

CENTRAL POINT NEWS ITEMS

The entertainment of Professor Eugene Knox, given under the auspices of the Rogue Elver cornet band, was one of the best entertainments witnessed in Central Point in years.

W. T. Snyder, wife and children are visiting in Central Point, the guests of Mr. and Mrs. James Shields. They are former residents of Central Point, but have been away for nine years, having resided at Ceres, Cal.

Misses Marguerite Holmes and Sarah Bebb have returned from Ashland after a delightful visit during the Chautauqua assembly.

Mrs. Moon and Mrs. A. W. Moon of this city were stopping in Medford Saturday morning.

Mrs. Gogite of Ashland visited with Central Point friends Saturday.

Dr. E. Davis has "caught the inspiration," and will, after mature deliberation and consultation with all sorts of machine owners, buy an automobile. Being a dentist, he will likely purchase one from which the spark plug can be extracted without pain.

John Y. Ramsey of Kamloops, B. C., a Pacific coast curio seeker, was in Central Point Saturday afternoon. Mr. and Mrs. C. L. Gant enjoyed a trip to Gold Hill Sunday visiting with the family of Mrs. Nan Blackburn, a relative of C. L. Gant.

Mrs. Will E. Kahler returned from Ashland, where she enjoyed a two weeks' sojourn.

Water Commissioner Purkeypile is the busiest man in all creation these days. He has more telephone messages than he can answer, to say nothing of the real face to face tongue lashings he endures over the new water service, but he is making an A 1 water boss, just the same.

BIG TIME SOON IN GOLD HILL

Everything in Readiness for Big Carnival and Water Pageant in Southern Oregon Town at End of This Week.

GOLD HILL, Or., July 25.—The committee in charge of the arrangements and advertising for the big four-day street carnival and water pageant report that everything has been completed in anticipation of the event which will furnish amusement for those who are in Gold Hill next Thursday, Friday, Saturday and Sunday.

Besides the regular free attractions furnished by the carnival company and their numerous pay attractions, there will be a pyrotechnic display on Rogue river two nights of the four, representing the famous fight between the Monitor and Merrimac. Every day but the first there will be a ball game between Gold Hill and some other southern Oregon team.

The features which the committee have added to the regular carnival program insure four days of fun, without a dull moment. Ordinarily the carnival attractions are considered sufficient to entertain a crowd, but with the water pageant two nights, the ball game on three of the days and the horse race on the second day, the forthcoming event promises to be something extraordinary in the amusement line.

Chairman Olsen of the committee in charge avers that there will be something doing every minute of the four days.

The affair has been well advertised, bills having been sent to and posted in every town and postoffice in southern Oregon. The big two-color posters bear the legend, "All Southern Oregon is Invited." It might be added that this is not only true, but with the invitation goes the assurance that Gold Hill will fully sustain her excellent reputation as an entertainer.

GRANTS PASS NEEDS A NEW CITY CHARTER

Those watching the improvements going on in Grants Pass will not be slow to come to the conclusion that the near future will show this to be the city beautiful. Broad streets, handsome pavements, and the many new business blocks indicate that we are to have a new modern municipality. There is only one thing needed above all others and that is a new modern city charter, which would enable the mayor and city council to make improvements without going over the ground three or four times. The mayor and some members of the council appreciate this, and we have no doubt but that a new charter will be submitted to the voters of Grants Pass at an early day, that is, as soon as the mayor and the city council have time to take up the matter. It is as hard to run a city with an ancient charter like the one we have as it would be to run a modern farm with the machinery of fifty years ago.

NOTICE. Plans and specifications are now on file at the mayor's office for the erection of a bandstand in the city park. Sealed bids to be received on or before July 20th, 1910. MRS. W. H. CANON, MRS. S. B. KENT, Bandstand Committee for Greater Medford Club.

CONCRETE SHED TO BE BUILT

John F. Stevens Announces That the Great Northern Is to Build Snow Shed at Cost of \$1,000,000 to Prevent Further Loss of Life.

PORTLAND, July 25.—Approximately a million dollars will be expended soon on the construction of a concrete snowshed to bring the Cascade division of the Great Northern to the requirements demanded by the interstate commerce commission, according to an announcement tonight by John F. Stevens, the head of the Hill line's Oregon division. It will extend from Leavenworth to Everett, Wash., and goes through a dangerous stretch of mountains.

It is expected that the sheds will prevent a recurrence of the disaster of last winter, when a snowslide caused a heavy loss of life.

Stevens leaves Monday for St. Paul to confer with Hill concerning plans for a half-million worth of improvements.

JACKSON COUNTY'S CREDIT IS GOOD

In the good old days you hear the mossbacks speak of when "you could raise fat cattle without feedin' 'em in their winter, and didn't have to fight seventeen different kind o' bugs to raise an apple," when one had a county warrant he chased around with it up one side and down the other of Jacksonville main street, trying to persuade somebody to give him something for it. In those days when the county treasurer advertised that he had "funds on hand," the funds were for the redemption of warrants from six to eight years old, and the interest wasn't any small figure in the final settlement. It's different now and the county is only 18 months behind and is getting closer and closer to the time when the cash or checks will be issued. County warrants now are a good investment at par or above. They are just the same as a bank note and bear interest besides.

County Treasurer Cronmiller Saturday cashed the warrant for \$1650, drawn a year and a half ago to pay for the steel vault and shelving in the county clerk's office. "The warrant was called a month ago," said Mr. Cronmiller, "and I began to think perhaps it had been lost or overlooked, but today Mrs. E. J. Kubli showed up with it. She had been away and her attention had just been drawn to the ad."

GAYNOR PLAYS FARMHAND: STACKS NEIGHBOR'S WHEAT

NEW YORK, July 25.—Mayor Gaynor pitched hay on his country place at St. James yesterday morning, saw a chance to do a neighbor a good turn and did it, though it meant some strenuous hours of work as a farmhand.

C. Melville Smith was driving by the Gaynor place, where the mayor was at work. Mr. Gaynor called the neighbor's attention to the gathering clouds and advised him to hurry along and get his wheat stacked. "And I'll give you a hand," said the mayor, as, carrying his pitchfork, he jumped into the rig.

At the Smith place Mr. Gaynor got busy and pitched wheat to Dennis Shields, who was on top of the stack. Shields, although 88 years old, is one of the best grain-stackers in Suffolk county. He and the mayor hustled and just finished the job when a thunderstorm burst. Mr. Gaynor shouldered his pitchfork and walked home.

ONE MORE BATTLE IS REPORTED IN NICARAGUA

MANAGUA, Nicaragua, July 25.—It is reported here that the Madriz and Estrada forces are engaged in battle in the vicinity of Granada and Nadaima. The reports say that Madriz defeated 400 of the forces of Estrada near Comalapa.

The places named in the dispatches are all near the shores of Lake Nicaragua and not far from Managua. The dispatches bear out others that Estrada has reached a force of men across the country for a campaign against Managua.

TO PUT A BILLION IN THE SIBERIA RAILWAY

LONDON, July 25.—The Russian government is reconstructing the Trans-Siberian railway. The total cost of the line, when the work is completed in 1915, will approximate 1,000,000,000. This includes the loss on exploitation. The chief point of interest in the vast undertaking to American travelers is the proposed connection of St. Petersburg and the European Northern railway system with the main Siberian line, the chief approach to which has hitherto been through Moscow and Central Russia, which is to cost \$44,000,000. This new line runs through the towns of Perm, Ekaterinburg and Tiurin and joins the Siberian railway at Omsk.

The most important work strategically is the Amur railway, which will supply Russia with communications with the far east, running through Russian territory alone, as against the existing trans-Manchurian (Chinese Eastern line).

The New Amur line will be about 1300 miles long and is to cost, as estimated, \$153,000,000. The doubling and improvement of the existing tracks of the Siberian railway are already proceeding in three sections, involving a cost of \$85,000,000.

CALIFORNIA BOYS INVENT SUCCESSFUL AEROPLANE

PETALUMA, Cal., July 25.—Witnesses of the flights of the Wiseman Peter aeroplane at Kenilworth Park yesterday are convinced that the machine which was constructed by two California boys, is entirely successful.

Though mishaps have marked all previous flights, yesterday's flight was perfect. J. W. Peters, who guided the aeroplane, did not try to fly at any great height, which made it all the easier for the spectators to see the aerial "stunt" of the machine. The flight lasted for nearly two hours.

AMBASSADOR HILL GOES TO THE "PASSION PLAY"

BERLIN, July 25.—American Ambassador Hill, his wife and daughter left for Oberammergau on Friday in an automobile with William Agnew Patton. Mrs. Hill and her daughter expect to be away some time, and upon their return they will accompany the ambassador on a visit to Switzerland.

James M. Beldon of Syracuse has arrived in Berlin on a visit to his son, Parry Belden, who was recently appointed third secretary of the American embassy. Mr. Belden will go to the North Cape later.

HAIR WHITE AS SNOW

Restored to Natural Color with One Bottle of WYETH'S SAGE AND SULPHUR HAIR REMEDY

The Only True Hair Restorer, Tonic and Rejuvenator ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Remedy. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky. WM. WESTLAKE, 210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR REMEDY is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR REMEDY will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR REMEDY is guaranteed to do all that it is claimed to do or the price will be refunded.
