

WOMAN, AGED 60, SHOTS MAN TO SAVE HOME

Deputy Sheriff Fatally Wounded When He Attempts to Eject Aged Couple From House in Which They Were Living—Home Sold at Sheriff's Sale.

SAN FRANCISCO, Cal., June 16.—Mrs. Hannah Welch, 60, shot and probably fatally wounded Deputy Sheriff John Barr today when the officer endeavored to eject the woman and her aged husband, John Welch, from the house in which they were living. The house was sold at a sheriff's sale a year ago. Barr, with a force of men, was sent to dispossess the Welchs. Mrs. Welch drew a revolver and fired. The bullet struck Barr in the mouth.

SPOKANE CITY COUNCIL GRANTS ROADS FRANCHISE

SPOKANE, Wash., June 16.—Franchises to the North Coast and Milwaukee Railroad companies and for the union passenger station in Spokane were granted by the city council last night. This puts an end to the long and acrimonious discussion in the council and by the public, extending over a period of three months, and it also disposes of the proposition that the franchise matter be left to a vote of the people.

An amendment that the city receive compensation for streets to be vacated, which are needed, was adopted. Another amendment proposing that, beginning with the year 1915, each railroad pay a yearly revenue of \$1000 for the franchise, was voted down. An amendment requiring that the franchises be submitted to a vote of the people to determine whether they approve the franchises on terminal rate basis was twice voted down.

BAD STOMACH.

My Stomach Is Going From Bad to Worse.

Yes, it's true; thousands of people cannot eat the simplest meal without having it lie on the stomach like a lump of lead, causing misery, sour stomach and gas eruptions.

And later, when the stomach has gone from bad to worse, there will be longer periods of food fermentation, and then dizziness, biliousness, hick headaches and nervousness.

If your stomach is out of order, if it doesn't feel right after meals, go today and get a 50-cent box of Mi-o-na stomach tablets. In a few minutes after the first dose, the misery will disappear, and you will be thankful.

Then go right on taking Mi-o-na for a few days. It will build up the stomach, unlog the liver, purify the bowels and make you entirely satisfied with your stomach in a few days.

Mi-o-na stomach tablets are made from the best prescription for stomach troubles ever written. They are sold by druggists everywhere and by Charles Strang and are guaranteed to cure indigestion, acute or chronic, for money back.

Booth's Pills are best for torpid liver and constipation. 25 cents.

TEN-YEAR-OLD BOY KILLS BROWN BEAR

EUGENE, Or., June 16.—Ernest Morton, the 10-year-old son of O. Morton, a farmer living on Bear creek, near Creswell, holds the record in this county for being the youngest bear-killer. While out in the woods with his dog a few days ago he ran across a young brown bear and the dog treed it. Ernest ran a half mile to a neighbor's house and, securing a rifle, returned to where he saw the bear. The dog was faithfully watching at the foot of the tree, and Ernest, taking aim, fired twice, bringing the bear to the ground with the second shot. The rifle was so heavy that he was unable to bring it to his shoulder, but secured a good aim, nevertheless.

Smuggler Gets Away.

PORTLAND, Or., June 16.—Frank Caviness, for whom the federal authorities of Canada and the United States have been searching on a warrant charging him with smuggling, has fled just when the United States officials believed they had him.

Late last night Deputy United States Marshal "Bill" Griffin hurried to Eugene, Or., where the man was supposed to be, only to find that Caviness had departed.

Federal detectives began the search for him again today.

CALIFORNIA SEETHES WITH EXCITEMENT

statement, said there would be nothing to prevent Webb from reaching his conclusion regarding the status of the fight almost at the first blow and that should he interfere in the second or third round the fight would undoubtedly prove a fiasco.

ROWARDENNAN CAMP, Cal., June 16.—James J. Jeffries is a very much disgusted man. Yesterday he was in the best of spirits. When the United Press first informed him of the action of Governor Gillett in taking steps to stop the fight his spirits dropped like a plummet. What the big fellow will do is problematical.

Today his old "grunch" has returned, the "grunch" out of which he had been humored after weeks of hard work by his trainers. The "grizzly" may decide to lay off until after the final decision as to the place where the fight will be held is reached.

May Stop Training.

His advisers oppose the rest the big fellow seems inclined to take and will advise him to continue with his training, certain that the fight will take place either in San Francisco or some other place on July 4.

Before the bad news came Jeffries put in one of the best he has had since the training season started. After it was known that the governor had stepped in, Jeffries lost all inclination to continue training. Going to his quarters, he called off the afternoon's program and took a long nap.

Camp Disconsolate.

The camp in general is disconsolate.

late today. Not even late news from San Francisco that the promoters are fighting inch by inch to off the fight in San Francisco has lifted the gloom.

The general opinion seems to be that it is futile to fight the state authorities and the fighters have both received a knockout, so far as holding the fight in California goes. The feeling here is that the fight will go to Reno.

Permit in Reno.

A couple of months ago Tex Rickard, anticipating drastic action on the part of the state authorities, got a permit there. He can hold a finish fight under the permit and it is known that he has made some arrangements looking to erecting an arena in case such action becomes necessary.

If the fight goes to Reno, it is believed it will mean a heavy loss to the promoters in the matter of gate receipts. It is estimated that the receipts would dwindle nearly two-thirds.

Merchants Want It.

Hopeful ones refuse to believe the fight will be taken away from California. They point out that practically every merchant wants the fight and they declare there is big sentiment all over the state asking that the fight be held in San Francisco.

This influence, it is believed, will have a decided bearing on the matter.

GLEASON IS CONFIDENT OF HOLDING FIGHT

SAN FRANCISCO, June 16.—That the big fight will be held, whether in California or elsewhere, is the statement of Jack Gleason. The promoter was evidently startled by the announcement of Governor Gillett in asking the Attorney General to stop the Jeffries-Johnson battle.

"We have not had a chance to consult the attorneys yet. I can't say what course we will follow until we talk with them. The fight will be held however. If we can't fight in San Francisco, we can fight in Nevada or Salt Lake City."

LANGFORD-KETCHELL FIGHT MAY BE POSTPONED

SAN FRANCISCO, June 16.—Sid Hester, fight promoter, Stanley Ketchel, middleweight champion pugilist, and his manager, Wilson Mizner, are conferring here today regarding Ketchel's match with Sam Langford. Ketchel and Mizner arrived last night from the east.

No agreement has been reached as yet. Hester plans to stage the bout at Point Richmond on July 2 provided the courts hold that the Langford, Kaufman and Jeffries-Johnson contests will be sparring exhibitions.

BOYS CLUB WILL BE IN MEDFORD SOON

SAN FRANCISCO, June 16.—Forty American boys, members of the Columbia Park Boy's club of San Francisco, are eagerly looking forward to the athletic and theatrical entertainment which will be given in Medford under the auspices of the Medford Theatre, June 22 and 23.

The boys range in age from 12 to 18 with an average of 15 years. They are bound on a six weeks' tour of the principal cities on the Pacific coast. The trip is one of the greatest ever planned in behalf of the youngsters on this side of the continent, and as it will be unique the busky young chaps, who comprise the personnel of the party, will pay their own way as they go, through baseball games and athletic performances and their theatrical and band concerts.

Good Time in Medford.

The members of the Columbia Park Boys' Club expect to have a good time in Medford, where they will give a theatrical show and ball game.

The purpose of this trip, is to give the boys training and experience that will be helpful to them in later years, and create an interest in organizing athletics for school children. In fourteen years, no less than 4000 boys have graduated from the Columbia Park Boys' Club. The boys during all that time have been under the charge of Major S. Peixotto, a widely known resident of San Francisco, who has given his time and much money to fostering this movement. The entertainment to be given here is simply to help to pay expenses of the trip.
