BUILDING STRIKE ON IN CHICAGO

Trades Council Orders Walkout of Workmen on Buildings in Which Otis Elevator Company is Installing Elevators.

CHICAGO, Ill., July 27.—The Building Trades council today ordered a general strike of all workmen employed in the construction of buildings in which the Otis Elevator company is installing elevators.

Fully 18,000 men will be affected and practically every large building in course of construction in this city will come under the strike order.

The strike follows failure on the part of the national officers of the American Federation of Labor to effect a compromise. The strike order is the result of disagreement between the elevator constructors and the machinists' union on matters of jurisdiction. The Otis Elevator company backed the machinists and the Building Trades council the elevator constructors.

SEATTLE, Wash., July 27.—James Wilson, secretary of agriculture, and his son Jasper, who acts as his father's private secretary, are in Seattle today. They will probably leave tomorrow for Port Angeles for a trip through the Olympic forest reserve.

"This west is God's country, and as soon as I am through with my work in Washington," said his son, "I'm coming out here to live and get busy. Just 20 acres is all I want; ten will keep two men busy, and I'm going to raise fruit."

The Wilsons will go south through Oregon and California after visiting the Olympics.

IDENTIFY REMAINS FOUND IN GUNNY SACK

NEWPORT, Or., July 27.—It is believed today that the body of a woman found hacked to bits in a gunnysack on the beach here yesterday may possibly be that of Miss Sophia Noise of Blodgett, Or., who has been missing for some time.

Until today it was believed that the young woman committed suicide on account of a note left at the Bay View hotel, in which it was stated that she intended to throw herself into Yaquina bay. Coroner Carter said today that he believed that the note was a forgery and that the crushed and broken bones are the mute evidences of a terrible crime.

An examination of the skull today showed two fractures. A sister of Miss Noise has been notified and she is expected to reach here tonight. Sheriff Ross and his deputies are not sure that the body is that of the missing woman and is continuing an investigation on lines independent of those of Coroner Carter.

Notice. All Modern Woodmen of America will please call at room 207, Taylor & Phipps building, and learn something to your interest. By order of COMMITTEE.
