

PLAN TRIUMPH FOR JOHNSON

Chicago's Negro Colony Plans That Li'l Artha's Reception Will Discount Little Blowout Given One Teddy Roosevelt.

CHICAGO, July 6. — Jack Johnson's entry to Chicago will be a triumph. Johnson's dusky kinsmen and followers will figuratively put one over on anything the Romans were able to do in the way of "welcome home" to an emperor or triumphant general, and Teddy Roosevelt's little journey to Africa and return will be a small noise compared with "Li'l Artha's" reception.

There will be brass bands and negro delegations. There will be luscious red and yellow and green and pink and blue carpets dotted with purple and peacock blue stars for the conqueror of Jeffries to walk upon when he alights from his train. And more negroes.

Mammy Johnson will spread a conglomeration of possum, chicken and ice cream before her lordly son and "Yuh jess orter see mah boy eat ice cream; he jess loves it."

The negro population of Chicago, which is some population, will be there strong. They will come afoot, horseback, and some will be distributed in 100 or more automobiles decorated in the champion's colors of peacock blue and hen's egg yellow.

Every negro organization in the city plans to participate in the homecoming of the champion knock-out of the world. At that Jack Jasper Johnson could give every man who welcomes him a dollar and still have some left to invest in the realty projects his mother is planning for him.

One of the first investments of the negro will be a steel and concrete garage back of the Johnson residence to house the gasoline chariot of the dusky warrior.

Jack's program for the week's end is a journey to New York, where he will appear for a week at Hammerstein's and flash his golden grin at the audience. After that theatrical appearance he will return to Chicago for the remainder of the summer. Johnson will start on a theatrical tour in September.

SHERIFF REFUSES TO OBLIGE THE GOVERNOR

RENO, Nev., July 6. — A legal point that promises interesting developments has arisen today over the refusal of Sheriff Ferrel to obey an order of Governor Dickerson calling for the release from the county jail of Douglas Shelor, a newspaper man, who was sentenced to 48 hours' imprisonment and to pay a fine of \$400 for contempt of court. Dickerson held that the court erred in finding Shelor guilty and said this was a step toward judicial control of the press.

Sheriff Ferrel claims that the governor has no jurisdiction in the case. Shelor's term began at noon Sunday and ended Monday noon, but he was not released because he had not paid his fine. The alternative is 200 days in jail and the sheriff is holding Shelor pending compliance with the court's order.

Governor Dickerson is expected to take further action to enforce his ruling.

THE SOUTH POLE.

This Point of Interest Affords Novel Table Decoration.

Something new and exciting must be found nowadays for up to date children's parties in addition to the ordinary games. Presents and favors are always popular, and if they can be made to illustrate some scientific discovery of the day so much the better.

Now that we have decided that Dr. Cook did not discover the north pole and that Commander Peary belongs the honor, our minds are now at rest concerning this much disputed piece of territory. The south pole is now the object of interest, and an Englishman by the name of Scott is about to start in search of it. The discovery of the south pole makes an instructive and novel feature as a centerpiece for the supper table at a child's party. The illustration shows such a decoration. It will be noticed

that a flag is not placed at the top of the "pole," for no one has yet been able to get there to plant it. This may be now duly accomplished in the course of a very few years. Even the local penguins are not forgotten, and a small group of them can be seen on the left of the picture. The erection can be easily carried out in white art muslin thrown loosely over the pile of favors to be distributed, affording the unevenness necessary to suggest the various blocks of ice. The "pole" itself is made of flowers, and heads of white daisies or chrysanthemums are scattered over the muslin. This novel method of concealing the gifts before they are distributed is much appreciated by the small guests. In among the foliage edging the base of the design may be placed fairy lights or small variegated electric lamps, which brighten up the general effect.

LABOR LIFTS FOUND IN PAPER

Wet in water, they clean out the stove oven splendidly.

Crushed newspapers are splendid to clean lamp chimneys.

To wrap furs and woollens in for the summer they are good.

They can even be used for an iron holder in an emergency.

Newspapers dipped in lamp oil are splendid for cleaning windows.

Irons not much soiled can be rubbed on old newspapers and thus made fit for use.

To wipe up spilled water or grease from the floor they save the wringing out of a cloth.

There is nothing better for using under carpets than old newspapers, as moths do not like printer's ink.

Dipped in lamp oil, they are splendid to rub the outside of the tin dishpan. They keep it bright and shining.

Torn in shreds, slightly dampened and scattered over the carpet, they keep down the dust when sweeping.

To clean the sink of its grease and sediment nothing is better, for the greasy paper can be at once burned after use.

Many times folded they will serve as a mat to stand hot and blackened pots or kettles on and thus save soiling the kitchen table.

The kitchen stove is kept bright and clean by rubbing it briskly after the cooking of each meal with old papers and thus saves many polishings.

American Beauties Costly.

Don't pout, please, if he doesn't send you a sheaf of American Beauty roses this winter!

If he's wise he won't tell you that you remind him of a red, red rose. He will limit his metaphors to modest violets, sweet hyacinths or even lilies of the valley, for roses, if they are the American Beauty kind, will prove a rather costly form of sentiment.

The Smart Waist Frill.

The illustration shows a charming stock and side frill of white lawn and crochet lace. To a strip of Irish insertion an inch and a half wide, ex-

tending from throat to waist line, are gathered two ruffles of the lawn edged with narrow Irish lace. The collar is of the same lace and lawn, and it may be worn with the frill or used as a separate stock.

HEED THE WARNING.

Many Medford People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brick dust," sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Medford people recommend Doan's Kidney Pills.

Mrs. Jennie Sevey, 1023 Ninth St., Medford, Or., says: "I first used Doan's Kidney Pills while living in Idaho. I had suffered a great deal from kidney trouble and I was subject to severe attacks of pain in the small of my back. The kidney secretions also passed irregularly and showed that my kidneys were at fault. Doan's Kidney Pills relieved me promptly and finally effected a cure. I am now in good health and my kidneys do their work as they should."

What the Merry Widow is to light opera, Thaviu and his wonderful organization of musicians and Russian dancers is to the world of band music. Wherever Thaviu has appeared the public has given him an ovation. More than half a million people have listened to his band at Idora Park and in San Francisco during the past six weeks. So great was the impression created by his band that negotiations have practically been closed whereby the great Russian conductor will return to this country in 1915 with a band of one hundred players which will form the official band at the Panama Canal Exposition in San Francisco.

The incomparable band which Thaviu now has with him on tour, together with the Russian dancers and grand opera soloists, will have one open date between San Francisco and Portland and this day is to be given to the local music lovers. Popular prices will be charged and the concerts should be greeted by crowded houses. The advance sale indicates that this will be the case. The programs will be of a character to suit all tastes. They will include the latest two-steps and stirring march numbers. They will offer the best known overtures and fascinating Russian music.

The vocalists, including the famous baritone, Max Bing, and the prima donna, soprano, Annette Woodwards, will give splendid selections. The entire organization will appear at the auditorium next Thursday night under the management of the Southern Oregon Chautauqua Assembly. 92

BUSINESS CONDITIONS.

(Extract from editorial, New York Herald, May 30, 1910.)

The only unfavorable element in the situation is the unfavorable attitude of federal lawmakers and state officials towards the railways and the spirit which would prevent the companies from moderately advancing their charges to offset the increased cost of operation. When the manufacturer is obliged to pay higher prices for raw material and increased wages he does the only possible thing in the circumstances and correspondingly raises the charge for his product. The railways are obliged to pay increased prices for supplies and higher wages, and it is only reason that they should get more for what they sell, namely, transportation.

That they are impelled to raise their charges is plain from current traffic returns showing increased gross takings, while costs of operation have increased in still greater ratio, with resulting decrease in net earnings. Unless the greatest of all industries is permitted to prosper the country cannot be prosperous.
