

MAN IS HURLED FROM FAST TRAIN

Says He Was Set Upon by Four Robbers, Who Afterward Hurled Him to the Ground—Is Now Getting Well.

SANDPOINT, Idaho, June 28.—Hurled from a moving freight train on a trestle near Granite, Idaho, a man giving the name of Martin Crossman, fell 175 feet to the ravine at the foot of a viaduct, where he lay for 24 hours with both arms and both legs broken before being found by a rancher late Sunday night. Crossman was brought to Sandpoint today.

Crossman says he was set upon and robbed by four other men on a west-bound train from Sandpoint, and that on reaching the middle of the trestle his assailants tied his hands and threw him from a car door. The train was moving rapidly at the time and Crossman says he lost consciousness for many hours following the fall.

The robbery and attempted murder occurred Saturday night and the victim did not recover consciousness until Sunday afternoon. With all of his limbs fractured the injured man was helpless and was almost dead with exhaustion when found.

A rancher crossing the trestle shortly after dark Sunday night heard feeble cries coming from the deep ravine, and securing a lantern he headed a searching party.

Crossman may have internal injuries and it is not believed he can recover. Deputy sheriffs are searching for the would-be murderers.

MISS COCKRELL TO WED MINISTER FROM GREECE

WASHINGTON, June 28.—Announcement of the engagement of Miss Anna Ewing Cockrell, daughter of former Senator Cockrell of Missouri, now a member of the interstate commerce commission, and L. A. Coromilas, minister from Greece, was made today from the home of Miss Cockrell's sister, Mrs. Edson Gallaudet, in Norwich, Conn., where Miss Cockrell is visiting. The wedding will be celebrated Wednesday, July 6, at the home of Mrs. Gallaudet.

The minister with his bride will sail from New York July 9 on a six months' leave of absence.

The news of the betrothal was no surprise to the friends of the Cockrell family, who had known for a year that the Greek minister was Miss Cockrell's most devoted admirer.

Miss Cockrell is tall and fair and strikingly handsome. She affects black costumes, which show to advantage her golden hair and dazzling complexion.

Mr. Coromilas, generally considered the handsomest man in the diplomatic corps, was prominent among the bachelor hosts of last winter. The minister is much the senior of his intended bride.

HOW TO SHAKE HANDS; NEW STYLE IN VOGUE

Stand Straight, Reach Toward Waist Line, One Quick Grip—and There You Are.

NEW YORK, June 28.—The stoop and the high-brand shake of greeting and farewell that has been stamped as the proper caper in society for the last five seasons must go. For the future, if you would conform to Newport, Narragansett and Tuxedo deportment, you will not lean nonchalantly forward and lift your hand at an altitude that suggests that you intend to nab the tarr out of your hostess's hair. You will stand up straight and jab your hand directly out from the waist line. And it is not to be lingering, lackadaisical hand-shake either, but a quick grip and a short shake.

The new method has the stamp of approval of Newport. The waist-line handshake is at the Casino, and up in that resort of fashion the high shake has in a few weeks become almost obsolete.

The new standup, lay down, brisk method of greeting was started by Mrs. Leonard M. Thomas, formerly Miss Blanche Oelrichs. All the younger set are for it, though some of the dowagers and the old beaux affect to believe that it is awkward and another sign of the habit of modern times that treats with impatience the elaborate courtesy affected in past generations.

BROWNE JURY BREAKS RECORD

Jury Has Been Out Over Ninety Hours and Has Not Yet Reached a Decision—Longest Previous Record Eighty-two Hours.

CHICAGO, Ill., June 28.—The jury in the Browne bribery case has broken the deadlock record for Illinois. The jury at 10 a. m. today had not reached a decision. At that time the jurors had deliberated for 90 hours. The previous longest record was made by the jury in the famous Dr. Cronin case, when the jury was out 82 hours.

STATE MAKES SECOND MOVE IN CAPITAL REMOVAL FEUD

GUTHRIE, Okla., June 28.—The second move on the part of the state officials to block court interference with the removal of the state capitol to Oklahoma City was made today when Attorney General West argued the second demurrer to the petition for an injunction preventing the removal. The case will be fought out in the state courts, but the battle may not end there. If the state officials succeed in preventing the issuance of an injunction in the state courts the federal courts will be asked to interfere. The federal authorities here say they will not intervene until the state courts have passed upon the matter.

STORMS DELAY AERIAL LINER

"Deutschland" Has Laid Idle for Three Days Owing to Weather—Commercial Part of Trip May Be Failure.

BERLIN, June 28.—Storms delayed the Pan-Germany aerial liner Deutschland from sailing today and there is a belief that the undertaking to run the airship on regular passenger trips will prove a failure.

After two successful trips the Deutschland has laid idle for three days, owing to unfavorable weather. Many persons who bought tickets in advance are expressing dissatisfaction with the unreliability of aerial craft.

EIGHTY HINDUS ARE SLATED FOR DEPORTATION

SAN FRANCISCO, Cal., June 28.—Eighty Hindu laborers were slated for deportation on the Pacific Mail liner Siberia, which sails for the Orient today. The deportation was ordered by a special board of inquiry, following the ruling of Immigration Commissioner Hart H. North, that under the present immigration laws it would be impossible to exclude the Hindus.

In the past the commissioner has permitted nearly every immigrant Hindu to land. Complaint was made to the immigration bureau at Washington and Special Commissioner Fred Watt was sent here to investigate. The deportation of the 80 Hindus today is one of the results of his work. He subjected the Hindus to a rigid examination which they could not pass.
