The first three wives died.

**RATTLESNAKE VIRUS STRONGER THAN PRAYER**

CHICAGO, June 20.—Death caused by a rattlesnake bite last night ended nearly a week of torture endured, through religious fanaticism by Oliver Pugh, 60, formerly an alderman of Zion City.

Pugh was bitten last Wednesday, but, true to the teachings of his creed, refused to take medicine, relying upon the prayers of his fellow religionists to cure him.

Pugh is the most prominent Zionist to die without medical attendance since Dowie's daughter succumbed some years ago to burns from an exploding alcohol lamp.

**RICKERT LEAVES FOR RENO.**

(Continued from Page 1.)

held. Tomorrow Rickard and Gleason will know, and the sporting world may have a chance to discover that it wasn't as good a guesser as it thought.

**Johnson Trains.**

At the Seal Rock House, where Jack Johnson is preparing for the big go, there is uncertainty. The big fighter is going ahead with his training today, but he is ready to leave at a minute's notice, and it is confidently expected that he will go to Reno. It is generally believed there that he exodus will take place tomorrow and that the fighters' party will be in Reno by Wednesday morning.

At Rowardennan the same spirit of uncertainty prevails. Jeffries and his outfit are waiting the order to move. The news that the fight was to go to Nevada did not cause any surprise. It was expected. The camp is also expecting to find itself in Reno, and it is ready for the "safari" to the desert state. It was expected that the hike would begin today, but the camp is still waiting orders to march and may not get under way until tomorrow. Jeffries and his trainers doubtless will be ready for work Wednesday in the new camp.

**Jeff's Camp Up in Air.**

ROWARDENNAN TRAINING CAMP, Cal., June 20.—This camp certainly is up in the air today. With no definite word from Rickard as to the battle ground and the possibility of suit being brought against Jeffries by the Rowardennan management because of an alleged breach of contract in refusing to move. No one seems to know where he is at. Jeffries was up early this morning, and it was plain to be seen that he was in anything but a pleasant frame of mind. After breakfast he loafed in his cottage, chatting with his trainers. What he will do this afternoon is problematical, although he has promised to do some boxing.

**Suing Jeff**

Manager Jack Lacey of Rowardennan is believed to have made all arrangements for bringing suit against Jeffries, and it is said the papers will be served either this afternoon or tomorrow morning.

Jeffries' exhibition at Santa Cruz yesterday afternoon was an unsatisfactory affair, the big man being in a bad frame of mind as the result of the talk of a damage suit. He boxed two easy rounds with Corbett and three with Choyinski, besides doing a little rope skipping, and was forced to make a speech.

The work of packing up continued today and by nightfall all will be in readiness for a getaway. Jeffries has not made up his mind whether to remain in San Francisco Tuesday night and take the train for Nevada Wednesday morning or start east Tuesday night.

**Color Line in Reno.**

RENO, Nev., June 20.—Because Reno is inclined to draw the color line Jack Johnson has not yet been able to reserve training quarters here. C. S. Loughton, manager of Loughton's Hot Springs, where it was announced the negro would go, today announced that Johnson can have no accommodations there. He notified W. O. Thomas, who is en-

gineering Reno's bid for the fight, that the negro would not be welcomed.

"We gave notification that we would not have accommodations for Johnson because we believe that the establishment of the Johnson training camp here would hurt the business of the resort," said Loughton.

**One Place Left.**

The management of Moana Springs, the resort at which Jeffries has reserved quarters, notified the negro several days ago that he could not have accommodations there.

Rick De Braudi, proprietor of a road house two miles west of Reno, wired both Johnson and Jeffries today that either fighter can use his place. "Ricks," as the place is known, is considered here as Johnson's last chance for suitable quarters.

The color line always has been drawn tight in Reno. Old timers relate that a black face was never seen here in the early days, and up to four years ago a colored porter was the only negro in the city.

Reno is eagerly waiting the coming of Tex Rickard today. The city is confident the fight will be held here and will not go to any other Nevada city.

**GOVERNORS MEET TO ARRANGE FOR CONFERENCE**

LOUISVILLE, Ky., June 20.—Four governors, who are here today to select the time and place for the conference of governors in November, had two narrow escapes from being struck by lightning while automobiling from Versailles to Frankfort. Once the lightning struck the rails of an interurban line by the roadside and sent a shower of sparks over the machine. Again the lightning struck in the road 20 feet ahead of the automobile.

The governors in the car were Wilson of Kentucky, Hadley of Missouri, Ansel of South Carolina and Sloan of Arizona. Mrs. Wilson and Mrs. Hadley were also in the automobile.

**FIRST WOMAN TO USE SEWING MACHINE IS 80**

WINSTED, Conn., June 20.—Miss Elizabeth M. Kibbourn, the first woman who ever took a stitch on a sewing machine, celebrated her eightieth birthday in her home, 81 Wheeler street, today. Her friends gave her a purse of \$80 in gold.

Miss Kibbourn was a school teacher in New Hartford when Howe, the inventor of the sewing machine, resided there. She frequently called upon him. One day he placed her at his first machine, and when it had made stitches in a piece of cloth informed her that she was the first woman to operate the machine.

**WOMEN BUY GRAVEYARD WITHOUT KNOWING IT**

LOS ANGELES, Cal., June 20.—Greatly to their surprise and not a little to their disgust, Mrs. N. W. Holl and Mrs. E. M. Anderson, recent arrivals from the east, who bought a 12-acre ranch near Tejuca, found they have a graveyard on their hands. They don't know what to do with it, and in a communication to the county supervisors asked the board to help them out of their difficulty. They say many graves have been on the property for years, but they did not know this when they bought.

When they took possession and made their unwelcome discovery they prepared to get rid of the graves, but the relatives of the dead upon the property placed a fence around the mounds. Then the two women sought to sell the acreage, but were unable to find any person who wanted a graveyard thrown in. The supervisors feel they have nothing to do with the matter save to authorize the removal of the bodies if the women can reach an agreement to this effect with the relatives.

**Mexicans Arrested.**

EL PASO, Tex., June 20.—Four Mexicans are under arrest here today, having been captured near Cananea. They had 3500 rounds of ammunition. Two carbines, rifles and revolvers which they had smuggled across the border.

It is believed that large quantities of arms and ammunition are being smuggled into Mexico from Bisbee and Naco, Arizona.

**"Chantecler"**  
 EDMOND ROSTAND'S wonderful "Chantecler" is the dramatic sensation of the world. In it Rostand proves himself to be one of the greatest dramatists of all times. "Chantecler" is not only the greatest play of the century,—it is the one great play of the last hundred years. It is an exquisite story, palpitating with human sympathy and interest. It warms the blood—stirs the emotions—arouses every commendable sentiment. "Chantecler" sparkles with wit—counsels with wise philosophy—entertains with fascinating idiom—while the tones of the hour bell of today, and today's problems, are heard through the medium of "Chantecler's" deliciously up-to-date slang. No language contains sufficient superlatives to describe it. Only reading and study will enable you to appreciate it. It has aroused all France—London has gone mad over it.

**The Only English Translation**  
 Rostand has chosen HAMPTON'S MAGAZINE as the medium through which to present "Chantecler" to the English-reading world. The publication will be in four instalments, one act to each instalment, beginning in the June number. The translator is the same who helped to make "Cyrano de Bergerac" so fascinating to American booklovers.

**We have made special arrangements with the publishers of HAMPTON'S by which our readers may get "Chantecler" and the many other fine features published in HAMPTON'S in connection with our own paper, practically without cost. Read our offer below.**

**OTHER EXPENSIVE FEATURES**

"Peary's Own Story" of the discovery of the North Pole, a \$50,000 feature, is now in its most interesting stage, giving the positive "proofs" that Commander Peary and no other man discovered the North Pole. "The True History of the Southern Pacific Railroad" by Charles Edward Russell is one of the greatest magazine serials ever published. Mrs. Rheta Childe Dor's articles on the "Power of the Women's Clubs" are without an equal in their appeal to women everywhere. Fiction contributors include the foremost story-tellers of the world: Arthur Stringer has a new series called "The Adventures of an Insomniac"; James B. Connolly describes in several stories his Trip Around the World with the American Fleet; Frederick Palmer is contributing a series of airship stories of which Danbury Rodd is the central character. The only new idea in detective fiction since Sherlock Holmes is provided in the second series of stories about Luther Trant, the psychological detective, written by Edwin Balmer and William G. MacHarg. Other Short Stories are by such favorites as O. Henry, Gouverneur Morris, Charles Belmont Davis, Rupert Hughes, Josephine Daskam Bacon, Harris Merton Lyon and many others.
