

Corticelli Spool Silk to match all the new colors in Dress Goods and Silks.

We are Announcing to the People of Medford and Vicinity, the Opening of Our Great - - June Clearance

Beginning Tomorrow, June 9, and Closing June 30, 1910

This will be 3 weeks of the biggest bargain selling ever in the history of this store. The object of this sale is to reduce this stock one-third to half of its present size. Low prices will accomplish these results. We shall take an immediate loss on many things and everything will be sold for much less than regular prices—for much less than you can obtain same goods for elsewhere.

We are making these tremendous price reductions now because we believe it is a good business idea. We want the money to re-invest in newer merchandise—that will be more saleable later, next Fall. We want the money to pay cash for Fall goods that we are contracting for now. We want to pay cash, because this will entitle us to some very liberal discounts on Fall stuffs, whereby we will be enabled to undersell all competitors on Fall goods. But enough. Read the prices and reflect. You'll find many more bargains like these mentioned below, when you come to the store.

Dress Goods Department BLACK DRESS GOODS REDUCED.

Even if you do not need a black dress until along in the Fall, it will pay you to buy it now.

ANOTHER CONTRACT FOR NATRON ROAD

EUGENE, Or., Jan. 8.—Chief Engineer Hood of the Southern Pacific

was in Eugene today after having made a trip over the route of the Natron extension toward Klamath Falls. He said that another contract for construction of this line would be let at once at the Klamath Falls end of the line. The purpose of letting the contract at this time is to give contractors a chance to get supplies and materials in before winter, rather than for any real hurry in letting more road work.
