

## TWO NEW SHIPS FOR PACIFIC TRIP

Pacific Mail to Add Two Modern Steamships of the Most Luxurious Type—Will Make Trip to the Orient.

SAN FRANCISCO, Cal., June 28.—The Pacific Mail Steamship company, is to improve its trans-Pacific service by building two new vessels to cost \$3,000,000 each. They will be of the most modern type and as luxurious as any steamship on the Atlantic.

The new boats will be modeled after the steamship George Washington of the North German Lloyd line, which is said to be the best type of architectural magnificence afloat. The new steamers are to be 650 feet in length, with a 70-foot beam and a maximum draught of 33 1/2 feet. They are to have 38,000 tons displacement, a dead tonnage weight of 8,000 and combined space measurement and tonnage of 22,000.

There will be ample quarters for 500 cabin passengers, 150 second-class passengers and 700 in the steerage.

Vice President Schwerin returned to San Francisco last night, following a conference with the board of directors of the company in New York, at which a decision was reached to order the new steamships.

## ELEVEN WARRANTS OUT FOR WEALTHY AUTOIST

PHILADELPHIA, June 28.—The police net is out for Erwin R. Bergdoll, son of a millionaire brewer, whose reckless automobile driving is said to have caused a reign of terror. He is wanted on eleven separate warrants—one as a fugitive from justice, six for speeding, three for assaulting policemen and one for failing to sound his horn at a crossing.

Bergdoll was summoned to appear in Ardmore today to answer to ten of the charges, but failed to appear. Chief Donaghy of the lower Merion police, put on his trail two policemen in an automobile. They were instructed to capture him whenever and wherever they could. The police first got after Bergdoll on May 14 when a motorcycle policeman, because Bergdoll failed to sound his horn at a crossing, commanded him to halt. Bergdoll, it is said, jammed on more speed and shot away. Then ensued a chase which led into three townships and two counties. Tiring of the pursuit, Bergdoll, it is alleged, crowded the policemen into a ditch, where his wheel upset and he narrowly escaped injury.

The following Tuesday, May 18, a network of police was thrown over the entire township. Bergdoll was first sighted in the heart of the business district of Ardmore by Chief Donaghy, who drew his revolver. The automobilist tore around the officer and shot through the narrow space between a wagon and a telegraph pole. Swerving at the next corner he was confronted by another armed minion of the law, at whom he drove his mighty car. The policeman dodged and Bergdoll disappeared. Since that day Bergdoll's visits to the township have been infrequent.

## "CRACK THE WHIP" VICTIM IS DEAD

MATTOON, Ill., June 28.—Melvin Perry, five-year-old son of Mr. and Mrs. Nathan Perry, living southeast of this city, is dead as a result of an injury sustained last Friday afternoon at school while playing at the game "crack the whip." The boy together with several other children, who were older than himself, were playing the game with Melvin as the cracker. He was thrown with such a force to the ground that he was unconscious. A physician found that he was suffering from a fractured skull and from concussion of the brain, together with several other internal injuries. Lying for several days the child died without regaining consciousness. "Crack the whip" has been prohibited by the directors as a result of the boy's death.

## BATTLING NELSON ON HIS WAY TO BEG FOR FIGHT

LOS ANGELES, June 28.—Battling Nelson of Hogewisch, Ill., ex-lightweight champion of the world, is enroute today for San Francisco, where he will linger for a few days before going to Reno to watch the wind-up of the Jeffries-Johnson mill.

The battler arrived last evening. He intimated that after the big mill at Reno that he would retire to his New Mexico ranch for a long rest before his threatened return to the ring.

## INVASION MADE IN ZION CITY

General Overseer Volvia States That He Will Fight Invasion to the Death—Methodists Dedicate Their Church Inside of City.

CHICAGO, Ill., June 28.—A war between the Methodists and General Overseer Glenn Volvia is reported to have started today following the dedication of a modest chapel by the Methodists inside the precincts of Zion City.

"We will fight this invasion to the death," Volvia is reported to have said when he heard of the dedication.

Bishop McDowell and a large number of Methodist dignitaries assisted in the ceremonies. They say they are in Zion to stay and grow. The Independents in Zion hailed the advent of the Methodists warmly and sent a delegation of elders to the dedication of the chapel.

The new church will have the backing of business interests outside and Overseer Volvia has the battle of his life cut out if he undertakes to exterminate the invader, according to the Methodists.

The Methodists dedicated their chapel in the forenoon yesterday and in the afternoon, Volvia, speaking at the tabernacle, hurled his defiance. This draws the lines of battle clearly and some interesting developments may be expected.

## TABLE ROCK ITEMS.

Good weather for ice cream. The Pendleton family spent Friday afternoon and evening visiting at the Palmers, and Paxton's, near Central Point.

Mrs. I. B. McDonald, who has been confined to her bed for several months, is very low.

The school board is advertising for bids for the old schoolhouse. This ought to be an inducement for some of our young people to get married—think they can buy a house cheap.

Sunday afternoon the Central Point Cubs came out for a game with the Table Rock team. Both teams played good ball all the way through. In the fifth inning the tally stood 7 to 2 in favor of Table Rock. At the close of the ninth the tally was 8 to 8. In the tenth and eleventh neither team scored, and it took 14 innings to try it out, when the score stood 13 to 11 in favor of Central Point. This was the best game played in this part of the county for a long time, if not the best game ever played here. Those who missed this missed a treat. Come again, boys.

The contract for building the new schoolhouse has been awarded to Elliot & Sage for about \$2900, and is to be completed by September 1. The building is to have two rooms with a seating capacity of 52 each. The two rooms are to be separated by folding doors and has a stage 10x20, so that when Table Rock frowls to be a town we won't need an opera house.

Mrs. McKay and her two daughters and son, of Medford, spent Sunday at the home of Mr. Lydiard.

## GOVERNMENT DISMISSES SUIT AGAINST ROADS

ST. LOUIS, Mo., June 28.—On motion of United States District Attorney House, the government's suit to enjoin 25 Western railroads from raising their freight rates was dismissed yesterday.

The action of the government in asking that the suit be withdrawn is a result of an agreement reached at a conference between President Taft and the presidents of a number of railroads shortly before the rate bill was passed.

The injunction restraining the railroads was granted at Hannibal, Mo.

Teddy Jr., at Santa Barbara. SANTA BARBARA, Cal., June 28.—Theodore Roosevelt Jr. and his bride arrived here today. They went immediately to apartments that had been reserved for them.

Roosevelt stated that the length of his stay in Santa Barbara had not been determined. After reaching his apartments he denied himself to all callers.

## False Teeth: False Alarm.

WINSTED, Conn., June 28.—Mrs. Max Hampe of Bristol rushed to Dr. B. M. Whipple and told him she was sure she had swallowed her false teeth in her sleep. She said she could feel them in her interior. The doctor told the woman that she had not swallowed her teeth. She returned and found the teeth on the floor of her room.

## POSTAL TELEGRAPH CO. ENJOINS BELL TELEPHONE

LAS CRESSES, N. M., June 27.—The Postal Telegraph company has obtained an injunction against a subsidiary Bell Telephone company in N. M. for violation of a contract which the Postal company made with an independent telephone company last July for five years, by which the Postal company reached the number of towns in New Mexico by an extension of its service from El Paso to Silver City, N. M. That contract still has more than four years to run. A few weeks ago the New Mexico subsidiary Bell Telephone bought out the independent telephone company, with which the Postal had its contract. Then the subsidiary company notified the Postal that the contract would be repudiated July 1 and connection cut off. The Postal company has obtained an injunction against such repudiation from the district court at Silver City, and has set up that this action is due to a conspiracy between the Western Union and the Bell Telephone company to suppress telegraphic competition between El Paso, Silver City and intervening towns and other parts of the country. The validity of the combination of the American Telephone and Telegraph company and the Western Union is directly attacked.

## HAS COMPLETED COUNT OF ALASKA TERRITORY

SEATTLE, Wash., June 28.—Dr. C. D. Scott, census enumerator for the district of Kuskokwim, Alaska, is in the city, with the completed count of his 5,000 miles of territory, which he will forward to Washington at once. Scott arrived on the steamer Senator from Nome yesterday.

To gather the figures for the 1910 census, Dr. Scott traveled 5000 miles in the dead of winter by dog sled, through the wildest and most unsettled country in the north. At one point it seemed impossible to go forward, while to remain idle meant death. His native guide and dog driver refused to go any farther at the end of the second day of a blizzard. Strapping his guide to the sled and urging his dogs on, the doctor finally made a camp 70 miles distant, at the end of the fifth day of the storm. The team had had nothing to eat during the entire five days and collapsed when shelter was reached.

Dr. Scott has spent 12 years in Alaska and in his professional calls had become injured to the fearful hardships of the north.
