

FALLS 172 FEET; IS BACK AT WORK

Man Who Plunged From Top of High Structure Without Much Injury to Himself, Returns to His Old Job on the Building.

SPOKANE, Wash., June 22.—David Danielson, 20 years of age, who fell from the top of the new Morrison theater building here, a distance of 172 feet, without serious injury on June 17, has returned to work on the structure. Danielson tripped over a coil of rope on the roof and pitched headlong to the pavement, where he landed in a wheelbarrow. Before those who saw the descent could rush to his aid he arose to his feet and walked to the office of Dr. Stanley H. Titus, where he calmly stretched out on an operating table to ascertain the extent of his injuries. A cursory examination showed that no bones were broken, and when Danielson learned this he walked to his sister's home and invited her to dinner in a restaurant, where he did justice to a meal that would satisfy two men of ordinary appetite. Danielson says the gash over his left eye is the only thing that caused pain, adding that the sensation of the hurried flight through space amply repaid the after inconvenience by reason of the closed optic.

PHILANTHROPIST WANTS TO SEE CHEAP FLOWERS

NEW YORK, June 22.—Flowers are one of the necessities of life, and should be brought within reach of the poorest, believes Joseph D. Crimmins, a wealthy philanthropist. Mr. Crimmins is at the head of a committee urging the establishment of a city market under the Queensboro bridge, where flowers will be sold at low prices. "At present persons able to buy flowers from high-priced dealers on Fifth avenue can obtain all they desire," he said, "but it should be possible for a poor child to buy a flower for 2 or 3 cents or a wild flower for a penny."

Taft and Roosevelt May Meet Governors

FRANKFORT, Ky., June 22.—The national conference of governors, which was inaugurated as a regular annual event during the Roosevelt administration, will be held this year at Frankfort and Louisville. The governors will meet in Frankfort November 29 to discuss conservation, prison reform and other topics that seem to call for concerted action. The second day's session will be held in Louisville. President Taft and ex-President Roosevelt probably will attend. The official call will be issued soon by Governor Wilson of Kentucky.

SALEM, Or., June 22.—Master Fish Warden H. H. McAllister affirmed the report of his resignation from office today, and is prepared to enter upon his campaign in the interest of the anti-prohibition movement on the first of July. In the meantime the fish commission, consisting of Acting Governor Bowerman, (State Treasurer Steel and the secretary of state, will hold a meeting for the purpose of appointing a new fish warden. Governor Benson has recommended a man for the position.

HORSE DEALER MAKES KICK ON FREIGHT RATES

SALEM, Or., June 22.—A. C. Ruby, a Portland horse dealer, filed a complaint against the Southern Pacific railroad and the O. R. & N. company with the railroad commission today, in which he claims he has been discriminated against by being compelled to pay high rates for shipments of stallions and has had great delay in unloading them as they arrived in Portland. The complainant claims that he is charged \$52 per head for shipping to Klamath Falls from Portland, and together with a first-class passenger fare, the expense amounts to over \$100.

CIVIL WAR VETERAN SLEEPS FIFTY-FIVE HOURS

KLAMATH FALLS, Or., June 22.—E. B. Ramsby, a civil war veteran and pioneer of Klamath county, has just awakened from a sleep which lasted 55 hours. Last Wednesday evening he went to bed at 9 o'clock. When his wife tried to awaken him next morning she was unable to arouse him more than to open his eyes and answer her in monosyllables. Attempts were made during the day to awaken him, but to no avail. Mr. Ramsby slept on through until 1 o'clock Saturday morning

without being thoroughly aroused, although he was awakened several times, but would go back to sleep while being talked to. Once he was induced to get out of bed, but while dressing went to sleep and fell over. Friday morning about 1 o'clock he awakened and since that time has felt no bad results from his sleep, although he is very weak from lack of food.

COURT SAYS GIRLS MAY BE SPANKED AT 19 BY PAs

WAYNESBURG, Pa., June 22.—The rod as a corrective agent was still held legal as well as efficient by a Greens county jury, even though the recipient of punishment is 19 years old, pretty and a society belle. The jury which heard the case against Richard Ewart, a liveryman of the county seat, who was charged by his 19-year-old daughter, Beas, with assault and battery, decided the prisoner was wholly within his rights and found him not guilty. According to the testimony of Miss Beas Ewart, the girl who was whipped, the trouble occurred on April 27 after she had attended a skating rink with a party of young people. She testified her father spanked her and whipped her with a cowhide whip. Immediately after the whipping the girl left home and has since been residing with an uncle.

THIS MAN EVIDENTLY TOOK A CORRESPONDENCE COURSE

HAMMOND, Ind., June 22.—Victor Molander, a former clerk, who evidently studied agriculture by mail, was engaged by John Nelson, a truck farmer of Clark Station, as head gardener. Nelson turned Molander loose in a big tomato and potato patch as a starter, to hoe out weeds. At the close of the day Nelson inspected Molander's work. Nelson says he found that the man had cut all tomato and potato plants in a five-acre patch and had tenderly cared for burdock, mustard and other weeds. Nelson says the next gardener he engages must have a certificate from the school of experience. He will have no more applicants whose knowledge of tomatoes and potatoes was gained from correspondence or the dinner table.

GIRL WHO MARRIED MOTHER'S STEPFATHER WANTS DIVORCE

TOPEKA, Kan., June 22.—Mrs. Glenora Decker, 15 years old, who married her stepgrandfather at Lawrence May 2 last, consulted County Attorney Schenk here recently with a view of obtaining a divorce. "I just don't want to live with him any longer," said she. "He has been divorced twice before, so he will know how to take another one." The girl's maiden name was Glenora Fransue and she lived near Williamsport. When she married her mother's stepfather she became her own step-grandmother.

VIOLENT THUNDER STORM RAGES OVER ILWACO

ILWACO, Wash., June 22.—Ilwaco and neighboring points were visited with terrific wind, rain, hail and thunder early Sunday afternoon. Some little damage has been done to signs and loosely attached building fixtures. Strawberry growers fear that the rain has done damage to their early crop, which has just come nicely into bearing. This is one of the worst storms experienced in this section for a number of years, the wind at times reaching a velocity of 75 miles an hour.

JACK LONDON IS GIVEN DRUBBING

Mixes in Roughhouse With Proprietor of Cafe and Comes Out Much the Worse for Wear.

OAKLAND, Cal., June 22.—Jack London, author and explorer, is today the complaining witness in a battery case pending in the police court. He is chief witness for the prosecution and his strongest evidence is a black eye and other facial disfigurements. While in a downtown cafe late last night London got tangled up in a flat argument with Timothy Muldowney, the proprietor, and Timothy had all the best of it. The trouble began when London started to enter a "private room for ladies" and was ordered to halt by Muldowney. The literary man disliked Muldowney's tone and announced that he was a fighter.

A fast round followed, ending when London left the place to find a policeman. Later London asked the authorities to postpone action, as he desired to attend the Jeffries-Johnson fight at Reno.

WOMAN'S SKULL FRACTURED BY STUMP

ROSEBURG, Or., June 22.—Mrs. Albert White, wife of a farmer of Wolf Creek, Josephine county, lies in a precarious condition at Mercy hospital, in this city, as the result of an unusual accident that occurred at her home last Saturday morning while her husband was blasting out stumps. A root from a stump was hurled by the force of an explosion 150 feet to where she was standing, striking her on the head, fracturing her skull. She was picked up unconscious and was still in that condition last night.

Another Story

What do you think of this country? Don't like it! Can't see any hope for further progress? All right; don't let me taken any of your valuable time. I am looking for those who, like myself, see opportunities, health, pleasure and prosperity in this growing community. If you are a believer and wish to become a resident of the Rogue River country I am at your service to show you whatever you may wish to examine. "I have no 'gold bricks' to sell, but houses and lands which will bring you returns of gold dollars if you will invest and settle down to business. Fruit, alfalfa, berries and other regular farm products bring returns, but I would not recommend you to the growing of moss. This fungus plant has a way of getting on the grower's back and a man with the 'mossback' complaint is worse than dead."
