SENATE TO REIMBURSE RAILROAD FOR FLOOD WORK

WASHINGTON, D. C., June 10.—The senate claims committee this afternoon favorably reported a bill to reimburse the Southern Pacific railway with \$773,000, expended in 1907 in repairing damage done by a break in restraining walls of the Colorado river. The work was done on behalf of the government. The company claimed \$1,663,000 for its services. The work done by the railroad was in the famous Salton Sink. At that time the Southern Pacific, under the authorization of the late E. H. Harriman, took up the work upon representation by the government that it was inexpedient for the government to do so at that time. Later, when the railroad put in its claim, President Roosevelt refused to accede to the amount asked, and a controversy between Roosevelt and Harriman resulted.

EGYPTIAN GOVERNOR ASKS FOR APPROVAL

LONDON, June 10.—The government will be asked to approve or disapprove of the administration of Sir Eldon Gorst in Egypt without equivocation when Sir Henry Dalziel, conservative, presents a demand for an inquiry next Monday. Sir Henry declares that if the administration in Egypt, which was attacked by Theodore Roosevelt, does not retain the confidence of the government, it should be changed at once. Should Sir Henry take action as announced he will force the government to approve or disapprove of the Egyptian administration at once.

BARNEY OLDFIELD TO RACE GLENN CURTISS

MINNEAPOLIS, Minn., June 10.—Promoters of the Twin City aviation meet, which will open June 22, today are planning a novel feature. A race between a fast pacing horse, an automobile and an aeroplane will be run. The horse must run one mile, while the automobile runs two and the aeroplane flies two in the same period of time. The fast pacer Minor Heir has been selected for the race. Barney Oldfield will be at the wheel of the automobile and Glenn H. Curtiss will operate the flying machine.

IRON MONUMENTS AT GETTYSBURG REPLACE STONE

GETTYSBURG, Pa., June 10.—Fifty-nine iron monuments to mark the positions of the confederate brigades that participated in the battle of Gettysburg are being replaced by granite monuments with bronze tablets. The iron markers have served the purpose satisfactorily, but it is believed the granite will have a better appearance. One hundred monuments to designate the positions occupied by the Union army divisions will soon be erected.

NO SUPERVISION OVER RAILROAD SECURITIES

WASHINGTON, D. C., June 10.—Several senators today informed President Taft that they would not accept a clause in the house railroad bill giving the inter-state commerce commission supervision over railroad stock and bond issues. The regulars have promised the democrats that the clause would be omitted, provided that democrats will support other features of the bill.

CONVICTS USED UPON HIGHWAY

Penitentiary Inmates Taken From Walla Walla to Rock Crushing Plant—Men Glad to Get into the Open Air.

SPOKANE, Wash., June 10.—One hundred and fifty convicts from the penitentiary at Walla Walla have been transferred to the state rock-crushing plant at Marshall, nine miles southeast of this city, to break rock for county and state roads. Governor Hay has commissioned Henry L. Bowly, state highway commissioner, to take charge of this and other plants operated by the state. The convicts are garbed in suits of blue cloth, the striped uniforms being left in prison. They are camped near the works and are under strong guard. The men appear to be glad to get out into the open and no trouble is looked for.

Engineers report that the plant will be able to deliver crushed rock to the contractors at the cost of its manufacture, which, it is said, is a big saving to the highway commission. The Marshall crusher is equipped to handle 80 tons of stone daily. The first output of the crush-

er will be used to improve 17 miles of highway in Spokane county, known as the West road, but operated by the Spokane County Good Road association.

MULTI-COLORED ROBE MADE FOR JEFFRIES

PENDLETON, Ore., June 10.—When big Jim Jeffries steps into the ring in San Francisco July 4 for his fight with Jack Johnson he will be wrapped in a multi-colored bath robe which was woven in a local woolen mill especially for the ex-boiler-maker.

The blanket is made of wool grown on the backs of Eastern Oregon sheep. It is patterned after the style of blanket worn by the Umatilla Indian braves.

At present the blanket is on exhibition at Portland, where it attracts much attention.
