NAME PRICE FOR PRUNES

Salem Pool Is Formed and Three and a Half Cents Asked for Forties and Fifties—Crop Far Shorter Than a Year Ago.

SALEM, June 7.—At a meeting of the prune growers of this vicinity at the Salem Fruit Union a pool was formed and subsequently named 3 1-2 cents as their price on 40s to 50s, with a quarter of a cent drop for the smallest, and with a premium for the larger prunes. Three and a fourth cents is the price set for Peletos.

Prune men at the meeting yesterday estimated that the prune crop this year would be far shorter than expected and that reports of a small harvest this season were based on actual conditions that exist in the orchards, in this section of the country. However, as the crop will be short, the fruit is quite large and developing in excellent shape with the sugar element heavier than last year.

The shortness of the crop will also cut down shipments of "green" prunes and the growers are not disposed to sell their stock in this shape, preferring to dry and hold their fruit for later developments.

HERRIN TO SPEAK AT OREGON AGRICULTURE COLLEGE

When William H. Herrin, recently made vice-president of the Southern Pacific company, and for many years head of the law department of the Harriman system, comes to Corvallis to deliver a lecture, June 14 to the students of the college, from which he graduated in 1873, the people of Oregon will meet one of the most forceful men of the state of California, whose influence has been felt not only in the state, but throughout the Pacific coast and extended east to the Atlantic.

Associated with Mr. Herrin as principal speaker on the program of the Quarter Centennial Celebration will be two other men who have attained great prominence, but in different fields. James M. Hamilton, president of the Moneana State college, who will deliver the commencement address, has been a great leader in the work of industrial education for many years and is considered one of the ablest men in educational work today. Rev. Dr. P. W. Campett, Rector of Trinity church of San Francisco, is one of the most eloquent orators on the Pacific coast. Besides these several graduates of the institution, who have become prominent in many fields of activity, will appear on the program.

WOODVILLE AGAIN.

As a matter of fact, the city election to incorporate Woodville was not a question of saloon, but strictly a question of incorporation. Of course there were perhaps a few radicals who made the saloon an issue, but the majority and the more conservative element were working for the better conditions, for the more rapid development of the town generally. No doubt there were some who honestly believed that it was not a good policy to incorporate and consequently voted against it, but the paramount consideration was a city government to have a corporation that we might expect and receive consideration from other like cities and corporations generally, and, in fact, someone to do things.

THOS. H. B. TAYLOR,
Secretary Woodville Commercial club, Woodville, Or.

Hotel Arrivals.

The Nash—H. L. Hager, Butte; E. P. Flock, Portland; F. E. Seagrave, Seattle; J. I. Clipse, Portland; Geo. King, Portland; W. W. Spangler, Seattle; R. L. Wall, P. J. Koke, Los Angeles; M. F. Hanley, Lako Creek; G. H. Urubsen, Spencer Grant, H. Moffatt, Mrs. S. Henery, San Francisco; H. A. Dane, Sacramento; C. W. Rollins, St. Louis; C. W. Perkins, San Francisco; C. E. S. Wood, Portland; J. D. Farrell, San Francisco.

The Moore—H. S. West, Council Bluffs; S. Mayers, Los Angeles; I. A. Fisher, San Francisco; W. A. Chase and family, Portland; Paul Smith, city; F. M. Alexander, Portland; D. Montgomery, H. D. Titsworth, Wood; R. G. Case, Koneit, Cal.; S. S. Pentz, Butte Falls; W. P. Rath, Chicago; S. T. Palmer, Tacoma; W. A. Potter, city; Paul S. Seeley, Montrose; Mr. and Mrs. Robertson, Portland.

MUCH FRUIT BEING SHIPPED

California Fruit Distributors Report 48 Cars of Cherries, 25 Cars of Apricots, 12 Cars of Peaches and 8 Cars of Plums.

The California Fruit Distributors, under date of June 4, issued the following market letter to the trade:

The following gives the number of cars of deciduous fruit shipped from all points in California for the week (seven days) ending Friday morning, June 3, 1910:

Cherries, 48 cars—There are a few cherries still going forward from Placer county districts, but the bulk of them are going from San Jose as reported in our last letter. The crop at San Jose is much lighter than last year and probably there will not be as many as 50 cars shipped from this locality as in 1909. Fruit continues to be of excellent quality.

Apricots, 25 1/2 cars—As indicated in our last letter, there has been a marked improvement in the shipment of this variety. Cool weather during the last two or three days has again retarded ripening, but by the middle of next week the movement will be heavy and will so continue until the close of the season.

Peaches, 12 1/2 cars—The Alexander is practically the only variety that has been shipped in any quantity. Triumphs have made their appearance, but will not cut much figure for several days yet. Probably they will be coming in in fairly good shape the latter part of the week, as will be the case also with Hale's.

Plums, 8 1/2 cars—The plum shipment of this last week has been of fair volume and has consisted almost entirely of Clyman's. A few of the better varieties are coming in now, but will not be of any amount for another week or ten days.

Bartlett pears—No change to report in this variety.

Grapes—Grapes continue to look well, except in some of the earlier districts, where a slight damage was done by three days of very hot weather at the beginning of the week and in Fresno the rain crop has been injured about 10 per cent.

The weather at the present time is very pleasant, being reasonably cool and good for the development of fruit. Last Saturday, Sunday and Monday, however, were very warm, the mercury in some places reaching 110, the result of which was the burning of many Clyman plums and checking the growth of both this variety and apricots. Considerable damage was done which will certainly show in the output.

Auction markets have been taking fruit at satisfactory prices, especially cherries. We have been experiencing a splendid f. o. b. demand, and large quantities of fruit will be distributed in the western territory as fast as cars can be loaded. We are looking forward to a continued fine demand in the western territory throughout the season.

SCRIBER ASKS FOR REPRIEVE

La Grande Banker to Make Fight for Freedom—Regaining Shattered Health and Evidence of Insanity, Displayed at Trial, Disappear.

PORTLAND, Or., June 7.—Attorneys for J. W. Scriber, former cashier of the defunct Farmers' & Traders' National bank of La Grande, Or., recently convicted of forgery and misappropriation in the sum of \$130,000, experienced a sudden change of heart during the night and announced that a reprieve of 30 days will be asked for when the banker comes for sentence today. Previously they asserted that Scriber's fight for liberty had ended.

As United States District Attorney John McCourt is absent, it is not probable that the request for reprieve will be resisted.

Since his conviction Scriber has been living on a little farm on the east side. He is reported to be regaining his shattered health and the symptoms of insanity, so prominently displayed by the accused and so freely commented upon by his attorneys during the trial, are said to have disappeared.

Would the Fact that Somebody Wanted to Pay You More Money Than You're Now Earning INTEREST YOU?

If so—and there's probably no reason to us: the word "if"—then the help wanted ads should loom up as the most important things in town for you.

You should watch them with a watchfulness that is not to be denied. You should answer and investigate every one of them that LOOKS GOOD TO YOU—for it is in this way that you will finally find the right one—the one that will mean everything to you—that will alter and change and redirect the course of your comings and goings, of your aspirations, your accomplishments!

WANT ADS—ONE CENT A WORD.

ALBANY SECTION WILL HAVE BIG FRUIT CROP

ALBANY, Or., June 7.—Prospects for a big fruit yield in this part of the state are now better than for many years. From present indications there will be a big crop of all kinds of fruit.

The yield of apples will be especially large and the quality of the fruit will also be unexcelled. The same is true of prunes, peaches and other fruits. The yields of pears and cherries will be lighter than in some former years, but the crop of each of these fruits will be good. In fact, there are no failures this year in any kind of fruits.

The crops of berries of various kinds is also a record-breaker. The strawberry crop, now almost entirely marketed, was a big one, and blackberries, Logan berries, gooseberries and other small fruits are yielding well all throughout this part of the state. The berries ripened much earlier than usual this year.

STATISTICS

REAL ESTATE TRANSFERS.	
B. H. Harris to Myrtle M. Harris, lot 6, block 11, Butte Falls	\$ 10
E. N. Warner to J. F. Lawrence, lot 4, block 1; lot 2, block 2, Wolter's addition to Medford	100
