GILLETTE COMPLIMENTS M'CARTHY FOR STAND

SACRAMENTO, Cal., July 7.—Declaring that he is confident the local authorities in cities throughout California will follow Mayor McCarthy's example and refuse to allow the exhibition of the Jeffries-Johnson fight pictures, Governor Gillette today said that he would take no official action.

"Mayor McCarthy's action in stopping the pictures in San Francisco put that city in a very favorable light and I congratulate the mayor," said Governor Gillette. "All cities in the East must follow San Francisco's lead or stop knocking San Francisco as a big city wicked, the Paris of America, etc."

"The interest in the fight was exaggerated into hysteria. Now comes the national reaction, following the collapse of that hysteria." The governor intimated that the prejudice against the pictures might not have been so general and so pro-

WE DON'T HAVE EARS.

The Latest Idea in Fashionism is to Conceal the Auricular Orifice. Artists both ancient and modern have always considered the ears as unsightly members of the human anatomy.

is to fix the hair so that it is flat in front and draped over the ears in a becoming fashion.

The real turban style of hairdressing no three artists do alike. The hair may be loosely braided and wound around the head, or it may be twisted into a rope and placed from nape of neck to forehead in as near a circle as the head will permit.

RULES FOR THE GUESTS.

The girl who goes to other people's houses as a guest either for a fortnight or a week end should be careful about remembering certain things.

Mr. and Mrs. Stenwells, lately of Chicago, but now residents of Klamath Falls, and Mr. Alt arrived here Thursday morning.

If you are a guest observe these rules:

Be punctual at meals.

Don't make engagements until you consult your hostess.

Don't write to friends and ask them to call until you are sure that such visitors will be welcomed by your hostess.

Don't have your breakfast taken to your room unless the hostess urges it.

Don't fail to provide your own writing paper, stamps and pen.

Carry your own soap and washcloth.

Don't follow your hostess in all her tasks. Let her have some time to herself.

Don't stay beyond the day set for your departure unless something unusual happens or your hostess urges it.

Take a half hour every morning for putting away your clothes and straightening your room. Don't leave everything to the housemaid.

Attend to your own laundry and be prompt about paying for it.

Things Worth Knowing.

New bread may be cut quite evenly if the knife is very slightly heated.

Never put salt into soup when cooking until it is skimmed, as salt prevents the scum from rising.

When baking cake or bread if the oven gets too hot the temperature may be reduced by placing a pan of cold water in the oven.

In preparing bread for toast and for sandwiches, where the crust is to be removed, try using a pair of sharp scissors to trim the edges. It takes much less time and makes a neater job.

Keep a pair of scissors in your kitchen especially for this purpose.

Before cooking canned goods place in a colander and drain off all juice and rinse with cold water.

The seasoning must be supplied with good fresh butter, milk, salt and pepper.

Leave no canned goods in a can that has been opened. Remove at once. This may rob the vegetables of some good value, but it is safest and best to do so.

Norwegian Rice.

For a Norwegian way of serving rice cook it till tender in boiling water, then drain off any superfluous liquid around it and add enough chicken stock to moisten it a little. Cook it again until thick and dish it. Sprinkle with chopped chicken livers, scrambled eggs and grated cheese. The dish should be highly seasoned with pepper, salt and any desirable seasonings.

CURTISS TO TRY AND MAKE 50-MILE FLIGHT ON BEACH

ATLANTIC CITY, N. J., July 7.—After several test flights in the last few days, Glenn H. Curtiss today said that he expected to attempt a 50-mile flight along the beach this afternoon.

A large purse has been offered by banded hotel men for a 50-mile flight over the sea in sight of person on the board walk.

Curtiss said that he would also attempt speed flights around designated stake posts in an endeavor to establish a record.

It is believed that Charles Hamilton, who recently made a sensational flight from New York to Philadelphia and return, will also attempt the flight.

THE BIGGEST RETAIL BUSINESS IN THIS CITY COULD BE CREATED BY ADVERTISING EXCLUSIVELY IN THE MAIL TRIBUNE.

No business of any moment could be built up in this city WITHOUT THE PATRONAGE OF THE READERS OF THE MAIL TRIBUNE.

ANY BUSINESS which persistently seeks and secures the patronage of THE READERS OF THE MAIL TRIBUNE can be made BIG ENOUGH TO SATISFY ANY BUSINESS AMBITION—any mercantile aspiration.

If there is any wisdom in CONCENTRATION, then there is wisdom in a one-newspaper campaign of publicity. Such a campaign is AIMED AT SOMETHING DEFINITE—it has direction, objective. There are no wasted expenditures—no experiments, no advertising to prove your "friendliness" to some cause, or faction, or interest.

The patronage of the Mail Tribune readers can "make" any store—any enterprise—in this city. THE LACK OF IT CAN QUICKLY UNMAKE ANY STORE OR ENTERPRISE IN THIS CITY.

And, more and more, the Mail Tribune's readers are coming into the self-interest habit and practice of buying things that are advertised in the Mail Tribune. For they are realizing—more of them every day—that the firms that advertise in their newspaper are rendering them a REAL SERVICE. And they APPRECIATE it.

Double Your Business--- Let In The Sunlight

Suppose you knew a man who kept his shades drawn tight all day and burned kerosene instead of letting in the sunlight.

Suppose you knew a man toiling along a dusty road who would not accept a lift—when there was plenty of room in the wagon?

Suppose you knew a miller—with his mill built beside a swift-running stream—who insisted on turning the machinery by hand.

All foolish, you say? And yet look around you—how few retailers take advantage of the great advertising campaigns run by food, textile, cloth and every other manufacturing line that you can name.

Think a moment! What was the last advertisement you read and wondered just which store in town would be progressive enough to have the goods in stock so you could see them—and purchase?

More goods are sold under the evening lamp at home than you dream of.

Practically every live retailer advertises in his local papers. But how?

Put up your lightning-rod! Let your customers know that you can deliver to them the goods which great advertising, paid for by manufacturers, has interested them in.

They will get the habit—and you will get the business.

Practically every manufacturer stands ready to help you help yourself. Ask them for electrotypes suitable to run in your own advertising. Hook their trade mark to your store.

Consumer demand for advertised goods is now divided broadcast among all the stores in town.

Use your advertising in local papers to focus this demand upon your store—And don't forget to send for those helpful electrotypes.

Read this again, for it means money to you.
