What the Merry Widow is to light opera, Thaviu and his wonderful organization of musicians and Russian dancers is to the world of band music. Wherever Thaviu has appeared the public has given him an ovation. More than half a million people have listened to his band at Idora Park and in San Francisco during the past six weeks. So great was the impression created by his band that negotiations have practically been closed whereby the great Russian conductor will return to this country in 1915 with a band of one hundred players which will form the official band at the Panama Canal Exposition in San Francisco.

The incomparable band which Thaviu now has with him on tour, together with the Russian dancers and grand opera soloists, will have one open date between San Francisco and Portland and this day is to be given to the local music lovers. Popular prices will be charged and the concerts should be greeted by crowded houses. The advance sale indicates that this will be the case. The programs will be of a character to suit all tastes. They will include the latest two-steps and stirring march numbers. They will offer the best known overtures and fascinating Russian music.

The vocalists, including the famous baritone, Max Ring, and the prima donna, soprano, Annette Woodwards, will give splendid selections. The entire organization will appear at the auditorium next Thursday night under the management of the Southern Oregon Chautauqua Assembly. 92

BUSINESS CONDITIONS.

(Extract from editorial, New York Herald, May 30, 1910.)

The only unfavorable element in the situation is the unfavorable attitude of federal lawmakers and state officials towards the railroads and the spirit which would prevent the companies from moderately advancing their charges to offset the increased cost of operation. When the manufacturer is obliged to pay higher prices for raw material and increased wages he does the only possible thing in the circumstances and correspondingly raises the charge for his product. The railroads are obliged to pay increased prices for supplies and higher wages, and it is only reason that they should get more for what they sell, namely, transportation.

That they are impelled to raise their charges is plain from current traffic returns showing increased gross takings, while costs of operation have increased in still greater ratio, with resulting decrease in net earnings. Unless the greatest of all industries is permitted to prosper the country cannot be prosperous.

WALK WITH EASE

Dr. Manns, the chiropodist and foot specialist, has arrived in town and is prepared to remove corns, bunions, ingrowing toenails. I have the only bunion cure in the world without a surgical operation.

Little Essay of Human Interest About Corns.

Corns were discovered by Lord Cornwallis at Cornwall in 1738. Corns are composed of fibrils, red pepper, toothache, rheumatism, volcanos, nerve-ness, heartburn and insomnia all piled up and jammed together with a pile driver. A corn is a second cousin to the appendicitis. There are too many of such things. They should be cut out, but Dr. Manns don't cut them out—he removes them without blood or pain—no bad results. Corns are an abomin-

ation and a burning shame. They will drive a woman to the chiropodist and a man to drink. They will drive a man crazy if he has any other troubles; they will drive a four-horse team if they are sore and irritated. Free consultation. All work guaranteed. Room 4, Palace Hotel. Roseburg, Ore., June 3, 1910.—I heartily endorse Dr. Manns. He has removed corns from my feet and thereby not only cured the corns but cured my rheumatism, from which I have suffered for a long time. Dr. Manns' work was highly satisfactory.

CHAFING DISHES

With an ALCOHOL Lamp you must fill the lamp, adjust the wick, strike a match, and be very careful not to spill alcohol on the table top.

With ELECTRICITY you insert the plug and turn the switch. When this is done you can devote all your attention to the recipe.

We have the ELECTRIC kind, made by the General Electric Co. Ask us about them today

A Wonderful Discovery for Medford.

"Cleanliness is next to Godliness." Mr. Allen's Portable Bath Apparatus is a marvel. It combines in one simple, inexpensive apparatus all the advantages known to modern bathing. Heats sufficient water within six minutes at the cost of only 1 cent. A bath can be taken in any room without the possibility of soiling carpets or rugs. Only one can understand the real merits of this bathing apparatus by having it demonstrated to you. Mr. H. Fox, who has the exclusive agency for Jackson county, will visit the homes of Medford and vicinity and demonstrate it. When he comes to your home, invite him in, and he will show you the merits of this 20th century invention. It is on exhibition at Strang's drug store. GO AND SEE IT.
