PORTLAND IN THE LEAD ONCE MORE

By winning from Vernon 5-0 Wednesday, while Oakland lost to Sacramento, the Ducks once more perch on the top round of the ladder in the Pacific coast league. The teams now stand as follows:

Table with 4 columns: Team, Won, Lost, Pct. Portland 38 28 .575, Oakland 43 33 .565, San Francisco 42 33 .560, Vernon 39 34 .534, Los Angeles 34 43 .441, Sacramento 23 48 .324

The three leaders are so close together that one game will turn the percentage column topsy-turvy.

WET PAVEMENT CAUSE OF AUTO ACCIDENT

A wet pavement was responsible for the damaging of Gerald Sooy-Smith's new Chalmers-Detroit "30" Wednesday afternoon, when Mrs. O. V. Myers attempted to negotiate a turn on Main street in her car and crashed into Mr. Sooy-Smith's auto, which was standing on the Hotel Nash corner.

Mrs. Myers attempted to turn suddenly to avoid another car, when her machine slipped on the pavement, striking the other car with considerable force. The front wheel struck the curb and sprung the axle. Mrs. Myers' presence of mind alone prevented a much more serious accident. Her car was not damaged to any extent.

Wilhelm Has Sore Knee.

BERLIN, June 16.—Kaiser Wilhelm is suffering from a sore on his knee. BASEBALL NOTES

Grants Pass has a good team at present and will be hard to beat after this. McCredie has offered to give Third Baseman Williams a try-out on his return from the south.

Manager Ulrich of Jacksonville had great hopes of winning Sunday's game and was very disappointed at the outcome.

Wilkinson did not return from Portland's rose carnival in time to play in Sunday's game, but the first question he asked on his return was how many hits did Miles get. Four times up, two hits, was the answer, and Johnny commenced figuring on batting averages.

Antel got six putouts in left field Sunday and handled them all nicely. Did you ever see such a utility man as Beebe? No matter where you place this player he is always there with the goods.

Before the commencement of the game last Sunday Red Strain made the assertion that he was going to put one over the fence for a homer. And he did the trick, almost hitting Halley's comet.

Young Burgess will start off next Sunday's game against Central Point. Burgess is right on edge now and he doesn't throw any "Salome" balls at any time.

Union men have sent out advance pickets to meet the strikebreaking delegations. They hope by peaceable means to persuade them not to accept work in Portland.

NO BUYERS APPEAR FOR IRRIGATED LANDS

KLAMATH FALLS, June 16.—Yesterday afternoon was the time set for the sale of all the excess holding in the Klamath irrigation project, but as there was not a bidder showed up at the time for the sale, no land was sold.

The Klamath Water-Users' association has again set the date for this sale as July 16, when that land on which water rights have not been paid will be put up for sale.

Although there was a large amount of land advertised for sale, the greater portion of this has already been paid since it was put up, and it is expected that before the date of the coming sale there will be very few tracts remaining on which the right has not been paid.

DIVERS SEARCHING FOR BODY OF YOUNG CHARLTON

COMO, Italy, June 16.—Divers today are searching the bottom of Lake Como for the body of Porter Charlton, missing husband of Mary Scott Castle Charlton, whose body was found in a trunk in the lake June 6.

Many persons here, including Consul Caughy, do not accept the police theory that Charlton is still alive, and insist that a thorough search be made for his body in the lake.

The rumor was revived today that Charlton fled to Switzerland, disguised as a priest. Two men told the police that they saw Charlton on Friday, June 10, shortly before the body of his wife was found.

There is no verification of the report that the missing man was seen in London.

JACK WILLIAMS BOUND OVER TO GRAND JURY

As a committing magistrate, Justice Canon Wednesday bound Jack Williams, the man who is accused of assaulting W. M. Whissett in the Seattle rooming house Monday night, over to appear before the grand jury in September. Williams was originally sentenced to 90 days by the judge, which, by the way, is the minimum for the misdemeanor which he is charged with having committed.

Later he was brought back, "duly arraigned by the court and the district attorney being present," was committed to the county jail until the next meeting of the grand jury, in default of the bail, \$200, imposed.

He will nearly have served the original 90 days by the time the grand jury convenes.

PORTLAND STILL EXPECTS ARRIVAL STRIKEBREAKERS

PORTLAND, Or., June 16.—One hundred strikebreakers from Spokane, 50 each from Seattle and San Francisco, are expected to arrive here tonight to take the places of the striking teamsters, according to Chief of Police Cox this afternoon.

The chief says that he has instruction from Mayor Simon to protect these men when they are sent out tomorrow morning. He has made preparations to hire 50 special officers and has been instructed to hire as many more if he finds they are needed.

All the teaming firms kept their horses and wagons in the stables today. No heavy hauling was done, with the exception of some perishable goods, principally market produce, which was moved with the assistance of clerks and office help.

M'CARTHY SAYS RECENT INTERVIEW WAS FAKE

OMAHA, Neb., June 16.—Mayor P. H. McCarthy of San Francisco today denied an interview purported to have been given out in Chicago declaring he was running San Francisco and not taking orders from the governor.

"The interview was untrue," he said. "I did not say the California courts would not sustain a petition for an injunction such as Gillett asks. The article published as coming from me was a fake from start to finish."

Mayor McCarthy seemed to be exceedingly annoyed at the story that had been circulated. He emphatically denied it, but refused to make any comment on the fight situation. He declared he was too far away to be able to grasp all the details of the matter and he did not want to talk about it.

STEAMER IS WRECKED IN THIRTY-MILE CHANNEL

DAWSON, Y. T., June 16.—The White Pass steamer Casca, Captain Williams, lies at the bottom of the Thirty Mile river, 12 miles south of the Hootalinqua. Carrying 65 first-class passengers, 50 second class, 160 sacks of mail and 15 tons of freight, the Casca struck a rock and sank almost immediately.

The mail and passengers were moved safely, but the merchandise is ruined. There is nine feet of water in the engine room. A barge being pushed ahead by the Casca carrying 130 tons of dredge material for the Yukon Gold company was not damaged. Many of the Casca's passengers were bound for the Iditarod.

Officer in Trouble.

SEATTLE, Wash., June 16.—Lieutenant George F. Cooke, charged with misuse of government transportation and extreme neglect in allowing an enlisted man to desert with \$10,000 government money at Fort Gibbon, Alaska, will be given until 2:15 this afternoon to prepare his answer to the charges.

WILL PROBABLY ALLOW JUSTICE MOODY TO RETIRE

WASHINGTON, D. C., June 16.—That Justice William H. It is believed his successor will be named and confirmed before congress adjourns, assuring a full bench for the big trusts cases. Justice Moody has been in ill health for some time and unable to sit with the court.
