Metropolis of Southern Oregon and Northern California and fastest-growing city in Oregon. Population, 1910, 9,000. Bank deposits, \$2,750,000. Nothing short of cash will make an impression on a heart of stone.

The worm usually turns after it is too late to make a get-away.

The man who pays as he goes seldom gets beyond the speed limit.

Fortunately for most of us we are not compelled to follow our own advice.

Man is tow, woman a spark—and his Satanic majesty works the bellows.

When it comes to repeating itself gossip has history beaten to a frazzle.

The chief end of a man is the one when he gives the undertaker a job.

On the other hand did you ever hear of a man marrying a woman to reform her?

It's useless to go where duty calls us unless you are going to get busy after you get there.

We'll never have Government ownership until congress lets the people own the Government.

After lots of men have done their duty they hang around and wait for people to applaud them.

A woman need not doubt her husband's love if he refuses to allow her to eat her own cooking.

There is probably nothing quite so unsatisfactory as friendship that requires constant nursing.

Some times a woman keeps on telling people how smart her husband is until she naturally believes it herself.

When you bump up against something that you can't afford to do, and you can't afford not to do it, what do you do?

Every man imagines it is only a matter of time until he succeeds in putting all his enemies in the discard heap.

We know people who seem to know everything, except the fact that they don't know how much they don't know.

When a man begins to argue with his conscience as to whether a thing is right or wrong, it's safe to bet that it is wrong.

POT CALLS KETTLE BLACK.

AN amazing instance of the pot calling the kettle black has added to the gusto of the summer silly season in Oregon. The Hon. C. B. Moores in a three-column article in the Oregonian, turned scandal monger and revamped the political flotsam and jetsam of the deadlock series of the Oregon legislature of fifteen years or so ago. One had to look a second time to be sure that it was the Oregonian and not the Sunday Mercury he was reading—so similar was the literature.

The incidents may be true or they may be mere idle tittle-tattle. Mr. Moores ought to know. He was one of the "boys" who participated in the holdup. However, they are revamped at this late day for the sole purpose of besmirching the character of politicians who favor the direct primary—which the Oregonian does not. Not a word is said about those other participants and recipients and disbursts now flocking under the Oregonian's banner. Neither is anything said about the celebrated "jackpot" of \$25,000 disbursed at a subsequent session in a futile effort to elect a famous editor senator.

In support of his charges made against Colonel E. Hofer of the Salem Journal, Mr. Moores, who for his political services, was awarded with a federal job, cites as witness to Mr. Hofer's guilt, that paragon of political purity, L. H. McMahan, who, after a career of jury spotting for Francis J. Heney, and playing watchdog for the state treasury, to keep the money in Salem by blocking the construction of the Crater Lake highway, has become moral mentor for President Taft in the selection of the federal brigade.

Mr. Moores' charges had attracted some attention until it was found that meddlesome Mr. McMahan was sponsor—then they collapsed and left Mr. Moores in rather a ridiculous plight.

But the scandals of 15 years ago point a moral that does not adorn Mr. Moores' tale. They were the fruits of the convention system, of the old order of things—now impossible in Oregon because of Statement One and the direct primary law—that has shorn the politicians of their power, even as Sampson of old was shorn, when he lost his locks. And even as Sampson prayed for a restoration of his powers, the politicians are again seeking theirs, that they may pull down in ruin the republican party in Oregon—even as Sampson pulled down the temple of the Philistines.

No matter what the scandals of senatorial elections of the past have been, they cannot be re-enacted unless the people restore the politicians to power by abolishing Statement One, and as the people, who have once tasted the sweets of power, will be loth to surrender it, the outlook is dark for the politicians. But they don't realize it—Portland politicians never know what the people of Oregon want—and rush blindly to their ruin.

CALHOUN TO ASK FOR HABEAS CORPUS WRIT

SAN FRANCISCO, Cal., July 21.—On Monday next a writ of habeas corpus applied for by Patrick Calhoun, president of the United Railways company, under indictment for bribery, by which he seeks a dismissal of the indictments against him, will be returnable before the supreme court.

The writ was applied for and issued by Justice Beatty yesterday. Calhoun asks that the indictments be dismissed on the ground that he has not been tried as speedily as the law requires.

In accord with the law, Calhoun surrendered himself to the sheriff and Justice Beatty fixed his bail on the writ at \$150,000, which was furnished.

A DEAD STOMACH.

Of What Use Is It to Anyone? Thousands of yes hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

In other words, they are taking from the stomach the work that nature intended it should do, and are also refusing it the only chance for exercise it has.

Mi-o-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach

and headache will go. Mi-o-na stomach tablets are sold by druggists everywhere and by Charles Strang, who guarantees them. Fifty cents a box.
