NOTE FOUND TELLING OF AWFUL SUFFERING

SAN BARNARDINO, Cal., June 27. "I am lost; the heat is terrible; three days out from Panamint; water gone."

Penciled on a leaf torn from a note book, this message was found near Wingate Pass in Death Valley by L. N. Montgomery, a prospector, who is resting here today after a month's trip through the desert region.

The message was dated May 30. The paper on which it was written was discolored by the sands and blistered by the desert sun. Montgomery had no means of telling whether it was the last word to civilization of a man who perished two years ago or someone whose body may have lain in the sand less than a month. He searched the desert for miles in every direction but found no trace of the author of the scroll.

REPUBLICANS IN FOR A TROUNCING --CHAMP CLARK

Minority Leader Declares Commission Will Be an Issue in November and That Next House Will Be Controlled by Democrats.

WASHINGTON, D. C., June 27.—Cannonism will be an issue in the November elections, and the republicans are in for a good "trouncing," according to Minority Leader Champ Clark today.

Discussing the work accomplished during the congressional session just closed, Clark said:

"The republicans have been starting their old game of claiming everything, but it is another case of whittling to keep by courage while going through a graveyard. They are now bragging that they have fulfilled their promises. Their biggest promise to revise the tariff downward and in this they utterly failed of fulfillment. On the contrary, they revised it upward and for so doing are in for a good trouncing. Everything that people consume is higher. The most ridiculous document ever published is Lodge's committee report on the cost of living, which leaves out the tariff entirely as a source of the high cost of living. But nothing better could be expected from a man who in 1909 declared that the consumer is a myth."

"They started this session with loud pronouncements about economy and wound up as usual by increasing the total of the appropriation bills. The most important bill perhaps was the railroad bill. The bill as passed is very different and much better than the Wickersham or administration bill. Almost every improvement was forced by the democrats and insurgents. Most that is good in that bill we claim. What is bad belongs to the republicans."

"We (democrats and insurgent republicans) forced through a resolution to elect an enlarged rules committee, of which the speaker should not be a member. A few days ago, by a vote of 201 to 110, the house adopted a rule to prevent committees from smothering or pigeon-holing bills. The regulars cannot with straight faces claim that they are responsible for the anti-smothering rules, for they agreed to it only because they knew we had the votes to put it through whether the regulars voted for it or not."

"Other reforms remain to be effected, and therefore Cannonism remains as an issue on which the people will pass in November."

PACKING CONTEST AT APPLE SHOW

Contests Will Be Held for County, State, National and International Championships — Much Rivalry Among Packers.

SPOKANE, Wash., June 27.—One of the unique features in connection with the national apple shows in Spokane, Nov. 14 to 19, and in Chicago, Nov. 28 to Dec. 4, will be a series of apple packing contests for county, state, national and international championships, with suitable trophies and cash premiums to the winners. Square and diagonal peaks of the various recognized ties in regulation northwestern boxes will be used in single, five and ten-box contests, open to all. It is also likely there will be a contest for teams in packing a full car of 620 boxes. There is much rivalry among packers in the several valleys in the northwest, where grading and packing has reached a degree of perfection not yet attained elsewhere, and it is expected that many of the cracks in Washington, Oregon, Idaho, Montana and other states, possibly Colorado and California, will enter. Plans for the contests have not yet been worked out, but it is expected a full announcement will be made early in August.

REPUBLICANS SCENT PLOT IN MEETING

ST. PAUL, Minn., June 27.—Progressive Republicans here sent a "plot" in the scheduled meeting of the Ballinger probe commission in Minneapolis, September 15. They say it is planned as an attempt to destroy the results of the national conservation congress, which convenes in St. Paul, September 6. At this convention former President Roosevelt, Gifford Pinchot, J. A. Garfield and all the champions of conservation "progressives" and Roosevelt policies will be sent. The progressives say that the committee with its Ballinger leanings will make public its findings in favor of the secretary just before the meeting of the conservation congress with a view to destroying the effect of the congress.

YEA, BO-YOU'LL HAVE TO BE GOOD WHILE IN RENO

Nevada Mounted Police Will Be at Ringside and in the City July 4 to Preserve Order—Compare Favorably With Texas Rangers.

RENO, Nev., June 27.—The Nevada state police, mounted, will assist the chief of police of Reno and the sheriff of Ormsby county in maintaining on July 4, both at the ringside and in the city, before, during and after the Jeffries-Johnson fight.

Captain William M. Cox has been instructed by Governor Dickerson to have his best men in Reno from July 2 to 6. Six of the desert policemen are already here. The Nevada state police can be favorably compared to the famous Texas Rangers. They are a picked lot of frontiersmen who patrol the barren deserts, co-operate with the sheriffs in rounding up fugitive outlaws, cattle thieves, claim-jumpers and high-graders. From the brushy uplands of Northern Nevada to the wastes of Death valley these rangers are ever on watch. They are constantly at the command of the governor and take the place of the militia of other states. They will be unique figures to many-fight visitors.
