

COURT HALL IS LOOKING FOR NEW WORLDS CONQUER

Medford Puts It All Over Eugene, and Is Now Looking for Some Opponent Worth While—Sunday's Game Was a Walkaway.

It wasn't any nice way to treat visitors to give them the trouncing that Medford gave Eugene Sunday. The slaughter was awful. Seventeen times did the gong ring for Medford and twice for Eugene, and the scorer's arm is sore this morning from the exertion.

The record crowd in the history of the ball park, excepting possibly when Grants Pass and Medford played that great 14-inning game, with Cooper and Pernoll as opposing pitchers, attended the game, as the fans were looking for a closely contested game.

In the first inning the hopes of those who had bet on Eugene went glimmering. For Eugene, Paine struck out; Hobbs hit to right, but underestimated Wilson's whip and was trapped trying to steal second. Clarke, who has a reputation for swatting the ball, was allowed to ramble, and Brown was thrown out, second to first. Clarke, by the way, was struck out by Coleman the next three times up, for the first time this season.

In the fourth the visitors scored for the "first and only." Hobbs perambulated, Clarke struck out; Brown singled to right and two were on with one down; Campbell flew to Strain, but Chapin drew four wide ones and the bases were bulging. Hardesty sent one a mile a minute toward second, which Miles managed to partially block, but Brown and Hobbs crossed the pan before the ball could be recovered. Hardesty was caught a minute later trying to purloin that second bag. It was curtains after that. To make it more binding Medford put over four more in their half.

The way the boys played ball yesterday they would have made it interesting for many a Class B league team. Coleman had everything, and the boys never made a skip behind him. For all that the Eugene team is a bunch of hard hitters, five scattered hits was all they could get from his offerings.

Baker was batted out of the box in the third and Campbell, who started as receiver, went on the mound. It didn't make any difference, though, as the Medford willow-wielders took as kindly to his slants as they had to Baker's.

Every man on the team got a hit, among them being several for extra bags. Isaacs got a double and a triple, Wilson a double over left-field fence, Miles a triple, John Wilkinson a double. That was some hitting.

Manager Hall is now looking for new worlds to conquer. So far he has heard nothing from the California teams, Redding especially, which he is anxious to meet while he has his present team intact, but may be able to arrange a series of games later.

Hopkins walked three times and batted .500, as he was only twice at bat officially, and made one hit, which was also responsible for two scores.

25,000 COONS GREET THEIR HERO IN GOTHAM

Is Guest at Elaborate Luncheon and Then Goes to Theater to Fill En- gagement—Police Out in Force to Preserve Order.

NEW YORK, July 11.—John Arthur Johnson, negro heavyweight champion of the world, was given a reception by 25,000 of his own race upon his arrival here at 2 o'clock this afternoon.

Johnson's train was five hours late and the delay permitted thousands of negroes from adjacent towns to join New York's colored elite.

Before the train pulled in and the colored champion showed forth resplendent, the mob about the station caused the police authorities to rush mounted reserves to reinforce the 100 officers on duty. The crowds about the station's entrance were driven by the bluecoats, who established police lines. The 100 automobiles held in readiness to join in Johnson's triumphal tour through the streets were centers of disturbance and the police decided that they should be moved outside the lines.

The chauffeurs were told to "move on." The order was obeyed literally and soon the machines began circling through the streets adjacent to the station. This continued for more than one hour. Finally the police forbade the automobile parade and ordered the drivers away.

When Johnson emerged from the depot entrance the crowd gave him a noisy welcome. He was bundled in Baron Wilkins' automobile, while broad-shouldered patrolmen kept the champion's enthusiastic admirers from mobbing him in their eagerness to shake hands with him.

Johnson was carried along Forty-second street to Ninth avenue and thence to Wilkins' saloon. There he was the guest at an elaborate luncheon and later was motored to Hammerstein's, for his first theatrical appearance since the Reo fight.

Johnson had only one word to say in reply to the charges of George Little, his former manager, that he had allowed Jeffries to stay seven rounds for the benefit of the motion pictures and that he had "faked" in his fights with Stanley Ketchel and Al Kaufman.

It is an open secret that utterances on the part of Professor Wirth, on matters political are inspired by officials high in governmental service and on this account his words are looked as authoritative.

According to Professor Wirth Japan's offer thus far has been tentative but has been made officially, nevertheless. He declared that the negotiators have been vested with full authority to conclude such an agreement.

story of the mission was never given out, but it has been intimated that the United States and Mexico were on the verge of a serious misunderstanding over the affair. The special ambassador returned to Mexico with his mission unfulfilled and Zelaya soon afterward went to Europe. Violate Neutrality.

A number of difficulties arose over vessels clearing from the United States to Nicaragua. It has been charged by both sides that the United States violated the neutrality laws. Both sides have asked interference.

The latest complication threatens to appear in the meeting of the Union of American Republics soon to take place, where, it is understood, the Nicaraguans will endeavor to secure the adoption of a resolution condemning the action of the United States in connection with the Nicaraguan affair.

The whole affair has kept the state department uneasy, it is declared, and German interference, should it come, might result in really serious complications. Not only would the Monroe doctrine come to the front again, but the whole question of foreign rights in Central America might have to be threshed out.

All in all, the pleasant little note from Emperor William to his "great and good friend," Jose Madriz, is not helping reduce the temperature any in Washington.

STEAMERS SINKS; 125 PASSENGERS SAFE

ST. LOUIS, Mo., July 11.—The steamer Girardeau lies a sunken wreck in the Mississippi today near St. Genevieve, while 125 passengers who were removed from the sinking vessel were landed in safety at Chester, Ill.

The vessel went down yesterday, but no news of the disaster was received until today. It is generally believed that the craft was overloaded, although an unconfirmed report is current that the boat struck a sunken barge which had been left unmarked by danger light.

When the accident occurred the passengers became panic-stricken and rushed to the rails. In spite of the darkness the crew was able to restore order and the lifeboats were launched. In the passenger list were many women and children.

THE BIGGEST RETAIL BUSINESS IN THIS CITY COULD BE CREATED BY ADVERTISING EXCLUSIVELY IN THE MAIL TRIBUNE.

No business of any moment could be built up in this city WITHOUT THE PATRONAGE OF THE READERS OF THE MAIL TRIBUNE.

ANY BUSINESS which persistently seeks and secures the patronage of THE READERS OF THE MAIL TRIBUNE can be made BIG ENOUGH TO SATISFY ANY BUSINESS AMBITION—any mercantile aspiration.

If there is any wisdom in CONCENTRATION, then there is wisdom in a one-newspaper campaign of publicity. Such a campaign is AIMED AT SOMETHING DEFINITE—it has direction, objective. There are no wasted expenditures—no experiments, no advertising to prove your "friendliness" to some cause, or faction, or interest.

The patronage of the Mail Tribune readers can "make" any store—any enterprise—in this city. THE LACK OF IT CAN QUICKLY UNMAKE ANY STORE OR ENTERPRISE IN THIS CITY.

And, more and more, the Mail Tribune's readers are coming into the self-interest habit and practice of buying things that are advertised in the Mail Tribune. For they are realizing—more of them every day—that the firms that advertise in their newspaper are rendering them a REAL SERVICE. And they APPRECIATE it.

WHY WE DO IT.

by every one who receives it.

Our purpose in holding this contest is to acquaint the people of this section with the value of the Pianos we handle. We have convinced the manufacturers of these pianos that this form of advertising is far more effective than spending large amounts in magazine advertising.

We believe the best advertisement for a good Piano is a satisfied customer, and we believe, further, that the advertising allowance should go to the person who buys a piano, not to expensive magazines.

We want everyone to know that ours are the only stores in the West that sell the famous Chickering, the oldest and most expensive of American Pianos; the beautiful toned Sohmer; the now celebrated Lester of Philadelphia; the world-renowned Kimball, given the Highest Grand Award at the Chicago Exposition, and again at the Seattle Exposition last year; the genuine Decker, and our own Eilers Orchestral Piano, the beautiful toned Hobart M. Cable, which is so rapidly becoming a favorite among musicians, as well as the famous Autopiano, which everyone can play without practice.

We have arranged with America's foremost manufacturers to join in this publicity campaign.
