, according to William Hannon, vice president of the international union today.

"The fight was started on the Pacific coast because conditions are more favorable here," said Hannon. "This is to be a trial of strength on the merits of the question."

"As soon as the strikers win on the Pacific slope, the campaign will move eastward across the country until every machine shop in the nation has been put on the eight hour schedule." Hannon alleges that certain officials of the Willamette Iron Works of Portland, the Moran Ship Yards and Washington Iron Works of Seattle are the only persons who stand in the way of an agreement of the northwest metal trades strikers and the employers.

25TH INFANTRY IN TROUBLE AGAIN

Regiment of Negro Soldiers Made Notorious Through Brownsville Affair Again in Limelight—Negro Trooper Attacks White Woman.

SEATTLE, Wash., June 6.—A mass meeting will be held this evening at a hall in the neighborhood of Fort Lawton to demand the removal of the twenty-fifth infantry, a negro regiment from the garrison.

This move follows an attack on Mrs. J. W. Redding, wife of Captain J. W. Redding, a prominent Puget Sound mariner, at her home in Lawton Park addition Saturday afternoon by a negro trooper. A private is held in the guard house at the fort as a suspect. The commander refuses to give out the man's name until his innocence or guilt is proven.

The twenty-fifth is the negro regiment made notorious by the Brownsville affair. Officers at the fort declare, however, that only a scattering of the men in the regiment at the time of the Brownsville embroglio, are still in government service.

A protest was made against the regiment at Fort Lawton. Congressman Humphrey, after the protest had been ignored, promised personally to see to the removal of the troops at the first outbreak.

Yesterday morning every soldier at the fort was passed before Mrs. Redding and her two daughters. She failed to identify any man positively but stated that one soldier resembled the culprit with the exception that his moustache was waxed and that her assailant had worn a white civilian's shirt instead of the regulation olive drab. This is the man now in the guard house. He was ordered to wash the wax from his moustache and last night F. G. Carlson, a row-boat man, positively identified him as one of five soldiers whom he rowed from Ballard and landed near the Redding home an hour before the assault on Mrs. Redding.
