

BRITISH UPON RACE RIOTS

English Press Unanimously Excuse Disorders in America Following Reno Prize Fight—Slap Is Taken at Roosevelt

LONDON, July 6.—Although depicting race riots in many American cities and towns following the Jeffries-Johnson fight, the London papers almost unanimously excuse the disorders.

The usually anti-American Globe, commenting on the riots and lynching bees, following the fight, says:

"Our sympathy runs more to the man with the rope than to the blatant blacks. It is against human nature to expect white men to accept the negroes' insolent assertion that Johnson's victory established the superiority of the blacks, without instant protest.

Sympathy With Whites.

"The Reno contest was the most injudicious one ever permitted, and the racial effects will continue for years.

"The Americans are the trustees of the predominance of whites over blacks, and we believe they will prove true to their trust."

Many of the papers deplore the fact that a white man should have consented to meet a negro and some reiterate the condemnation of former Champion Tommy Burns for ever having consented to meet the negro in the prize ring for a few paltry dollars.

The Star takes a fling at the presence of women in the fight arena, saying:

"When next we are shocked at the spectacle of Spanish women at a bull fight we must remember that in an Anglo-Saxon community women watched two nearly naked men fight until one was pounded insensible."

The Star also takes occasion to "josh" Colonel Roosevelt for his Guild Hall speech, reciting the colonel's statement that a nation's first duty is to preserve order.

Slap at Roosevelt.

"His complacency must be shaken," says the Star, referring to Roosevelt. "We await to see whether he will apply the criticism of England's conduct of affairs in Egypt to his own country. It is a pity that Americans are not cultivated in the art of taking sporting defeats in a dignified manner in minding their own business politically."

The Star finds comfort in the fact that Sir Elton Gorst is not to be removed from the position of British agent in Egypt, saying: "Roosevelt allowed himself to become the catspaw of a cabal against Gorst and did much to kill the liberals' confidence in him."

LIGHTED CIGARETTE BURNS UP TOWN

FRESNO, Cal., July 6.—Laton, south of Fresno, was partially destroyed by fire late yesterday with a loss of \$75,000. A hotel, three stores, four residences and several other large buildings were burned.

When the fire broke out most of the residents were at a picnic half a mile away. It was only their speedy return and their organization into a bucket brigade that saved the entire town from destruction.

A lighted cigarette, carelessly thrown in the bedroom of a hotel, is believed to have caused the fire.

LOST LITTLE ONE IS FOUND

Feared Five-Year-Old Had Been Carried Away by Panther—Three Days' Search in Forest Near Bellingham Successful.

BELLINGHAM, Wash., July 6.—After 100 men and women, headed by Mr. and Mrs. W. R. Kline, had hunted for forty-eight hours through the forest covered mountains in the vicinity of Canyon Falls for six-year-old Danny Kline, the child was found today near the head of Lake Whatcom, several miles from the camp.

The boy was unharmed, though very weak from a two-day fast. It was believed that he had been killed by a cougar as many of the animals infest the district.

BELLINGHAM, Wash., July 6.—Hoping against hope, continuing the search in order to save themselves from insane grief, they know must come some time, Mr. and Mrs. W. R. Kline are heading a party of 100 men and women who for 48 hours have been beating the bush in the vicinity of Canon Falls, 20 miles north of this city, in the vain endeavor to find their 6-year-old son, Danny. That the child has been carried away by a cougar is practically certain. Many of these animals roam the rough country through which Canyon creek flows and there seems to be no other explanation for the mysterious disappearance of the baby. Mother and father are almost exhausted as a result of their long search.

Panic on Fourth.

Little Danny, with his mother and a party of friends, left on July 4 for an outing at Canyon. About 4 o'clock in the afternoon the lad was missed. Shortly before the cries of a cougar were heard in the canyon above the picnic grounds.

A search was made, but no trace of the boy could be found. Soon the parents became thoroughly alarmed and news was sent to the nearby towns for men and lanterns. All through the night the bush was beaten. The dense forest that spreads over the rough country was gone over by the searchers.

It is believed that a cougar pounced upon the child at the outskirts of the camp, crushed the young victim and carried him off before he could cry out.

Bloodhounds Aid Search.

Bloodhounds were brought to the aid of the searchers yesterday, but after a night in the woods they have been unable to get on the trail. The dogs showed every indication that the scent of an animal had been found and not that of a human being which they had been accustomed to follow. Hope is practically gone, but the searchers are continuing their hunt in the hope that the boy will be found alive.

BAR PICTURES FROM FRISCO

Churchmen Begin Movement to Keep Fight Reproductions Out of Bay City—Supervisor Censors Have Already Cut Out Many.

SAN FRANCISCO, July 6.—Churchmen here have begun a movement to bar the Jeffries-Johnson fight pictures from San Francisco. Attorney J. E. White of the Church federation declared today that he believed a municipal ordinance is in force forbidding the display or reproduction of crime.

The church men will proceed under this ordinance and upon the contention that, as Governor Gillett prevented the fight from being held in California because it was a felony under the law, the display of the pictures would be a reproduction of the felony.

Representatives of the mayor and the board of supervisors today declared that the churchmen may spare their efforts, as a board of censors, appointed by the supervisors, will pass upon the question and that if the pictures are found to be subversive to the general public morals the censors will bar the pictures.

It was asserted that the censors already have barred more than one-fourth of the pictures brought in by moving picture companies.

JEFFRIES MAY BE BLIND.

recover his sight.

"I won't say a darn thing about anything to anyone," pugnaciously declared Jeffries at a late breakfast or early luncheon at a local restaurant today, following his arrival with his party from Reno.

The "California Bear" was not feeling particularly well in body or spirits and his conversation was confined to the foregoing phrase with a later remark as he was plied with questions, that "I guess I can get along without newspaper men now."

Jeffries probably guesses right, for Dewitt Van Court, who was with Jeffries, said that Jeffries had deposited a check for \$40,000 in a local bank and still had a little more to put away when he reaches the southland. Jeffries will go to the Piedmont baths for a time to recuperate and then will retreat to his ranch at Burbank.

The Best Ranch On Evans Creek

This sounds like all advertisements, but if you will inquire of any of the citizens in the neighborhood or at Woodville, they will make the same assertion.

On account of our extensive plans for the development of our 640-acre orchard at Woodville, we have decided to sell our Sunnyside stock and hay ranch of 173 acres on Evans creek.

If you want deep, rich, black soil with irrigation for an alfalfa and stock proposition, an ideal location for raising horses, cattle and hogs, joining an unlimited outside range with abundant water and feed, this surely will fill the bill.

120 acres now in alfalfa, wheat, oats, vetch, corn and beans, balance deep red soil, partly timbered with oak, making a good fall pasture for hogs; 25 acres of this will make a fine orchard tract with very little expense.

Perpetual and exclusive water right to all the water in May's creek; good six-room house, surrounded by oaks and laurels; new framed barn just completed, 12x34, with 20-foot posts, accommodating 12 horses, 65 tons hay, 2000 bushels grain and all wagons, farm machinery, tools and workshop; large hay shed, running water in corral; ranch fenced and cross-fenced with age wire. Quarter mile to school; R. F. D. and Woodville grocery delivery daily; Home telephone system in operation August 15.

To effect a quick sale we have put the price at \$100 per acre, half cash, balance three years at 6 per cent.
