

When Rightable Things Go Wrong In Office or Home, Want-Advertise Them Right Again

3000 CARS FRUIT GRAND VALLEY OUTPUT

GRAND JUNCTION, Colo., July 1.—The latest estimates made for the railroads indicate that the Grand valley will ship nearly 3000 cars of fruit this season instead of a little over 2000, as was at first feared after the first frosts.

Pallade alone has made a requisition for 1045 cars, and will have more than sufficient fruit to fill them, too, as there is much more fruit on the trees this season than a year ago.

The Rifle district is figuring on shipping 365 cars, while Grand Junction and Fruita will ship more than Pallade, taking the two sections together.

The railroads have promised to deliver 1500 cars in the Grand valley by Aug. 15, at which time the heavy shipments begin from the Pallade district.

Last year the car shortage on the western slope caused considerable trouble to the shippers, but the railroads promise that this will not be repeated.

Preparations are being made to center the refrigerator cars of the big companies in the Grand valley when the movement of peaches begins and keep them there for the use of the Grand valley until the last apple is sent to market.

PETITIONS FOR ASHLAND NORMAL FILED IN SALEM

Third Normal School Measure Proposed This Year—On Ballot Twenty-one Measures Will Be Voted Upon.

SALEM, Or., July 1.—Petitions initiating a bill providing for the maintenance and support of a normal school in southern Oregon, to be located at Ashland, were presented for filing at the office of the secretary of state yesterday afternoon.

The Monmouth normal school measure was filed early, followed last week by a bill initiating a measure to provide for the support of a school at Weston, in eastern Oregon.

Petitions were also presented yesterday for an act which proposes to create the county of Deschutes, making Redmond, now in Crook county, the county seat.

Sufficient names were also added to the petitions presented earlier which call for the establishment of a new division line between Washington and Multnomah counties.

Twenty-one measures have now been filed and will come before the people for action at the next general election November 8.

MAN HAS KILLED OVER 2000 BEARS IN NORTHWEST

SPOKANE, Wash., July 1.—Tom Hopper, who has killed more than 2000 bears in California, Washington, Oregon, Idaho, Montana and the province of British Columbia in the last 35 years, has returned to his home in Spokane from Kingston, Idaho, with the pelts of four bears, including the largest cinnamon bear ever killed in Idaho, and two cougars, the result of three days' work with a pack of hounds.

The big bear was killed on Pine creek, south of Kingston, after a lively battle, in which several of the dogs were severely pawed. The hounds were game, however, and stood their ground till Hopper reached the scene and dispatched the big fellow with a head shot.

The other three bears and the cougars were bagged without much difficulty, though Hopper admits that one of the black bears showed a lot of fight. The veteran has killed several thousand cougars in the Pacific and northwestern states since 1890, his largest bag in one year being 739, killed in Eastern Washington and Oregon and Northern Idaho and Southern British Columbia.

CHURCH MEN ASK THAT BIG FIGHT BE STOPPED

LOS ANGELES, July 1.—The Church Federation and the Federation club of Los Angeles today wired Governor Dickerson of Nevada an expression of their regret that he will permit the Jeffries-Johnson fight to be held in his state. The message declared that if he makes no effort to prevent the battle, reproach will be brought upon the American republic, contempt upon the Nevada, and moral obloquy upon him.

The Church Federation today aligned itself with the other churches and civic organizations that have combined to put an end to the boxing game in Los Angeles. Its members will use their influence to secure the passage of a new city ordinance prohibiting the ten-round no decision bouts now permitted here by law.

Haskins for Health

Owing to the adjustment of water rates, this office will not be ready to receive water rents before the 5th of July, at which time rents will be due for the months of June, July and August.

ROBT. W. TELFER, City Recorder.

Modern Life Would Be Too Hard On the Nerves if It Were Not for Want Advertising!

The pace of life has become tense. Worries, disappointments upset at home and office, losses, discouragements seem to multiply as daily life becomes more complex. The property owner, who MUST have a steady income from rentals, is "racked" by the untimely defection of a tenant.

BINDER COURSE PAVING LAID

Clark Henry Company Begin on West Tenth Street to Complete Paving—Soon to Lay Top Dressing.

The Clark-Henry company is pushing the work on West Tenth street and will have the binder in place to the junction with Oakdale by Friday afternoon.

Work was commenced Thursday on the concrete foundation on Holly and the first block was completed. The R. R. V. railroad will have a bunch of work to do bringing the track down to grade, and will commence operations next week on the improvements.

As soon as the binder is laid on West Tenth the finishing course of the pavement will be laid and the street finished as rapidly as possible.

Engineer Foster and Mayor Canon are "on the job" every day, and are watching the progress of the work very carefully.

ORCHARDISTS TO FORM LARGE NEW UNION

NORTH YAKIMA, Wash., July 1.—A big fruitgrowers union embracing the whole Yakima district, is a plan under way which is expected to crystallize at a meeting next Saturday at the Courthouse. The plans are to get the ranchers to work in harmony in the marketing of their crops, following the example of the fruit shippers who are organized. With all the business of marketing and marketing the crops controlled by themselves there will be no chance of great loss by outbidding one another.

Ultimately the plan contemplates for one rancher starting out the series of local unions, centralized at a central point, which shall net together in all matters pertaining to the harvesting and marketing of all fruit. It looks, also, to a series of associations, operated by the growers themselves, to use all fruit not finding a ready market in a green state. The recent sale of Weber-Russell canners to a California syndicate, and the declaration of the new owners that they would not operate the cannery this year, will work a hardship, it is claimed by the fruitgrowers.
