CITY TO VOTE ON A LIBRARY TAX

City Dads Order Amendment to Charter Providing Tax for Maintenance of Library Submitted to the People at Special Election.

Some time during the next week the city officials will cause the arrest of an automobile driver who has a car for hire and who has not taken out a license in the city in order to test the recent ordinance imposing a license of \$25 a year for automobiles doing a livery business in the city. To date 18 licenses have been taken out, but there is a large number of machines doing a livery business and without a license.

The city officials will test that portion of the ordinance applying to carrying passengers to any point without the city. It is stated that this portion of the ordinance is void and if so the city wishes to find it out.

SLIGHT DECLINE IN NEW YORK MARKETS

NEW YORK, July 16.—At the opening of the stock market today price changes were slight and dealings small. Canadian Pacific declined 1-4, eastern railroad stocks showed slight advances, while western stocks ran off slightly. Amalgamated Copper and St. Paul showed fractional losses.

Slight selling sent the market downward. Several leading stocks were depressed, but later made up some of the losses on encountering buying orders. Anaconda and Pullman rose 1, and General Electric 2 points. Pittsburg Coal declined 1-8. The market closed dull. Bonds were irregular.

Livestock Markets.

CHICAGO, Ill., July 16.—Hogs—Receipts, 8000; left over, 4000; market unchanged. Mixed, \$8.60@9.05; heavy, \$8.60@8.85; rough, \$8.25@8.50; light, \$8.75@9.10.

Cattle—Receipts, 3000; market, steady. Sheep—Receipts, 2000; market, weak.

KANSAS CITY, Mo., July 16.—Receipts—Hogs, 3000; cattle, 300; sheep, none.

OMAHA, Neb., July 16.—Receipts—Hogs, 5600; cattle, none; sheep, 100.

RECORDER BUSY WITH WATER TAX

Has Collected Over \$3000 of This Quarter's Rent and Has About \$2400 More to Collect—Over 1000 Water-Users Now on Roll.

The city engineer and his deputies are deep in the work of collecting the quarterly water rate at the present time and have rounded up \$3056.76 since the first of the month. There remains approximately \$2400 more to be collected, the income for the quarter being about \$5500 or \$1800 a month.

At the present time the city has a larger number of water users than ever before, there being over 1000 on the roll. A number of these are paying their water rent with certificates, having had water mains laid on their streets recently. Since January 1 water users in the city have increased 300.

This is the first month that the water rent has been collected quarterly. By making the collections in this manner it greatly facilitates the work in the recorder's office.

VIGOROUS CAMPAIGN TO SAVE THE FORESTS

PORTLAND, Or., July 16.—(Special.)—A vigorous campaign to save the forests of the Pacific northwest from the wholesale fire losses that occur during each dry season has been undertaken by the Western Forestry and Conservation association, embracing the states of Montana, Idaho, Oregon, Washington and California. The work of the association is under the general direction of Forester E. T. Allen, with headquarters here.

The association represents 13 minor associations, four of them in this state. Printed matter is being sent out and fire warnings are being issued to timber growers, millmen, farmers and others directly concerned. Officers of the association are: President, A. L. Flewelling, Spokane; secretary, G. M. Cornwall, Portland; treasurer, A. W. Laird, Pocatello, Idaho. The motto of the organization is: "Forest use supports all industries, forest waste injures all. Promote fire protection and share the gain."

In its literature now being sent out the association makes the statement that half the merchantable timber in the United States today is contained in the five states in the association, and that lumber production in the same territory is one-fifth of the total of the whole in the country. The forest protective associations which it represents already spend annually over \$100,000 for fire patrol.

The association also employs a trained forester to assist its members who control timber to install and maintain improved methods of protection, cutting and reforestation. For the aim of the organization is not only the protection of existing forests, but the judicious cutting of ripe timber and reforestation of logged off and burned over areas.

John Wanamaker could not make a success of a store in this city—either a big or a little store, and in either case with adequate capital—unless he advertised! (And he wouldn't attempt it.)

Useful Things Should Be Used --- By Someone

How many really valuable things do you own that are useless to you? How many things are simply in your way that other people would be willing to pay a fair price for? Take an "account of stock" among your chattels and "things." Privately, if you wish, sell the SUPERFLUOUS things—through a classified ad. The cost is small—so keep it "there" for a while, and your buyers will materialize.
